The Overthrow of the Orleanist Monarchy

[Page 559]

Robinson's Note: The provisional government established in Paris after the mob had attacked the Tuilleries, February 24, 1848, immediately issued the following proclamation.

In the name of the French people:

A reactionary and oligarchical government has just been overthrown by the heroism of the people of Paris. That government has fled, leaving behind it a trail of blood that forbids it ever to retrace its steps.

The blood of the people has flowed as in July; but this time this noble people shall not be deceived. It has won a national and popular government in accord with the rights, the progress, and the will of this great and generous nation.

A provisional government, the result of pressing necessity and ratified by the voice of the people and of the deputies of the departments, in the session of February 24, is for the moment invested with the task of assuring and organizing the national victory. It is composed of Messieurs Dupont (de l'Eure), Lamartine, Cremieux, Arago (of the Institute), Ledru-Rollin, Garnier-Pages, Marie, Armand Marrast, Louis Blanc, Ferdinand Flocon, and Albert (a workingman).

These citizens have not hesitated a moment to accept the patriotic commission which is imposed upon them by the pressure of necessity. With the capital of France on fire, the justification for the present provisional government must be sought in the public safety. All France will understand this and will lend it the support of its patriotism. Under [Page 560] the popular government which the provisional government proclaims, every citizen is a magistrate.

Frenchmen, it is for you to give to the world the example which Paris has given to France: prepare yourselves by order and by confidence in your destiny for

Documents on the French Revolution of 1848 Roger Price,1996 The collapse of the French monarchy in February 1848 promised to realise dreams of social revolution for part of the population and a nightmare vision of the collapse of Christian civilisation for others Roger Price in an introductory essay examines the ways in which this bitter conflict was resolved through brutal military repression and the ultimate establishment of the Second Empire in December 1852 The political events of 1848 and the Second Republic are set within their social context The accompanying documents offer unique insights into the processes of revolution and counter revolution during a formative period of French history The Third Revolution Murray Bookchin,1996-01-01 Comprehensive account of the great revolutions that swept over Europe and America *1848 in France* Roger Price,1975 *1848 in France* Roger Price,Christopher Norman Smith,1975

Historicising the French Revolution Carolina Armenteros,Tim Blanning,Isabel Noronha-DiVanna,2009-05-27 Three decades ago Francois Furet famously announced that the French Revolution was over Napoleon's armies ceased to march around Europe long ago and Louis XVIII even returned to occupy the throne of his guillotined brother And yet the Revolution's memory continues to hold sway over imaginations and cultures around the world This sway is felt particularly strongly by those who are interested in history for the French Revolution not only altered the course of history radically but became the fountainhead of historicism and the origin of the historical mentality The sixteen essays collected in this volume investigate the Revolution's intellectual and material legacies From popular culture to education and politics from France and Ireland to Poland and Turkey from 1789 to the present day leading historians expose alongside graduate students the myriad ways in which the Revolution changed humanity's possible futures its history and the idea of history They attest to how the Revolution has had a continuing global significance and is still shaping the world today **The Routledge Companion to Modern European History since 1763** Chris Cook,John Stevenson,2004-11-10 The Routledge Companion to Modern European History since 1763 is a compact and highly accessible work of reference covering the broad sweep of events from

The Origins of the Welfare State Lisa DiCaprio,2023-12-11 Women workers and the revolutionary origins of the modern welfare state In May 1790 the French National Assembly created spinning workshops ateliers de filature for thousands of unemployed women in Paris These ateliers disclose new aspects of the process which transformed Old Regime charity into revolutionary welfare initiatives characterized by secularization centralization and entitlements based on citizenship This study is the first to examine women and the welfare state in its formative period at a time when modern concepts of human rights were elaborated In The Origins of the Welfare State Lisa DiCaprio reveals how the women working in the ateliers municipal welfare officials and the national government vied to define the meaning of revolutionary welfare throughout the Revolution Presenting demands for improved wages and working conditions to a wide array of revolutionary officials the women workers exercised their rights as passive citizens capaciously and shaped the meanings of work welfare and citizenship Looking backward to the Old Regime and forward to the nineteenth century this study explores the interventionist spirit that characterized liberalism in the eighteenth century and serves as a bridge to the history of entitlements in the nineteenth and twentieth centuries

On December 7 1793 an old man lay motionless at last surrounded by his family rabbis and members of the society who would prepare his body for Jewish burial Sixteen days after he was sentenced to jail his family would go to extraordinary efforts to bury him in a Jewish cemetery ordered destroyed by the French government just two weeks earlier The old man was Cerf Berr of Médelsheim the tenacious eighteenth century Ashkenazi emancipator of the French Jews Margaret R O'Leary MD presents Cerf Berr's life story recognizing his profound contributions to the liberation of the Jews of France While

chronicling his incredible journey OLeary not only highlights Cerf Berr's scrupulous honesty and reliability that earned him the deep appreciation of the French Crown but also details how he besieged authorities in both Strasbourg and Versailles to grant political social and economic equality for all of his coreligionists in France. Cerf Berr achieved that milestone on September 27, 1791, only to die two years later after imprisonment by sadistic French revolutionaries. Cerf Berr of Melsheim is the biography of a man who was faithful to his people, sought the good for the community, and cherished justice all while making a momentous contribution to the history of France and the Jews. Senate Documents, Otherwise Publ. as Public Documents and Executive Documents United States. Congress. Senate, 1854 **Atlantic History in the Nineteenth**

Century Niels Eichhorn, 2019-11-01 This book argues that a vibrant ever-changing Atlantic community persisted into the nineteenth century. As in the early modern Atlantic world, nineteenth-century interactions between the Americas, Africa, and Europe centered on exchange of people, commodities, and ideas. From 1789 to 1914, new means of transportation and communication allowed revolutionaries, migrants, merchants, settlers, and tourists to crisscross the ocean, share their experiences, and spread knowledge. Extending the conventional chronology of Atlantic world history up to the start of the First World War, Niels Eichhorn uncovers the complex dynamics of transition and transformation that marked the nineteenth-century Atlantic world. **Forging Freedom** Margaret R. O'Leary, 2012 Forging Freedom is the first full-length biography of Cerf Berr of Melsheim, 1726-1793, the formidable eighteenth-century emancipator of the French Jews. His early business providing forage for thousands of horses of the French military garrisoned in Alsace grew into a huge military supply business that earned him the profound respect of French Kings Louis XV and XVI. After receiving his French naturalization papers from Louis XVI as a reward for his service to the French Crown, Cerf Berr worked tirelessly on behalf of his Ashkenazi co-religionists to win their political emancipation in France on September 27, 1791.
