Meeks,2019-11-15 In *Border Citizens* historian Eric V Meeks explores how the racial classification and identities of the diverse indigenous mestizo and Euro American residents of Arizona s borderlands evolved as the region was politically and economically incorporated into the United States First published in 2007 the book examines the complex relationship between racial subordination and resistance over the course of a century On the one hand Meeks links the construction of multiple racial categories to the process of nation state building and capitalist integration On the other he explores how the region s diverse communities altered the blueprint drawn up by government officials and members of the Anglo majority for their assimilation or exclusion while redefining citizenship and national belonging The revised edition of this highly praised and influential study features a chapter length afterword that details and contextualizes Arizona s aggressive response to undocumented immigration and ethnic studies in the decade after *Border Citizens* was first published Meeks demonstrates that the broad based movement against these measures had ramifications well beyond Arizona He also revisits the Yaqui and Tohono O odham nations on both sides of the Sonora Arizona border focusing on their efforts to retain extend and enrich their connections to one another in the face of increasingly stringent border enforcement **100 Western Women** Jan Cleere,2025-03-12 History books record scant contributions women made in settling and developing the new territory of Arizona Yet women were an integral part of civilizing the rough rowdy often dangerous land For more than ten years Jan Cleere has written about the women who influenced the growth and development of Arizona in her column *Western Women* that appears monthly in the Arizona Daily Star newspaper The famous infamous and those not so well known are featured each with a compelling story of surviving and thriving under less than ideal circumstances Warriors basket weavers ranchers artists innkeepers schoolteachers politicians and entrepreneurs from a remarkable variety of backgrounds and cultures influenced the growth of Arizona Read about Larcena Pennington who had to crawl down a mountain to escape her Indian captors Hopi artist Nampeyo continued to make exquisite pots even after she started losing her eyesight Carmen Vasquez built a theater and brought in shows from as far away as Spain Elizabeth Hudson Smith ran a successful hotel until the color of her skin turned a town against her And Sarah Gorby allowed injured animals to live in her home until they could return to

their desert habitats The 100 Western women featured between these pages are just a handful of those who came before and after them as the territory emerged and flourished into an amazing and diverse state unlike any other in the nation

Rehnquist Herman Obermayer, 2009-09-15 In *Rehnquist* former editor and publisher Herman Obermayer completes the historical portrait of Supreme Court Justice William H Rehnquist through personal observations and recollections a memoir of friendship and a final act of posthumous loyalty The impact of Chief Justice William Rehnquist who served as a Supreme Court justice for a third of a century and headed the federal judiciary under four presidents cannot be overstated His dissenting opinion in *Roe v Wade* and his strongly stated positions on issues as various as freedom of the press school prayer and civil rights would guarantee his memory on their own Chiefly though William Rehnquist will always be remembered for his highly visible role in two of the most important and contentious political events of recent American history the impeachment trial of President Bill Clinton in 1999 and the Supreme Court's decision that made George W Bush the victor in the presidential election of 2000 Despite his importance as a public figure however William Rehnquist scrupulously preserved his private life And while his judicial opinions often inflamed passions and aroused both ire and praise they were rarely personal The underlying quirks foibles and eccentricities of the man were always under wraps Now however journalist Herman J Obermayer has broken that silence in a memoir of their nineteen year friendship that is both factually detailed and intensely moving his own personal tribute to his dearest friend In these pages we meet for the first time William Rehnquist the man in a portrait that can only serve to enhance the legacy of a Chief Justice who will be remembered in history as being among America's most influential

themselves in local and state politics even without the support of the reigning Democratic Party and challenged men for county office the state legislature state office Congress and even for governor This fascinating book reveals how they shattered traditional notions about a woman's place and paved the way for future female politicians including the Fab Five and countless others who have changed the course of Arizona history *Burton Barr* Philip VanderMeer, 2014-11-06 Arizona House Majority Leader Burton Barr's leadership style not only illuminated his personality and ideas but also explained the larger political development of Arizona Barr's career is instructive because of his considerable success the criticism it engendered and the forces he contested all taking place during an era of significant change *Reframing 1968* Martin Halliwell, 2017-12-20 The first 50 year retrospective of the most tumultuous year the 1960s for activism and radical politics The assassinations of Martin Luther King Jr and Robert Kennedy Gay rights women's rights and civil rights The Black Panthers and the Vietnam War The New Left and the New Right 1968 was a tumultuous year for US politics 50 years on Reframing 1968 explores the historical political and social legacy of 1968 in modern protest movements The contributors look at how protest has changed in the US from Students for a Democratic Society and the Civil Rights Movement in the late 1960s to the Women's Movement in the 1970s through to the contemporary visibility of the Tea Party and the Occupy movement 14 new interdisciplinary essays investigate the legacy of modern protest movements in the United States Gives you a micro history of 1968 framed within a broader historical and political understanding of modern protest Spans political trends social movements public figures ideologies and cultural channels Contributors Stefan M Bradley Saint Louis University Missouri USA Simon Hall University of Leeds UK Martin Halliwell University of Leicester UK Penny Lewis City University of New York USA Daniel Matlin King's College London UK Sharon Monteith Nottingham Trent University UK Andrew Preston University of Cambridge UK Doug Rossinow University of Oslo Norway Elizabeth Tandy Shermer Loyola University Chicago USA Stephen Tuck University of Oxford UK Anne M Valk Williams College Massachusetts USA Stephen J Whitfield Brandeis University Massachusetts USA Nick Witham Institute of the Americas University College London UK **The Journal of Arizona History**, 1965 **The Field of Water Policy** Franck Poupeau, Brian O'Neill, Joan Cortinas Muñoz, Murielle Coeurdray, Eliza Benites-Gambirazio, 2019-12-06 Bringing together the analysis of a diverse team of social scientists this book proposes a new approach to environmental problems Cutting through the fragmented perspectives on water crises it seeks to shift the analytic perspectives on water policy by looking at the social logics behind environmental issues Most importantly it analyzes the dynamic influences on water management as well as the social and institutional forces that orient water and conservation policies The first work of its kind The Field of Water Policy Power and Scarcity in the American Southwest brings the tools of Pierre Bourdieu's field sociology to bear on a moment of environmental crisis with a study of the logics of water policy in the American Southwest a region that allows us to see the contest over the management of scarce resources in a context of lasting drought As such it will appeal to scholars in the social and political sciences with interests in the
