

HOW TO KEEP SCORE

You can add greatly to your enjoyment of a baseball game by keeping a scorecard, play-by-play, inning-by-inning. Scorecards are not sold at all ballparks. Any fan can learn the simple fundamentals of scoring, so that he can tell at a glance what every batter, pitcher and baserunner has done in the game program.

To start, use the standard official scorer's system of numbering each position: the pitcher is **1**, catcher **2**, first baseman **3**, second baseman **4**, third baseman **5**, shortstop **6**, left fielder **7**, center fielder **8**, and right fielder **9**.

Next learn all the symbols which denote all the various plays which occur in a game. **K** indicates a **strikeout**. When the batter is called out on strikes, mark **K2**. **W** is a **win**, or **base on balls**. **SH** a **sacrifice bunt**, **SP** a **sacrifice fly**, **WP** a **wild pitch**, **PS** a **passed ball**, **BP** a **batter's error**, **BC** a **batter's error**, **FC** a **fielder's choice**, and **SB** a **stolen base**. **F** represents a fly out, **P** a pop out, **L** a line drive out, **X** a foul out, and **DP** a **double play**. A dot indicates a run scored.

A single line — represents a single, — a double, / a triple, and F a home run.

As the game progresses, designate each play by these symbols. If the batter is retired, mark the play in the center of the box opposite his name for the inning being played. An inning out from shortstop to first base is joined **K2**; from third to first, **K3**. A fly to center field is **FL**, a foul out to the catcher, **XC**; and a line drive to the first baseman, **L3**.

When a batter reaches base, indicate the manner in the lower right-hand corner of the box. Then outline each other corner of the square to follow his progress on the base. Trace each advance in a counter-clockwise direction, just as runners circle the base. When a player "**A**" advances through the effort of "**B**", the number of **B's** position is joined in the corner of **A's** box representing the base to which he moved on.

At the end of each half inning, indicate at the bottom of the card the number of runs, hits and men left on base during that frame.

For an example of how a game is scored, we have reproduced on the inside back cover the scorecard for the last six innings of the final 1964 World Series game between the Cardinals and the Yankees.

Note the first inning for each side is simple. In the Yankee first, Lino grounded out to short, Richardson struck out, swinging, and Marie was thrown out by the second baseman. For the Cards, Flood grounded out to short, Brock was thrown out by the pitcher (the "**B**" indicates he used a bunt), and Bruce struck out.

For a more complicated inning, check the Card's fourth. Boyer opened with a single to center and advanced to second when Great walked. McCaskey then forced Great at second. Peppers to Lino, and when the Yankee shortstop threw wildly to first base (was attempted double play), Boyer scored. Shannon singled to right, sending McCaskey to third. The runner then pulled a double steal. Shannon racing to second and McCaskey to third. Marvlin singled to right, sending Shannon, and on the drive from the outfield, Marvlin came to second base. Great popped out to the second baseman and Flood ended the inning with a ground out to the second baseman.

It's really not at all difficult. Try it next time you go to a game.
