 Mental Maths is the maths we do in our heads without the use of calculators and without writing down the calculation
 Mental Maths strategies are the tricks we use to do Maths in our heads There are different ways of finding the answer to any
 Mental Maths problem and such strategies are the focus of this series Even though calculators and computers play an
 enormous role in the modern world we still need to go back to the basics % we do need to know how to check that the sales
 assistant at the counter is giving us the right change Mental Maths has become more important than ever and new primary
 Maths syllabuses in Australia are reflecting this For example NSW has placed an emphasis on Mental Maths in its primary
 syllabus and even the Year 10 School Certificate examination has a compulsory non calculator section Features of this book
 include 32 double page units of Mentals are included % 8 units for each school term each unit is divided into four sets A B C
 and D of 20 questions each each numbered question covers particular Maths topics throughout the book for example
 Question 1 always covers addition while Question 20 always covers geometry a special eHelp section at the front of the book
 gives different strategies and explanations to help students solve Mentals problems These are also numbered so they link to
 the question numbers in each Mental unit a eFun Spot unit containing fun activities and a eRevision unit are included at the
 end of each 8 units extra practice sections which reinforce particular strategies appear in the lower part of each page
 Answers to all questions are in a lift out section in the centre of the book **Jacaranda Maths Quest 11 Foundation**
