

## 2002 IEEE Nuclear and Space Radiation Effects Conference Awards Chairman's Comments

**T**HE 2002 IEEE Nuclear Space Radiation and Effects Conference (NSREC) Awards Committee evaluated each oral, poster, and workshop paper that was presented at the conference in a two-step reviewing process. First, five or more of the 18 members of the Committee reviewed and scored each presentation in terms of numerical evaluation for both oral and poster papers. As a result, ten papers were selected for final consideration for the Outstanding Conference Paper Award in the second step of the process. The selection of the final papers was based on the scoring and a review by the Committee after the end of the conference. The scoring was based on clarity and quality of the presentation, the technical content, and the significance of the work. The final selection was aided with a laptop computer to compile, plot, and average the scores, thus enabling a focused meeting to select the finalists from the 101 oral and poster papers. Thirty-two Data Workshop papers were also reviewed for the Meritorious Award.

Each committee member received copies of the ten final papers, as they were submitted to the Guest Editor. The papers were carefully reviewed and scored on the basis of technical quality, relevance and significance, clarity and logical development, and originality. The committee members devoted a great deal of effort in reviewing and scoring the papers. They provided both a numerical score for the papers along with their personal comments and, as a backup, an ordinal ranking of the papers. Again, the scores and the ordinal rankings were averaged and plotted. Comments from the members were also reviewed. Four papers received very high scores with the remaining papers following closely. The Outstanding Conference Paper clearly received the best overall score and was confirmed as such by the ordinal rankings and personal reviews. The three other papers that received very close and high scores deserve recognition as Meritorious Conference Papers.

The Outstanding Conference Paper is:

"Impact of Passivation Layers on Enhanced Low-Dose-Rate Sensitivity and Pre-Irradiation Elevated Temperature Stress Effects in Bipolar Linear ICs," by M. R. Shaneyfelt (Sandia National Laboratories), R. L. Pease (RLP Research), J. R. Schwank (Sandia National Laboratories), M. C. Maher (National Semiconductor), G. L. Hash, (Sandia National Laboratories), D. M. Fleetwood (Vanderbilt University), P. E. Dodd, C. A. Reber, S. C. Witzrak, L. C. Riewe, H. P. Hjalmarson, J. C. Banks, B. L. Doyle, and J. A. Knapp (Sandia National Laboratories).

The Meritorious Papers are:

"Charge Collection in SOI Capacitors and Circuits and Its Effect on SEU Hardness," by J. R. Schwank, P. E. Dodd, M. R. Shaneyfelt, G. Virkhelethy, B. L. Draper, T. A. Hill, D. S. Walsh,

G. L. Hash, B. L. Doyle, and F. D. McDaniel (Sandia National Laboratories).

"Unified Model of Hole Trapping,  $1/f$  Noise, and Thermally Stimulated Current in MOS Devices," by D. M. Fleetwood, H. D. Xiong, Z. Y. Lu, C. J. Nicklaw, J. A. Felix, R. D. Schrimpf, and S. T. Pantelides (Vanderbilt University).

"Physical Model for Enhanced Interface-Trap Formation at Low Dose Rates," by S. N. Rashkeev, C. R. Cirba, D. M. Fleetwood, R. D. Schrimpf, S.T. Pantelides (Vanderbilt University), S. C. Witzrak (Sandia National Laboratories), and A. Michiez (Centre d'Electronique et de Microelectronique de Montpellier).

I would like to thank the members of the Awards Committee for their hard work and time in reviewing approximately fifty papers apiece during, and the ten finalist papers after, the conference. The final review process of the ten top papers required the most time, and I would like to thank them for a job well done. The awards process continues to be a mechanism for encouraging the highest quality of technical work and presentations to be offered by the NSREC community. However, the process is only successful because of the dedicated efforts of the members of the Awards Committee in objectively reading, evaluating, and scoring the papers. The selection of a team with great technical diversity and talent was a challenge, but it was a rewarding and memorable experience. Much thanks again for their support.

## **1996 Ieee Nuclear Space Radiation Ef:**

Nuclear Science Abstracts ,1973      *Radiation Effects And Soft Errors In Integrated Circuits And Electronic Devices*  
Ronald D Schrimpf,Daniel M Fleetwood,2004-07-29 This book provides a detailed treatment of radiation effects in electronic devices including effects at the material device and circuit levels The emphasis is on transient effects caused by single ionizing particles single event effects and soft errors and effects produced by the cumulative energy deposited by the radiation total ionizing dose effects Bipolar Si and SiGe metal oxide semiconductor MOS and compound semiconductor technologies are discussed In addition to considering the specific issues associated with high performance devices and technologies the book includes the background material necessary for understanding radiation effects at a more general level

**IEEE Membership Directory** Institute of Electrical and Electronics Engineers,2001      Workshop Record, 2000 IEEE Radiation Effects Data Workshop IEEE Nuclear and Plasma Sciences Society,2000      Radiation Synthesis of Materials and Compounds Boris Ildusovich Kharisov,Oxana Vasilevna Kharissova,Ubaldo Ortiz Mendez,2016-04-19 Researchers and engineers working in nuclear laboratories nuclear electric plants and elsewhere in the radiochemical industries need a comprehensive handbook describing all possible radiation chemistry interactions between irradiation and materials the preparation of materials under distinct radiation types the possibility of damage of material      **Conference on the High Energy Radiation Background in Space** ,1998      *Microelectronics Technology and Devices, SBMICRO 2003* J. A. Martino,Sociedade Brasileira de Microeletrônica,2003      **Radiation Belts** D. Heynderickx,1996-01-09 Published by the American Geophysical Union as part of the Geophysical Monograph Series Volume 97 The exciting new results of CRRES and SAMPEX show that there are additional physical sources of energetic electrons and ions trapped in the Van Allen belts some of which were completely unexpected The NASA and Russian empirical models of the radiation belts need to be updated and extended To outline different ways to achieve this task and to identify the less well known aspects of physical and empirical models of the radiation belts were the objectives of a workshop held in Brussels October 17 20 1995 entitled Radiation Belts Models and Standards It was attended by over 60 delegates from all major laboratories involved in developing new physical as well as empirical models of the energy and spatial distributions of energetic electrons and ions trapped in the geomagnetic field      *Optical Engineering* ,2002 Publishes papers reporting on research and development in optical science and engineering and the practical applications of known optical science engineering and technology      **Annual Book of ASTM Standards** ASTM International,American Society for Testing and Materials,2003      **Quantum Dots** Ameenah Al-Ahmadi,2012-04-04 The book Quantum dots A variety of a new applications provides some collections of practical applications of quantum dots This book is divided into four sections In section 1 a review of the thermo optical characterization of CdSe ZnS core shell nanocrystal solutions was performed The Thermal Lens TL technique was used and the thermal self phase Modulation TSPM technique was adopted as the simplest alternative method Section 2 includes five

chapters where novel optical and lasing application are discussed In section 3 four examples of quantum dot system for different applications in electronics are given Section 4 provides three examples of using quantum dot system for biological applications This is a collaborative book sharing and providing fundamental research such as the one conducted in Physics Chemistry Biology Material Science Medicine with a base text that could serve as a reference in research by presenting up to date research work on the field of quantum dot systems      *Emerging Applications of Radiation in Nanotechnology* International Atomic Energy Agency,2005 Nanotechnology is one of the fastest growing areas in science and engineering For synthesis of nanoparticles and nanocomposites with improved characteristics radiation based technology using X rays beams and ion beams is the key to a variety of different approaches to micropatterning Radiation processed nanomaterials with high abrasion and high scratch resistance or biomedical usage controlled release drug delivery systems are of increasing importance The ability to fabricate structures with nanometric precision is fundamental to any exploitation of nanotechnology This publication covers selected developments in nanotechnology and on this basis presents the potential role of radiation applications in the field It is the first publication on radiation applications in nanotechnology and therefore will play an important role in stimulating further research on the subject      Directory of Published Proceedings ,1997      *NRL Review* ,1988      *Electronic Design* ,1996      **Advanced Materials and Design for Electromagnetic Interference Shielding** Xingcun Colin Tong,2016-04-19 With electromagnetic compliance EMC now a major factor in the design of all electronic products it is crucial to understand how electromagnetic interference EMI shielding products are used in various industries Focusing on the practicalities of this area Advanced Materials and Design for Electromagnetic Interference Shielding comprehensively introduces the design guidelines materials selection characterization methodology manufacturing technology and future potential of EMI shielding After an overview of EMI shielding theory and product design guidelines the book extensively reviews the characterization methodology of EMI materials Subsequent chapters focus on particular EMI shielding materials and component designs including enclosures metal formed gaskets conductive elastomer and flexible graphite components conductive foam and ventilation structures board level shielding materials composite materials and hybrid structures absorber materials grounding and cable level shielding materials and aerospace and nuclear shielding materials The last chapter presents a perspective on future trends in EMI shielding materials and design Offering detailed coverage on many important topics this indispensable book illustrates the efficiency and reliability of a range of materials and design solutions for EMI shielding      *2004 IEEE Nuclear Science Symposium Conference Record* ,2004      **International Aerospace Abstracts** ,1985      *Review* ,1988      Electrical & Electronics Abstracts ,1997

Right here, we have countless book **1996 Ieee Nuclear Space Radiation Ef** and collections to check out. We additionally manage to pay for variant types and along with type of the books to browse. The usual book, fiction, history, novel, scientific research, as well as various supplementary sorts of books are readily easy to get to here.

As this 1996 Ieee Nuclear Space Radiation Ef, it ends taking place subconscious one of the favored books 1996 Ieee Nuclear Space Radiation Ef collections that we have. This is why you remain in the best website to look the amazing ebook to have.

  - Fact-Checking eBook Content of 1996 Ieee Nuclear Space Radiation Ef
  - Distinguishing Credible Sources
- 13. Promoting Lifelong Learning
  - Utilizing eBooks for Skill Development

- Exploring Educational eBooks

#### 14. Embracing eBook Trends

- Integration of Multimedia Elements
- Interactive and Gamified eBooks

### **1996 Ieee Nuclear Space Radiation Ef Introduction**

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free 1996 Ieee Nuclear Space Radiation Ef PDF books and manuals is the internets largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and

empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free 1996 Ieee Nuclear Space Radiation Ef PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of 1996 Ieee Nuclear Space Radiation Ef free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

### **FAQs About 1996 Ieee Nuclear Space Radiation Ef Books**

1. Where can I buy 1996 Ieee Nuclear Space Radiation Ef books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a 1996 Ieee Nuclear Space Radiation Ef book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of 1996 Ieee Nuclear Space Radiation Ef books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing,

and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.

7. What are 1996 Ieee Nuclear Space Radiation Ef audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read 1996 Ieee Nuclear Space Radiation Ef books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
