Kings Knox Preaching Guides:

Using God's Resources Wisely Walter Brueggemann, 1993-01-01 New and different readings of biblical texts are one consequence of a growing awareness of the environmental crisis and how it relates to social relations especially in urban settings Walter Brueggemann explores readings from Isaiah and how they relate to the environment and urban crisis He approaches the readings as an artistic theological history of the city of Jerusalem a case study of urban environmental crisis that resulted from a lost sense of covenantal neighborliness Reflecting on Jerusalem its failure demise and prospect Brueggemann uncovers some alarming parallels in today's urban cities and offers a demanding but hopeful challenge to faith

Reformed and Feminist Johanna W. H. Van Wijk-Bos, 1991-01-01 Explores the nature and function of Biblical authority in Christian feminism Drawing on her personal experiences of an early childhood spent in the Nazi occupied Netherlands and an adolescence in a faith community with a strong Calvinist cast the author illustrates the ways in which Biblical authority undergirds and expands feminist perspectives back cover
Living Countertestimony Walter Brueggemann, 2012-01-01 This volume invites readers to get up close and personal with one of the most respected and beloved writers of the last four decades Carolyn J Sharp has transcribed numerous table conversations between Walter Brueggemann and his colleagues and former students in addition to several of his addresses and sermons from both academic and congregational settings The result is the essential Brueggemann readers will learn about his views on scholarship faith and the church get insights into his contagious charisma grace and charity and appreciate the candid reflections on the fears uncertainties and difficulties he faced over the course of his career Anyone interested in Brueggemann's work and thoughts will be gifted with thought provoking inspirational reading from within these pages

Hope Within History Walter Brueggemann, 1987-01-01 Within a culture that is presently shaped by values of hopelessness Walter Brueggemann looks at the biblical text and finds the resources for a hope within history a hope that challenges hopelessness and despair Hope within History describes how individuals and churches can grow even when at odds with their social context addresses the theological question of how we experience hope in our historical biblical context and provides a model for faith development based on our understanding of hope within history as set forth in the biblical narrative

Power, Providence, and Personality Walter Brueggemann, 1990-01-01 Prominent biblical scholar and author Walter Brueggemann studies three passages from the books of Samuel using the methods of literary criticism and rhetorical analysis He examines the ways the themes of power divine providence and David's personality cohere in the biblical narrative to explain David's rise to power and assumption of the kingship and his dominance over Saul

God Saves Rick Dale Moore, 1990-01-01 This fresh examination of the Elisha narratives found in 2 Kings 5 6 8 23 and 6 24 7 20 leads to a new interpretation of them as didactic salvation stories set against the Aramaean military threat to ninth century Israel Moore shows how an ingenious literary artistry converges powerfully with contextual dynamics to explicate the surprising and subtle saving actions of Yahweh in a troubled time Each

of the stories offers its own fresh disclosure of the time worn tradition expressed in Elisha's own name God saves The Books of Haggai and Malachi Mignon R. Jacobs, 2017-11-28 In this commentary on Haggai and Malachi Mignon Jacobs offers clear and insightful interpretation of the text while highlighting themes that are especially relevant to contemporary concerns such as honoring or dishonoring God the responsibilities of leaders questioning God and hearing the prophetic word in challenging times Engaging with the latest scholarship Jacobs provides a thorough introduction to both prophets in which she addresses questions of authorship date purpose structure and theology followed by a new translation of the biblical text and a verse by verse commentary With intertextual discussions about key aspects of the text and attention to competing perspectives this commentary offers a rich new interpretation of Haggai and Malachi **Reliable Characters in the Primary History** Paul J. Kissling, 1996-05-01 This volume challenges the assumptions that modern readers tend to make about four of the Hebrew Bible's most prominent heroes Using a form of reader response theory Kissling examines the assumption that these characters are primary vehicles of the narrator's point of view In three of the four cases it is concluded that traditional idealistic assumptions do not do justice to the textual evidence in its final form The work calls upon the reader to consider the subtlety of the means used in portraying these heroes and gives evidence for the decidedly negative aspects in their portrayals *Marking Time* Barbara K. Lundblad, 2007 Turns the biblical text loose upon the world infusing both text and world with new transformative meaning 1 Kings Gene Rice, 1990-11-27 The book of 1 Kings tells of God's covenant people wrestling with the myriad problems of political existence from the last days of David to the time of Jehoshaphat and Ahaziah during the divided monarchy Recounting the past especially in light of the First and Second Commandments 1 Kings shows how Israel's history is related to their morality warns of the danger of a divided heart calls for obedience to God's commandments and summons the people to repentance and reform It is out of these concerns for ancient Israel Rice contends that 1 Kings speaks to the present it prods us to identify the equivalent of Canaanite religion in our own society to use Israel's experience in political issues as a mirror in which to evaluate our own efforts and to look for God's presence in the arena of public life and service Indeed Rice argues the basic affirmation of 1 Kings is that all nations not just Israel are under God **Elisha and the End of Prophetism** Wesley J. Bergen, 1999-05-01 The stories of Elisha the prophet have received scant attention in recent years perhaps because they are so enigmatic This study places the Elisha material firmly within the narrative of Genesis 2 Kings and examines the effect these stories have on the reader's perception of the role of the prophet Using the narratological theories of Mieke Bal David Jobling and others Bergen shows that the Elisha stories present prophetism in a negative light confining prophets to a rather limited scope of action in the narrative world **God in the Fray** Walter Brueggemann, Tod Linafelt, Timothy Kandler Beal, This volume engages the work of Walter Brueggemann most of which has been published by Fortress Press The volume centers on the character of God in the text of the Old Testament as a site of theological tension and even ambivalence Biblical faith never experiences God as entirely

above the fray but rather as entangled in history astonishingly transformative and impinged upon by the voices of the suffering Brueggemann's monumental *Theology of the Old Testament* addresses this fact with great theological insight and rigor and the internationally renowned biblical scholars writing here engage and extend his insights into the unsettled Character at the center of the text

Narrative Art, Political Rhetoric Patricia Dutcher-Walls, 1996-01-01 Narrative rhetorical ideological and sociological methods reveal an intricately related set of meanings in 2 Kings 11 12

An Annotated Guide to Biblical Resources for Ministry David R. Bauer, 2011-04-01 David Bauer's

Annotated Guide to Biblical Resources for Ministry is without doubt the most complete and up to date practical bibliographic compendium on the Bible now available All interpreters of Scripture pastors and teachers will find the information provided here useful and accessible Especially valuable are the annotations of selected books which offer careful and informed judgments about the usefulness of the works and provide succinct but informative and accurate descriptions and evaluations of each book While Bauer is a New Testament teacher his choices and assessments in the Old Testament bibliography are as good as any Old Testament scholar could produce I do not know of any comparable work for pastors and teachers Patrick D Miller Charles T Haley Professor of Old Testament Theology Princeton Theological Seminary This is one of those rare bibliographic guides that every student of religion seminarian and minister will want to have on his or her bookshelf The focus of this guide is on biblical studies It contains entries on 2 200 books written by 1 300 scholars Annotations describe and evaluate books that are highly recommended Virtually every topic in biblical studies is noted commentaries on each book of the Bible biblical histories theologies and ethics books on the canon archaeology early Judaism and interpretive methods and technical books such as grammars concordances Bible dictionaries and atlases The great strength of this guide is not only that it provides the reader with a wealth of information but also that the format it follows is eminently reader friendly The Guide is invaluable for assisting the student seminarian or minister in building a personal library I highly recommend it Jack Dean Kingsbury Professor Emeritus of Biblical Theology Union Theological Seminary in Virginia This book provides pastors and church workers with a map for navigating the maze of biblical studies It offers an extensive list of resources with helpful comments and recommendations that help readers discover which books will be of most interest to them The consistent focus is on volumes that are attentive to faith concerns and thus most promising for use within faith communities A valuable tool for any minister or church worker committed to taking the Bible seriously Mark Allan Powell Professor of New Testament Trinity Lutheran Seminary

Covenant Continuity and Fidelity Jonathan Gibson, 2016-09-22 The core of Malachi's covenantal imagination is shaped by his reflection on an authoritative collection of source texts in the Hebrew Bible The mention of people nations and places Deuteronomic terminology and rare words and unique word root combinations exclusive to Malachi and only a few other texts encourages the book to be read in the context of received biblical traditions and texts The diversity of methodologies used previously to analyse Malachi has resulted in confusion about the significance of the inner biblical connections in the book of Malachi which Gibson clarifies His reading frees the text of Malachi from being overburdened by too many intertexts and allows its central message of covenant to arise with greater clarity and force Gibson reveals how Malachi's connections to earlier source texts are neither random nor causal rather they have been strategically employed to inform and shape his central theme of covenant continuity and fidelity

First and Second Samuel David C. Hester, 2005-06-01 Originally published Louisville Ky Geneva Press 2000

[Preaching and Music](#) Catherine E. Williams, 2025-03-31 In the current conversation around what makes preaching compelling Williams voice is

distinct compelling sermons allow music to do its share of the preaching as only music can. Whether through musically book ending the sermon drawing on popular music for illustrations or turning a hymn into a series of mini sermons this volume explores several accessible ways to enrich sermon preparation and delivery by partnering sermon and song. Williams is a worthy guide with degrees in both church music and homiletics and with sensitivity drawn from her pastoral background. With insightful clarity and practiced wisdom she engages both preachers and musicians in each chapter. This book is a rich resource for the homiletician's syllabus, the preacher's bookshelf and the music minister's library.

Ethical Approaches to Preaching John S. McClure, 2021-02-23 Different ethical situations require different homiletical responses. John McClure organizes recent literature on ethics and preaching into four ethical approaches. Does your situation require public moral leadership? Then a communicative ethic is best. Does your situation require the development of countercultural moral character? Then a witness ethic is best. Does your situation require ethical consciousness raising and organizing for social justice? Then a liberationist ethic is best. Does your situation require genuine moral conversation and the discernment of shared commitments in spite of our differences? Then a hospitality ethic is best. Each ethical approach is briefly and carefully explored, correlated with appropriate contexts and situations, and demonstrated with model sermons. The result is a useful handbook for quickly discerning what ethical approach is needed, how to preach that approach, and what to expect as a result.

Ruth André LaCocque, 2004 This volume provides a readable introduction to the narrative book of Ruth appropriate for the student pastor and scholar. LaCocque combines historical literary, feminist and liberationist approaches in an engaging synthesis. He argues that the book was written in the post exilic period and that the author was a woman. Countering the fears and xenophobia of many in Jerusalem, the biblical author employed the notion of hesed (kindness, loyalty, steadfast love) which transcends any national boundaries. LaCocque focuses on redemption and levirate marriage as the two legal issues that recur throughout the text of Ruth. Ruth comes from the despised people of Moab but becomes a model for Israel. Boaz converted to the model of steadfast love becomes both redeemer and levir for Ruth and thus fulfills the Torah. In the conclusion to his study, the author sketches some parallels with Jesus' hermeneutics of the Law as well as postmodern problems and solutions.
