distinct Hindu political identity and unity among the Hindus in conflict with the Muslims in the country It looks at the Mahasabha's ambivalence with the Indian National Congress due to an extreme ideological opposition and goes on to argue that the Mahasabha had its ideological focus on an anti Muslim antagonism rather than the anti British struggle for India's independence adding to the difficulties in the negotiations on Hindu Muslim representation in the country The book suggests that the Mahasabha had a limited class and regional base and was unable to generate much in the way of a mass movement of its own but developed a quasi military wing besides its involvement in a number of popular campaigns Bridging the gap in Indian historiography by focusing on the development and evolution of Hindu nationalism in its formative period this book is a useful study for students and scholars of Asian Studies and Political History UGC NET Paper 2 - History Volume - 2 Mr. Rohit Manglik, 2024-03-03 EduGorilla Publication is a trusted name in the education sector committed to empowering learners with high quality study materials and resources Specializing in competitive exams and academic support EduGorilla provides comprehensive and well structured content tailored to meet the needs of students across various streams and levels
