the People of the Book using the Qur'an as a benchmark and standard of comparison. It explores the parallels, differences, and elements absent in both scriptures. The book reveals that not all content within the Torah is invalid; though a significant portion has undergone alteration and distortion (tahrif and tabdil). Such an intertextual study does not serve as a gateway to legitimizing religious pluralism; on the contrary, it reaffirms the concept of *wihdah ad din* (the unity of religion) as indicated in the Qur'an and the Sunnah.

Prof. Dr. H. Muhammad Galib Mattola, MA, lecturer at UIN Alauddin Makassar and a member of the Indonesian Ulema Council (MUI) South Sulawesi, discusses the importance of understanding the Torah through the lens of the Qur'an and the Hadith of the Prophet, aiming to achieve a correct understanding of the previous scriptures. Islam views religion as one of the guidances of Allah to humanity through His messengers, with Muhammad as the seal of the prophets. Therefore, understanding the previous scriptures is crucial in the context of Islam to comprehend the continuity of divine revelation and to affirm the truth of faith.

The Five-Minute Philosopher: 80 Unquestionably Good Answers to 80 Unanswerable Big Questions, Gerald Benedict, Author, 2013-01-01. Spend five minutes on any of the 80 questions and answers here and you will gain enormously in wisdom and insight. Gerald Benedict, a philosopher trained in issues of knowledge and faith, offers us a wealth of ideas that prompt us to think more seriously and systematically about those universal questions with the help of quotations from great thinkers and writers through the ages. As we read and engage with a stimulating text, our minds are opened to new ideas and our lives enriched. The Five Minute Philosopher provides nimble, wise, and perceptive responses to questions that have no absolute answers; instead, it aims to stimulate thought and discussion that will lead to deeper understanding and further exploration. The same question will prompt different answers for different people. Dr. Benedict's masterly discussions, which are informal and not at all academic, draw on sacred texts, humanist writings, and poetry from all over the world all through the centuries to illuminate the issues, leaving readers free to come to their own conclusions. Armed with this book, you are equipped not

only to reach your own informed conclusions about the big questions of life but also to engage knowledgeably in the to and fro of debate with family and friends
