The Origins of the Republican Party, 1852-1856 William E. Gienapp,1987 The 1850s saw in America the breakdown of the Jacksonian party system in the North and the emergence of a new sectional party the Republicans that succeeded the Whigs in the nation s two party system This monumental work uses demographic voting and other statistical analysis as well as the

more traditional methods and sources of political history to trace the realignment of American politics in the 1850s and the birth of the Republican party Gienapp powerfully demonstrates that the organization of the Republican party was a difficult complex and lengthy process and explains why even after an inauspicious beginning it ultimately became a potent political force The study also reveals the crucial role of ethnocultural factors in the collapse of the second party system and thoroughly analyzes the struggle between nativism and antislavery for political dominance in the North The volume concludes with the decisive triumph of the Republican party over the rival American party in the 1856 presidential election Far reaching in scope yet detailed in analysis this is the definitive work on the formation of the Republican party in antebellum America Publisher description Recommendations of the Bureau of Animal Industry on Problems of Livestock Production Arthur Frederick Sievers, Everett Eugene Edwards, John Robbins Mohler, Maude A. Miller, 2011-12-30 The period from 1850 to 1876 was the most transformative era in American history During the course of this tumultuous quarter century Americans fought a bloody civil war tried to settle the issue of state versus central government power recognized the dominance of the new industrial economy over the older agricultural one and ended slavery long the shame of the nation At the same time a major political realignment occurred with the collapse of the second American party system and the emergence of a new party the Republicans But the defeat of slavery the chief catalyst for the birth of the Republican party was at best a limited success The Constitution had been rewritten to abolish slavery and guarantee equal protection under the law but social equality for African Americans and expanding freedom for others remained elusive throughout the nation For these triumphs and enduring tragedy the Republican party which became in time and memory the party of Abraham Lincoln bore primary responsibility This collection of six original essays by some of America's most distinguished historians of the Civil War era examines the origins and evolution of the Republican party over the course of its first generation The essays consider the party in terms of its identity interests ideology images and individuals always with an eye to the ways the Republican party influenced midnineteenth century concerns over national character political power race and civil rights The authors collectively extend their inquiries from the 1850s through the 1870s to understand the processes whereby the second American party system broke down a new party and politics emerged the Civil War came and a new political and social order developed They especially consider how ideas about freedom in the 1850s coalesced during war and Reconstruction to produce both an expanded call for political and civil rights for the ex slaves and a concern over expanded federal involvement in the protection of those rights By observing the transformation of a sectional party born in the 1850s into the Grand Old Party by the 1870s the authors demonstrate that no modern political party even the one that claims descent from Lincoln has surpassed the accomplishments of the first generation of Republicans Contributors Jean H Baker Professor of History at Goucher College Maryland is author of Mary Todd Lincoln A Biography Eric Foner DeWitt Clinton Professor of History at Columbia University is author of Reconstruction America's Unfinished Revolution 1863-1877 winner of the Bancroft Prize Michael F Holt Langbourne M Williams Professor of American History at the University of Virginia is author of The Rise and Fall of the American Whig Party Jacksonian Politics and the Onset of the Civil War James M McPherson Professor of History at Princeton University is author of Battle Cry of Freedom The Civil War Era winner of the Pulitzer Prize in history Mark E Neely Jr McCabe Greer Professor in the American Civil War Era at Pennsylvania State University is author of The Fate of Liberty Abraham Lincoln and Civil Liberties winner of the Pulitzer Prize in history Phillip Shaw Paludan Naomi Lynn Professor of Lincoln Studies at the University of Illinois at Springfield is author of The Presidency of Abraham Lincoln winner of the Lincoln Prize Brooks D Simpson Professor of
