### **ABP China Builds Global Headquarters in London**

BEIJING, Sep 17, 2013 (Menafn - SinoCast Daily Business Beat via COMTEX) --ABP (China) Holding Group yesterday announced the launch of a global controlling group and the establishment of its global headquarters in London.

ABP China will expand its business centered London, developing projects in Europe and America, taking the Beijing operation as operating center in Asia, according to Xu Weiping, chairman of the Beijing-based company.

ABP China's new headquarters, with 100 headcount, will cover departments for strategy, financing, HR, marketing, media and R&D.

The emerging developer has nailed down a deal to revamp the Royal Albert Dock in London. The company agrees to build the 35-acre project into the third financial zone in London to hook Asia investment.
