1776 David G. McCullough, 2005 America's most acclaimed historian presents the intricate story of the year of the birth of the United States of America 1776 tells two gripping stories how a group of squabbling disparate colonies became the United States and how the British Empire tried to stop them This book destroys many popular myths about the wars of independence and reveals in fact how many Americans wished to remain British and how many British had profound doubts about a military solution to the revolt It shows that many of those fighting knew those on the other side well and as the great decisions and battles of 1776 unfolded and attitudes hardened the truly fratricidal nature of the conflict became clear A must read This exhilarating book is one of the great pieces of historical narrative 1776 David McCullough, 2013-12-05 America's most acclaimed historian presents the intricate story of the year of the birth of the United States of America 1776 tells two gripping stories how a group of squabbling disparate colonies became the United States and how the British Empire tried to stop them A story with a cast of amazing characters from George III to George Washington to soldiers and their families this exhilarating book is one of the great pieces of historical narrative **Britain's Colonial Wars, 1688-1783** Bruce Lenman, 2014-07-30 From Europe to India and America Britain's Colonial Wars relates empire to the fortunes of war In less than a century between the Glorious Revolution of 1688 and the settlement following the War of the American Revolution the modern British state was born This penetrating new analysis questions the centrality of the colonial enterprise to Westminster policy makers obsessed with European issues and explains how the impact of their strategies necessarily shaped the destiny of a multi national and incoherent empire beyond the shores of Europe Britain As A Military Power, 1688-1815 Professor Jeremy Black, Jeremy Black, 2002-01-04 In 1688 Britain was successfully invaded its army and navy unable to prevent the overthrow of the government 1815 Britain was the strongest power in the world with the most successful navy and the largest empire Britain had not only played a prominent role in the defeat of Napoleonic France but had also established itself as a significant power in South Asia and was unsurpassed in her global reach Her military strength was related to and based on one of the best systems of public finance in the world and held a strong trade position This illustrated text assesses the military aspects of this shift concentrating on the multi faceted nature of the British military effort Topics covered include the rise of Britain an analysis of military infrastructure warfare in the British Isles conventional warfare in Europe trans oceanic warfare with European powers the challenge of America and the challenge of Revolutionary and Napoleonic France US Consular Representation in Britain Since 1790 Nicholas M Keegan, 2018-03-08 In its early years the United States Consular Service was a relatively amateurish organization often staffed by unsuitable characters whose appointments had been obtained as political favours from victorious presidential candidates a practice known as the Spoils System Most personnel changed every four years when new administrations came in This compared unfavourably with the consular services of the European nations but gradually by the turn of the twentieth century things had improved

considerably appointment procedures were tightened up inspections of consuls and how they managed their consulates were introduced and the separate Consular Service and Diplomatic Service were merged to form the Foreign Service The first appointments to Britain were made in 1790 with James Maury becoming the first operational consul in the country at Liverpool At one point there was a network of up to ninety US consular offices throughout the UK stretching from the Orkney Islands to the Channel Islands Nowadays there is only the consular section in the embassy and the consulates general in Edinburgh and Belfast
