The chapters provide Asian preschool teachers with insights on how to design, implement and/or evaluate high quality classroom activities. These insights help maximize children's creativity while being realistic and suitable to local preschools as well as aligned with the expectations, values and norms of traditional Asian societies. The chapters are primarily oriented to practice and also include conceptual and/or theoretical elaborations intended to ground and justify teachers' pedagogical choices. The various chapters also enhance teachers' pedagogical repertoires to benefit children's creative learning experiences in the arts.
