Journalistic Fraud Bob Kohn, 2003-08-14 For over a hundred years the New York Times has purported to present straight news and hard facts But as Bob Kohn shows with absolute clarity the founders original vision has been hijacked and today instead of straight news readers are given mere editorial under the pretense of objective journalism Kohn shows point by point the methods by which the Times mission has been subverted by the present management routinely slanting the presentation of the facts in leads headlines and placement utilizing polls labels and loaded language to convey particular views not genuine news and staffing the newsroom with hacks who manipulate information to further a leftist agenda Kohn shows how such fraudulence directly corrupts hundreds of news agencies across the world and by revealing all their methods of manipulation he teaches readers how to decipher the slants in even the subtlest of cases providing an entertaining and enlightening lesson in fraud busting **Bill Clinton** Nigel Hamilton, 2012-05-31 Nigel Hamilton's account of Bill Clinton's early life and career Bill Clinton An American Journey drew widespread praise Now in Bill Clinton Mastering the Presidency Nigel Hamilton charts the experience of the 42nd President as he took presidential oath of office and how he fared thereafter in the piranha pool of Washington D C Hamilton charts what was possibly the greatest disaster and reinvention of a president in office in modern times How Bill Clinton faced up to his failures and refashioned himself in the White House is an epic story With a thriving U S economy and hard won wisdom in international affairs and in combating the rise of terrorism Clinton would begin his second term as the undisputed immensely popular leader of the Western world aware however that terrors and treason within America loomed as large as dangers abroad Insightful balanced prodigiously researched and a joy to read Bill Clinton Mastering the Presidency is set to become alongside its prequel the classic story of Clinton's extraordinary effort to be a modern president in a modern world and a chronicle one of the most extraordinary reversals of fortune in modern American politics *Resources in Education*, 1995 **Strong Feelings** Jon Elster, 2000-07-24 Emotion and addiction lie on a continuum between simple visceral drives such as hunger thirst and sexual desire at one end and calm rational decision making at the other Although emotion and addiction involve visceral motivation they are also closely linked to cognition and culture They thus provide the ideal vehicle for Jon Elster's study of the interrelation between three explanatory approaches to behavior neurobiology culture and choice The book is organized around parallel analyses of emotion and addiction in order to bring out similarities as well as differences Elster's study sheds fresh light on the generation of human behavior ultimately revealing how cognition choice and rationality are undermined by the physical

processes that underlie strong emotions and cravings This book will be of particular interest to those studying the variety of human motivations who are dissatisfied with the prevailing reductionisms Not for sale in Belgium France or Switzerland
