**Hamid Naficy**

## **Armenians A People In Exile:**

**The Armenians** David Marshall Lang,1988      *The Righteous of the Armenian Genocide* GRARD. DDYAN,Ago Demirdjian,Nabil Saleh,2023 Shines long overdue light on the heroic individuals who took action in the face of the Armenian genocide This book tells the stories of the Muslims Christians Jews and others who made a courageous stand against the mass slaughter of Ottoman Armenians in 1915 the first modern genocide Foreigners and Ottomans alike ran considerable risks to bear witness and rescue victims sometimes sacrificing their lives Diplomats humanitarians missionaries lawyers and other visitors to the Empire stood up including Tolstoy s daughter Alexandra Raphael Lemkin the jurist who first established genocide as an international crime and the polar explorer Fridtjof Nansen who recognised and relieved the plight of stateless Armenian refugees Ottoman subjects from officials and officers to ordinary townspeople and villagers faced near certain death for their entire family by resisting orders and helping Armenians Unlike the Righteous of the Holocaust these heroes have been systematically ignored and erased a major injustice Based on fresh research and hoping to repay a moral debt to Ottoman Muslims who braved everything to rescue the authors forebears this book is an important moving testament to a grievously overlooked aspect of the Armenian tragedy      **The Treatment of Armenians in the Ottoman Empire** ,2008

**Britain and the Armenian Question** Akaby Nassibian,2023-11-06 First published in 1984 Britain and the Armenian Question examines the direction changes and ramifications of British policy towards Armenia during 1915 to 1923 The author has made extensive use of parliamentary papers and those of the Cabinet Foreign Office War Office and India office as well as documents produced by pro Armenian groups during the period This material is used to build up a detailed and incontrovertible study of British policy which shows the extent to which it was governed by self interest even when support for Armenia was its most altruistic Once Britain secured predominance in the Persian Gulf she lost all her interest in Armenian territory and the dilemma was posed when the war ended not only did she no longer need Armenia but also had to decide who to support in Russia Armenia lost out on all sides and was compelled eventually to adapt herself to the policies of the surrounding countries This is an interesting read for scholars and researchers of international relations and international political history      **History and Culture of the Armenians** Arthur Bayramyan,2001      **The treatment of Armenians in the Ottoman Empire** Various Authors,2023-07-10 The Treatment of Armenians in the Ottoman Empire is a profound anthology that compiles a series of testimonies documents and analyses regarding the plight of Armenians during the tumultuous era of the Ottoman Empire Written in a candid and often harrowing style the book adopts a historical lens that is critical for understanding the societal and political climate of the time It illuminates the cultural and socio economic dynamics that led to widespread persecution bridging the gap between personal narratives and broader geopolitical context making it a pivotal text for those interested in genocide studies and Ottoman history The authors a diverse group of historians journalists and eyewitnesses collectively convey the urgency and gravity of the Armenian plight Their backgrounds

reflect a spectrum of experiences with many having faced persecution themselves or being descended from survivors Their commitment to unearthing historical truths is evident through meticulous research and sourcing revealing the complexities of identity and survival in the face of adversity This book is essential reading for anyone seeking to grasp the historical roots of contemporary ethnic tensions and humanitarian issues It stands as a crucial educational resource fostering awareness empathy and understanding that transcends time making it an indispensable addition to the library of anyone interested in human rights and historical justice *Armenian-Americans* Anny Bakalian, 2017-07-12 Assimilation has been a contentious issue for most immigrant groups in the United States The host society is assumed to lure immigrants and their descendants away from their ancestral heritage Yet in their quest for a better life few immigrants intentionally forsake their ethnic identity most try to hold onto their culture by transplanting their traditional institutions and recreating new communities in America Armenian Americans are no exception Armenian Americans have been generally overlooked by census enumerators survey analysts and social scientists because of their small numbers and relative dispersion throughout the United States They remain a little studied group that has been called a hidden minority *Armenian Americans* fills this significant gap Based on the results of an extensive mail questionnaire survey in depth interviews and participant observation of communal gatherings this book analyzed the individual and collective struggles of Armenian Americans to perpetuate their Armenian legacy while actively seeking new pathways to the American Dream This volume shows how men and women of Armenian descent become distanced from their ethnic origins with the passing of generations Yet assimilation and maintenance of ethnic identity go hand in hand The ascribed unconscious compulsive Armenianness of the immigrant generation is transformed into a voluntary rational situational Armenianness The generational change is from being Armenian to feeling Armenian The Armenian American community has grown and prospered in this century Greater tolerance of ethnic differences in the host society the remarkable social mobility of many Armenian Americans and the influx of large numbers of new immigrants from the Middle East and Soviet bloc in recent decades have contributed to this development The future of this community however remains precarious as it strives to adjust to the ever changing social economic and political conditions affecting

Studies on the Armenian Question Kemal Çiçek, 2020-09-02 The Armenian Question is part of a larger problem formulated under the name The Question of the Orient which has been brought up in different forms at different times and places Throughout history it is part of the games that have been played countless times against the Turkish people and state Again this problem constitutes a different face of the imperialist politics applied by the great states throughout the Balkans the Caucasus the Middle East and Anatolia throughout history Although those who direct the issue of relocation have acted individually or collectively the target has always been the Turkish people and state This valuable work of Kemal Çiçek seeks an answer to this question It is an extremely rigorous and most importantly an impartial study In addition this book provides sound information not only for scholars but also for the general reader who is interested in this problem **The Ottoman**

**Armenians** Salahi Ramadan Sonyel,1987      Armenians Beyond Diaspora Tsolin Nalbantian,2019-12-05      Armenian and Jewish Experience between Expulsion and Destruction Sarah M. Ross,Regina Randhofer,2021-11-22 Jews and Armenians are often perceived as peoples with similar tragic historical experiences Not only were both groups forced into statelessness and a life outside their homelands for centuries in the 20th century in the shadow of war they were threatened with collective annihilation Thus far academic approaches to these two classical diasporas have been quite different Moreover Armenian and Jewish questions posed during the 19th and 20th centuries have usually been treated separately The conference We Will Live After Babylon that took place in Hanover in February 2019 addressed this gap in research and was one of the first initiatives to deal directly with Jewish and Armenian historical experiences between expulsion exile and annihilation in a comparative framework The contributions in this volume take on multidisciplinary approaches relating to the conference s central themes diaspora minority issues and genocide      Congressional Record United States. Congress,2001      **The Armenians** Hamo B. Vassilian,1993      Kinship & Diasporas in International Affairs Yossi Shain,2007 A major study of the vast but until now unappreciated influence of kinship and diaspora on international politics      Surviving Jewel Mitri Raheb,Mark A. Lamport,2022-05-24 The Christian church was born in the Middle East and grew there for centuries Its interaction with Islam turned Christianity in this once predominantly Christian region into a marginalized jewel surviving at great peril within a difficult even sometimes hostile political and religious climate Of course the story of Christianity over the last 1 300 years is not solely one of conflict marginalization and persecution but is also about accommodation interchange and cooperation This introductory book details the history of the church in its Middle Eastern birthplace through the past two thousand years It is a story described as a lost history by Philip Jenkins but it is here uncovered and placed on display For those with eyes to see the church of the Middle East is here revealed as a precious jewel still catching the light      *The Making of Exile Cultures* Hamid Naficy,1993-01-01 Using Iranian television as a case study The Making of Exile Cultures explores the seemingly contradictory way in which immigrant media and cultural productions serve as the source both of resistance and opposition to domination by host and home country s social values while simultaneously acting as vehicles for personal and cultural transformation and the assimilation of those values      Migration and the Rise of the United States Amba Pande,Camelia Tigau,2024-08-20 By bringing together eminent scholars this book highlights the current scholarship in the field of migration which tries to present a counter narrative to popular anti immigrant rhetoric and populist domestic politics There has been a growing global trend of alternative histories and anthropologies that brings forth the voices from the margins and the developing world This volume in that sense without undermining the US s eminence tries to deprovincialise Burke 2020 or deparochialise it from within or through the histories of the immigrants In other words it attempts to re read the US s emergence as an important power with immigration as the site of analysis It provides a comprehensive and in depth theoretical and empirical discussion that will appeal to scholars and practitioners alike      **Mass Media and the Genocide**

**of the Armenians** Stefanie Kappler, Sylvia Kasparian, Richard Godin, Joceline Chabot, 2016-03-29 The role of the mass media in genocide is multifaceted with respect to the disclosure and flow of information This volume investigates questions of responsibility denial victimisation and marginalisation through an analysis of the media representations of the Armenian genocide in different national contexts     *Appletons' Annual Cyclopaedia and Register of Important Events* ,1896     The American Annual Cyclopedia and Register of Important Events of the Year ... ,1896

## Unveiling the Power of Verbal Beauty: An Psychological Sojourn through **Armenians A People In Exile**

In a global inundated with displays and the cacophony of fast connection, the profound energy and psychological resonance of verbal artistry usually disappear into obscurity, eclipsed by the regular onslaught of sound and distractions.
