Aztlán Arizona Darius V. Echeverría, 2014-03-27 *Aztlán Arizona* is a history of the Chicano Movement in Arizona in the 1960s and 1970s Focusing on community and student activism in Phoenix and Tucson Darius V Echeverría ties the Arizona events to the larger Chicano and civil rights movements against the backdrop of broad societal shifts that occurred throughout the country Arizona's unique role in the movement came from its public schools which were the primary source of Chicano activism against the inequities in the judicial social economic medical political and educational arenas The word *Aztlán* originally meaning the legendary ancestral home of the Nahua peoples of Mesoamerica was adopted as a symbol of independence by Chicano activists during the movement of the 1960s and 1970s In an era when poverty prejudice and considerable oppositional forces blighted the lives of roughly one fifth of Arizonans the author argues that understanding those societal realities is essential to defining the rise and power of the Chicano Movement The book illustrates how Mexican American communities fostered a togetherness that ultimately modified larger Arizona society by revamping the educational history of the region The concluding chapter outlines key Mexican American individuals and organizations that became politically active in order to address Chicano educational concerns This Chicano unity reflected in student parent and community leadership organizations helped break barriers dispel the Mexican American inferiority concept and create educational change that benefited all Arizonans No other scholar has examined the emergence of Chicano Movement politics and its related school reform efforts in Arizona Echeverría's thorough research rich in scope and interpretation is coupled

with detailed and exact endnotes The book helps readers understand the issues surrounding the Chicano Movement educational reform and ethnic identity Equally important the author shows how residual effects of these dynamics are still pertinent today in places such as Tucson [Borderline Americans](#) Katherine Benton-Cohen,2011-03-04 Are you an American or are you not This was the question Harry Wheeler sheriff of Cochise County Arizona used to choose his targets in one of the most remarkable vigilante actions ever carried out on U S soil And this is the question at the heart of Katherine Benton Cohen s provocative history which ties that seemingly remote corner of the country to one of America s central concerns the historical creation of racial boundaries It was in Cochise County that the Earps and Clantons fought Geronimo surrendered and Wheeler led the infamous Bisbee Deportation and it is where private militias patrol for undocumented migrants today These dramatic events animate the rich story of the Arizona borderlands where people of nearly every nationality drawn by free land or by jobs in the copper mines grappled with questions of race and national identity Benton Cohen explores the daily lives and shifting racial boundaries between groups as disparate as Apache resistance fighters Chinese merchants Mexican American homesteaders Midwestern dry farmers Mormon polygamists Serbian miners New York mine managers and Anglo women reformers Racial categories once blurry grew sharper as industrial mining dominated the region Ideas about home family work and wages manhood and womanhood all shaped how people thought about race Mexicans were legally white but were they suitable marriage partners for Americans Why were Italian miners described as living as no white man can By showing the multiple possibilities for racial meanings in America Benton Cohen s insightful and informative work challenges our assumptions about race and national identity *Book of Days* C. Ward,2015-07-10 Border Oasis tells how two very different nations developed the delta into an agricultural oasis at enormous environmental cost Focusing on the years 1940 to 1975 including the disastrous salinity crisis of the 1960s and 1970s it combines Mexican Native American and U S perspectives to demonstrate that the political and diplomatic influences on the delta played as much a part in the region s transformation as did irrigation Ward reveals how mistrust among political and economic participants has been fueled by conflict between national and local officials on both sides of the border by Mexican nationalism and by a mutual recognition that water is the critical ingredient for regional economic development University of Arizona Press website *Comprehensive Calendar of Bicentennial Events* American Revolution Bicentennial Administration,1975-06 *Final Report* Arizona Bicentennial Commission,1977
