1938 Film Daily Year Of Motion Pict:

The Film Daily Year Book of Motion Pictures ,1938 1938 FILM DAILY YEAR BOOK OF MOTION PICTURES
(CLASSIC REPRINT). JACK. ALICOATE,2022 **Korea's Occupied Cinemas, 1893-1948** Brian Yecies,Ae-Gyung Shim,2012-05-23 Korea's Occupied Cinemas 1893-1948 compares and contrasts the development of cinema in Korea during the Japanese occupation 1910-1945 and US Army Military 1945-1948 periods within the larger context of cinemas in occupied territories. It differs from previous studies by drawing links between the arrival in Korea of modern technology and ideas and the cultural, political, and social environment as it follows the development of exhibition film policy and filmmaking from 1893 to 1948. During this time, Korean filmmakers seized every opportunity to learn production techniques and practice their skills, contributing to the growth of a national cinema despite the conditions produced by their occupation by colonial and military powers. At the same time, Korea served as an important territory for the global expansion of the American and Japanese film industries, and after the late 1930s, Koreans functioned as key figures in the co-production of propaganda films that were designed to glorify loyalty to the Japanese Empire. For these reasons and as a result of the tensions created by divided loyalties, the history of cinema in Korea is a far more dynamic story than simply that of a national cinema struggling to develop its own narrative content and aesthetics under colonial conditions. **The Moguls and the Dictators** David Welky,2008 This author's analytical approach will be appreciated by historians as well as film buffs. He examines Hollywood's response to the rise of fascism and the beginning of the Second World War. Welky traces the shifting motivations and arguments of the film industry, politicians, and the public as they negotiated how or whether the silver screen would portray certain wartime attributes. **Hollywood and Hitler, 1933-1939** Thomas Doherty,2013-04-02 Between 1933 and 1939, representations of the Nazis and the full meaning of Nazism came slowly to Hollywood, growing more ominous and distinct only as the decade wore on. Recapturing what ordinary Americans saw on the screen during the emerging Nazi threat, Thomas Doherty reclaims forgotten films such as Hitler's Reign of Terror (1934), a pioneering anti-Nazi docudrama by Cornelius Vanderbilt Jr.; I Was a Captive of Nazi Germany (1936), a sensational true tale of a Hollywood girl in Nazi-land; and Professor Mamlock (1938), an anti-Nazi film made by German refugees living in the Soviet Union. Doherty also recounts how the disproportionately Jewish backgrounds of the executives of the studios and the workers on the payroll shaped reactions to what was never simply a business decision. As Europe hurtled toward war, a proxy battle waged in Hollywood over how to conduct business with the Nazis, how to cover Hitler and his victims in the newsreels, and whether to address or ignore Nazism in Hollywood feature films. Should Hollywood lie low or stand tall and sound the alarm? Doherty's history features a cast of charismatic personalities: Carl Laemmle, the German Jewish founder of Universal Pictures, whose production of All Quiet on the Western Front (1930) enraged the nascent Nazi movement; Georg Gyssling, the Nazi consul in Los Angeles who read the Hollywood trade press as avidly as any studio mogul; Vittorio Mussolini, son of the fascist dictator and aspiring

motion picture impresario Leni Riefenstahl the Valkyrie goddess of the Third Reich who came to America to peddle distribution rights for Olympia 1938 screenwriters Donald Ogden Stewart and Dorothy Parker founders of the Hollywood Anti Nazi League and Harry and Jack Warner of Warner Bros who yoked anti Nazism to patriotic Americanism and finally broke the embargo against anti Nazi cinema with Confessions of a Nazi Spy 1939 **In Theaters Everywhere** Brian Hannan,2019-01-09 Conflicts among Hollywood studios and exhibitors have been going on for years At their heart are questions about how films should be released where when and at what speed Both sides of this disagreement are losers with exhibitors using the law via various Consent Decrees and studios retaliating by tightly controlling output In the Silent Era movies were not released nearly as widely as they are now This book tells the story of how the few became the many It explores the contraction of the release cycle the maximization of the marketing dollar and the democratization of consumer access It also offers a comprehensive list of wide releases and rebuts much of what previous scholars have found
