Art of Nature Judith Magee, 2009 Art of Nature is an astonishing visual record of the exploration of parts of the natural world that had never previously been documented It features many of the greatest natural history artists of the last 300 years Merian Bartram Ehret the Bauer brothers Audubon and Gould Some were seeking fame as scientists or artists others sought financial gain or at least the prospect of earning a living in what they loved doing For some it also provided them with the opportunity to present their view of nature to a wider community Whatever the reasons few would have contradicted Humboldt's comment that he was spurred on by an uncertain longing for what is distant and unknown for whatever excited my fantasy danger at sea the desire for adventures to be transported from a boring daily life to a marvellous world

Continent by continent Judith Magee draws on the unrivalled collections of the Library of the Natural History Museum to illustrate the development of natural history art through the centuries and its crucial role in furthering people's appreciation of nature all around the world book jacket

Metaphysics and Gender: The Normative Art of Nature and Its Human Imitations

Michele Schumacher,2023-03-07 The emergent science of transgenderism and related philosophies of gender propose a full scale inversion of the understanding of God man and the created order articulated in classical metaphysics undermining and parodying both the causality and ontology voiced by Genesis 1 27 God created man in His own image male and female He created them Whether through subversive performative identity or by surgical sex change the divinely made human person is now threatened with abolition and replacement by the self made man and the man made woman In Metaphysics and Gender Michele M Schumacher offers a corrective to this distorted and distorting outlook calling for the recovery of an anthropological vision rooted in recognition of the normative divine art of nature and of the likeness and far greater unlikeness between divine and human causality Surveying contemporary transgender trends Schumacher identifies and excavates their conceptual and ideological foundations in the gender theory of Judith Butler the existentialist feminism of Simone de Beauvoir and the atheistic existentialism of Jean Paul Sartre To the erroneous philosophical presuppositions of these thinkers Schumacher contrasts the metaphysically grounded thought of Aristotle and Thomas Aquinas advancing their positive account of the good of creation and of the meaning of ethical norms human freedom and natural inclinations and embodiment and mounting a timely and trenchant defense of the divinely created human person
