THE TWO KOREAS

A CONTEMPORARY HISTORY

DON OBERDORFER

2 Koreas A Contemporary History

L. Robert Kohls

2 Koreas A Contemporary History:

The Two Koreas Don Oberdorfer, Robert Carlin, 2013-12-10 An acclaimed history of the Korean Peninsula from World War II to the present day North Korea is an impoverished famine ridden nation but it is also a nuclear power whose dictator Kim Jong un regularly threatens his neighbors and adversaries the United States in particular with destruction Even though Kim and President Donald Trump s responses to him dominate the daily headlines the idea that North Korea is a menace is not a new one Indeed ever since Korea was first divided at the end of World War II the tension between its northern and southern halves has riveted and threatened to embroil the rest of the world In this landmark history veteran journalist Don Oberdorfer and Korea expert Robert Carlin grippingly describe how a historically homogenous people became locked in a perpetual struggle for supremacy and how other nations including the United States have tried and failed to broker a lasting peace

The War for Korea, 1945-1950 Allan Reed Millett, 2005 When the major powers sent troops to the Korean peninsula in June of 1950 it supposedly marked the start of one of the last century s bloodiest conflicts In volume 1 Allan Millett however reveals that the Korean War actually began with partisan clashes two years earlier and had roots in the political history of Korea under Japanese rule 1910 1945 In volume 2 he shifts his focus to the twelve month period from North Korea s invasion of South Korea on June 25 1950 through the end of June 1951 the most active phase of the internationalized Korean War

De-Bordering Korea Valérie Gélézeau, Koen De Ceuster, Alain Delissen, 2013-05-02 As tensions remain on the Korean peninsula this book looks back on the decade of improved inter Korean relations and engagement between 1998 and 2008 now known as the Sunshine Policy era Moving beyond traditional economic and political perspectives it explores how this decade of intensified cooperation both affected and reshaped existing physical social and mental boundaries between the two Koreas and how this de bordering and re bordering has changed the respective attitudes towards the other Based around three key themes Space People and Representations this book looks at the tangible and intangible areas of contact created by North South engagement during the years of the Sunshine Policy Space focuses on the border regions and discusses how the border reflects the dynamics of multiple types of exchanges and connections between the two Koreas as well as the new territorial structures these have created People addresses issues in human interactions and social organizations looking at North Korean defectors in the South shifting patterns of North South competition in the Korean diaspora of post Soviet Central Asia and the actual and physical presence of the Other in various social settings Finally Representations analyses the image of the other Korea as it is produced circulated altered falsified and received or not on either side of the Korean border The contributors to this volume draw on a broad spectrum of disciplines ranging from geography anthropology and archaeology to media studies history and sociology in order to show how the division between North and South Korea functions as an essential matrix for geographical social and psychological structures on both sides of the border As such this book will appeal to students and scholars from numerous fields of study including Korean studies Korean culture and society

and international relations more broadly

Two-Track Democracy in South Korea Seongyi Yun, 2023-03-02 This book examines three ironic phenomena of South Korean democracy that have developed after its democratic transition in 1987. While the evaluation of South Korea's political system by external institutions has steadily improved, people's trust in the nation's political system continues to decline. However, in the face of political distrust, unlike in Western democracies, voter turnout has increased. Even though political participation and the political influence of citizens have been strengthened over time, the political influence of civic organizations that fostered the initial democratization movement in the 1980s has weakened, parallel to the decline in citizens' confidence in these organizations. Why is South Korean democracy witnessing ironic phenomena that cannot be succinctly explained by existing theories of political development or democracy? This book seeks these answers within the framework of a two-track democracy that is the interplay between institutional and contentious politics. A model of democracy that combines contentious politics with formal politics can shed light on this phenomenon. Yun proposed that the traditional hierarchical and elite-centered political system is no longer sustainable. In order to resolve the democratic deficiency perceived by citizens, it is necessary to consider a new model of democracy beyond the improvement of representative democracy. Moreover, the new model of democracy should be based on a fusion of institutional politics and contentious politics. The book will appeal to scholars and students interested in the politics of South Korea, democratization, and democracy more generally.

Cultural Sociology of the Middle East, Asia, and Africa

Andrea L. Stanton, 2012 In our age of globalization and multiculturalism it has never been more important to understand and appreciate all cultures across the world The four volumes take a step forward in this endeavour by presenting concise information on those regions least well known to students across Europe the Middle East Asia and Africa The volumes convey what daily life is like for people in these selected regions Entries will aid readers in understanding the importance of cultural sociology to appreciate the effects of cultural forces around the world and to learn the history of countries and cultures within these important regions Key Features Topics are explored within historical context in three broad historical periods prehistory to 1250 1250 to 1920 and 1920 to the present One volume each is devoted to the regions of the Middle East and Africa and then one volume to East and Southeast Asia and a final volume to West Central and South Asia The volumes include extensive use of photographs and maps to explain cultural and geographic content Each volume has its own volume editor with expertise in that particular region Key Themes Arts Culture and Science People Society and Dynasties Religion and Law Family and Daily Life Conflicts and Wars Politics and Government Health and Education Economy Trade and Industry National Geography and History

A Theological Assessment of Reconciliation for Missiology in the

Korean Context Hyo Seok Lim, 2021-07-01 Any Christian who lives in such a broken world may ask God what their role would be as the person who is reconciled with God and about the implications of the vertical dimension of reconciliation Many would agree that the vertical and horizontal dimensions of reconciliation should not be separated It is however still

necessary to examine further For instance what does the inseparableness of the two dimensions actually mean in theory and practice How does the vertical dimension of reconciliation become the source and foundation of the horizontal dimension How should the church maintain its theology of reconciliation which includes both dimensions All these questions point to an underlying question what is the relationship between the vertical and horizontal dimensions of reconciliation This book explores this question interacting with the four thinkers and practitioners of reconciliation Karl Barth Miroslav Volf Son Yang Won and Desmond Tutu and assessing the theology of a leading theologian in the discourse of mission as reconciliation Robert Schreiter Based on the discussions it presents a proposal for a more wholesome and robust understanding of reconciliation for the discourse in mission studies which can be applied to any broken context including the Korean peninsula

Reagan Faces Korea Chae-Jin Lee, 2019-11-13 This is a unique and definitive study to reassess the complex dynamics of US Korea diplomatic relations during the Reagan presidency It examines the goals methods and legacy of Reagan's policy toward Korea with emphasis on the realities of alliance politics and the tactics of quiet diplomacy It questions a widely held view that Reagan showed simplistic inattentive and rigid approaches toward foreign affairs arguing that his actual policy as demonstrated in the Korea case was more sophisticated nuanced and pragmatic than commonly assumed Based on a vast amount of confidential diplomatic documents especially in Korean and interviews the author has conducted with US and Korean leaders Lee sheds new light on Reagan's role in promoting democratization in South Korea as well as his engagement with North Korea

History Textbooks and the Wars in Asia Gi-Wook Shin, Daniel C. Snider, 2011-02-08 Over the past fifteen years Northeast Asia has witnessed growing intraregional exchanges and interactions especially in the realms of culture and economy Still the region cannot escape from the burden of history This book examines the formation of historical memory in four Northeast Asian societies China Japan South Korea and Taiwan and the United States focusing on the period from the beginning of the Sino Japanese war in 1931 until the formal conclusion of the Pacific War with the San Francisco Peace Treaty of 1951 The contributors analyse the recent efforts of Korean Japanese and Chinese scholars to write a common history of Northeast Asia and question the underlying motivations for their efforts and subsequent achievements In doing so they contend that the greatest obstacle to reconciliation in Northeast Asia lies in the existence of divided and often conflicting historical memories The book argues that a more fruitful approach lies in understanding how historical memory has evolved in each country and been incorporated into respective master narratives Through uncovering the existence of different master narratives it is hoped citizens will develop a more self critical self reflective approach to their own history and that such an introspective effort has the potential to lay the foundation for greater self and mutual understanding and eventual historical reconciliation in the region This book will be essential reading for students and scholars of Asian history Asian education and international relations in East Asia

A Contemporary Portrait of Life in Korea Jibum Kim, 2023-10-20 This book delves into the values attitudes and behaviours of Koreans over the course of the past twenty years Compiled by

leading Korean scholars the book uses the Korean General Social Survey KGSS the most comprehensive source of information detailing recent continuity and change in Korea and addresses a diverse wide range of topics such as nationalism familyism social inequality politics religion welfare trust attitudes towards North Korea and attitudes towards sex These issues in continuously shaping and influencing the lives of Koreans deserve further examination so as to fully grasp a deeper understanding of Korean contemporary culture Each chapter covers an overview of background information about the chapter subject and then compares Korean attitudes to those of other countries drawing on cross national data derived from sources such as the International Social Survey Programme ISSP and the East Asian Social Survey EASS It collates this data and then unpacks it to demonstrate trends and how they are impacted by stability or change Despite the rapid economic development and democratization in Korea it remains difficult to pinpoint common denominators regarding recent social trends in Korea and there are surprisingly few books that present a current nuanced and empirically substantiated scholarly depiction of Koreans and their social issues This book fills this gap in serving as an indispensable reference for students and scholars interested in the diverse issues in Korean society

Art, War, and Exile in Modern Korea Jinyoung Anna Jin, 2025-10-01 This book celebrates the life and works of Lee Qoede 1913 1965 who focused on art s social purpose and representation of civilians He believed art must be an integral part of the struggle in reality It cannot simply be a still life of apples flowers or scenery Born in South Korea he was a prisoner of war defected to North Korea was politically purged and died at fifty two His works were banned in South Korea until 1988 This monograph explores Lee Qoede s art within the context of Cold War politics and international leftist exchanges including his experiences of civilian massacres prisoner of war camps and his defection to North Korea It examines social realism socialist realism and Mexican mural influences on Lee s oeuvre reevaluating his place in South Korean art history Highlighting the global impact of Lee s work the book integrates insights from international artists and movements challenging Eurocentric modernism and offering a comprehensive understanding of his artistic journey

Understanding Korean Public Administration Kwang-Kook Park, Wonhee Lee, Seok-Hwan Lee, 2016-06-17 Although much has been written about the Korean public administration the international academic community has little knowledge about it as most of the literature has been written in Korean This book aims to provide more accessible knowledge internationally by filling that gap covering both the history and the current status of the Korean public administration This book is a collaboration of many Korean public administration scholars and would appeal to those interested in the secrets of Korea s rapid development in such a short span of time Each chapter covers historical contexts key to understanding its public administration and an important aspect as Korea is a fast changing society The book takes on a more pragmatic approach rather than to put the Korean experiences into the western theory Each chapter therefore provides an extensive discussion on the lessons learned and practical implications

Historical Development of English Learning Motivation Research Tae-Young Kim, 2021-09-07 This book clarifies the fundamental difference between

North America based instrumental motivation and Korea and East Asia specific competitive motivation by which the EFL learners excessive competition to be admitted to famous universities and to be hired at a large scale conglomerate is the main source of L2 motivation It enables readers to understand that EFL learning motivation reflects unique sociohistorical contexts grounded in a specific region or country This book in turn necessitates the need to develop EFL motivation theory and research tradition which are firmly based on East Asian values and culture *Learning to Think Korean* L. Robert Kohls,2001-08-01 Kohls shares a feast of Korean culture a ricebowl of history and tradition complimented by an array of spicy tidbits that capture the reader s attention like a mouthful of kimchi Based on personal experience he provides critical incidents that explore the more puzzling aspects of Korean culture Kohls explores Korean values traditional values value changes over the past forty years and projected values for the early decades of the twenty first century He is equally insightful when it comes to discussing the cultural patterns and practices of the workplace He takes on management style personal issues networking and pull negotiating style persistence key Korean business relations and more To a greater extent than most other Asian countries Korea adheres to the traditional collectivist and Confucian traits of harmony hierarchy ingroups outgroups status and proper behavior According to Kohls these traits plus the more Westernized values of the younger generations and the veneer of modern urban savvy surface in surprising combinations in personal and workplace relationships often where they are least expected **Constitutional Handbook on Korean Unification** Korea Economic Research Institute (South Korea),2002-11-27 Constitutional Handbook on Korean Unification I Introduction Constitutional Handbook on Korean Unification II Political and Social Issues Constitutional Handbook on Korean Unification III Law Issues Constitutional Handbook on Korean Unification IV Economic Issues *Korean Art since 1945: Challenges and Changes* Youngna KIM,2024-09-16 Over the past decades Korea has gradually risen to become one of the global representatives of Asian culture Korean artists have been increasingly active at an international level with many being invited for residencies and exhibitions all over the world Nonetheless for various reasons the general understanding of Korean contemporary art remains insufficient Although a few overviews of Korean contemporary art do exist they typically focus on the history of art groups and movements In addition several anthologies have been published with articles on a range of topics offering multiple perspectives However there have been few attempts to provide a unified synopsis of Korean contemporary art Presenting a comprehensive engaging survey that covers the full spectrum of Korean contemporary art *Korean Art since 1945 Challenges and Changes* seeks to fill this lacuna Drawing on primary sources it discusses the main issues including the ideological stakes that affected the art world modernist art vs political art and the fluidity of concepts such as tradition and national identity Moreover the book also has a chapter on the art of North Korea *Korean Art since 1945 Challenges and Changes* is an invaluable tool for those intent on grasping the entire scope of modern art in Asia **The Two Koreas** Don Oberdorfer,2001-12-06 Don Oberdorfer has written a gripping narrative history of Korea s travails and triumphs over the
