Female Innovators Who Changed Our World Emma Green,2022-04-13 We are not all born with equal opportunities Yet there have been countless of women who have overcome a range of barriers such as prejudice illness and personal tragedy to advance our understanding of science technology engineering and mathematics STEM They used their knowledge to change the world and their stories are fascinating This book offers a concise introduction of the lives of 46 women taking you into the cultural and social context of the world they lived in Through their intelligence courage and resilience they used STEM to defy expectations and inspire generations to follow in their footsteps Some of them invented items we use day to day and discovered causes and treatments for epidemics that ostracised whole sections of society whilst others campaigned for the reproductive rights of women and harnessed mathematics to send people into space and break ciphers These women are proof that females can and did have a hugely significant role in shaping the world we live in today

Around the World in Fifty Days: The Joy and Perils of Voyage V. Basil Hans, Around the World in Fifty Days is a captivating travel narrative that chronicles an ambitious journey across diverse continents cultures and landscapes within a span of just fifty days Blending vivid storytelling with keen observations the author takes readers through bustling cities serene countrysides ancient landmarks and hidden gems off the beaten path Each stop unveils unique traditions flavors and human connections painting a rich tapestry of global life This is not just a tale of distance covered but of experiences gained offering a reminder that the world is vast yet deeply interconnected

State-Society Relations around the World through the Lens of the COVID-19 Pandemic Federica Duca,Sarah Meny-Gibert,2023-12-04 The collection examines state society relations during the COVID 19 pandemic from governance at the outset of the pandemic to vaccine rollouts via a series of case studies from around the world With a focus on the Global South the book includes chapters on the experiences of Angola Zimbabwe South Africa Bolivia Argentina Brazil Jamaica and Indonesia as well as contributions from the Global North on Sweden Canada Czech Republic and New Zealand The collection demonstrates that the effects of the pandemic can only be properly revealed by looking at the regional and local contexts in which states and societies experienced it

Contributors examine themes such as the nature of contemporary democracy state capacity the legitimacy of state institutions and trust in government questions of social solidarity and forms and impacts of inequality Focusing on national or sub national cases each chapter analyses the underlying forces and structures revealed when the authority of the state is brought to bear on the agency of citizens under emergency conditions In doing so contributors embed analysis of pandemic governance in the historical context of each country or region highlighting how political choices histories of the state s treatment of citizens and the orientations of a region s elites shaped the actions taken by the state The book will be of interest to those looking to understand how the pandemic was interpreted accepted or contested at the local national or sub national level and to those interested in state society relations more generally It will appeal to scholars and students interested in questions of pandemic government from a social scientific point of view and especially to those interested in perspectives from the Global South
