Down in Front Children's Sermons Susan Martins Miller, 2004-06 These sermons help kids see that Bible places were real and has ordinary everyday events jump of the page as kids learn faith lessons from the people places and things in the Bible

Practicing Discernment with Youth David F. White, 2018-09-13 Throughout history youth have been at the center of their communities energy and creativity including their efforts to seek faith and justice However today's adolescents have been relegated as passive learners and consumers lacking full adult power for longer than any age cohort in history This book traces the modern domestication of adolescence from its ancient roots through several key moments of its descent into passivity Empowering youth as agents of Christian faith in the world is not only a social need but is theologically warranted The church and the broken world need the gifts of youth This book elaborates four pedagogical movements listening understanding remembering dreaming and acting as key for noticing and nurturing the faith commitments of youth Too much of contemporary youth ministry represents an attempt to pump energy

into our youth to get them excited about what we have to offer This approach attends to energies already present in the lived experiences and hidden commitments of youth and connects them to God s mission in the world      From a Ministry for Youth to a Ministry of Youth Ruth Lukabyo,2020-09-30 At a time of unprecedented secularization and declining church attendance youth ministry in the twenty first century should be doomed So why is Protestant youth ministry in Sydney vibrant and in many places growing This book sets out to answer this question which is of such importance for the future of the Australian church A pioneering model of youth ministry evolved in the 1930s and was already flourishing in churches schools and university by the 1950s Its early high point was the Billy Graham Crusade of 1959 which may legitimately be seen as an Australian youth revival The new model broke with past practice by cultivating ministry leadership by young people by promoting peer groups to nurture and share faith and by fostering ministry collaboration between young men and women The model used by theological conservatives and liberals alike and has proved both enduring and fruitful This book will engage with the model of youth ministry and the religious experiences of young people in Sydney By reading it you will not only learn from the significant achievements of young people in the past but be better equipped to creatively consider new methods of ministry for the twenty first century      **Children's Worship** Dr. Grady Wicker Jr.,2010-01-13 Beloved as a representative servant of the Lord Jesus Christ I bring a diverse body of knowledge to the issues of children and their future Any document or Agenda recorded in the 21st Century without the inclusion of our children is failure at best This text inspired by the Holy Spirit forges not only a 21 st Century Agenda but compels the Body of Christ and the Thinking World to read and engage this Prophetic Thesis To make this a workable Solution one must apply the text to contextual ministry and share it in our needy communities and throughout the world If we dont build a bridge then our children are left to the Ravenous Ravages of Religion without Righteous Relationships
