Proceedings of the 2024 3rd International Conference on Social Sciences and Humanities and Arts (SSHA 2024) Mohd Fauzi bin Sedon, Intakhab Alam Khan, Mehmet Cüneyt Birkök, KinSun Chan, 2024-06-20 This is an open access book With the progress of social civilization social science and its research are becoming more and more important Theoretically and practically the study of social phenomena and social problems and the development of prosperous social sciences are the eternal themes of human beings At present social science research and its results can hardly meet the needs of social development especially the unscientific evaluation of social science results which has aroused great concern from all walks of life and has produced dirt and questions on social science thus affecting the proper development of social science Max Weber once said that the most important function of social science in modern times is to keep people clear headed and to resist the delusions of prophetic legislators Humanities and arts are the process of perceiving realizing thinking manipulating and expressing objective or subjective objects through capturing and excavating feeling and analyzing integrating and applying or displaying the stage results in the form obtained through feeling seeing hearing smelling touching The social sciences and humanities and arts contain content that will directly affect our lives and the way society functions And by reacting to today's increasingly intricate problems and situations through systematic and professional discussions they will further contribute to the improvement of institutions and the development of society By thinking about issues and looking at problems and the world from different perspectives by putting the two together it may be possible to have more comprehensive appropriate and

better responses for example the development of laws requires a deeper understanding of the environment in which they are implemented international trade requires a certain understanding of the customs of different countries and the development of tax and economic policies requires a certain understanding of the population consumer demand etc **Virtues and Passions in Literature** Anna-Teresa Tymieniecka, 2007-11-10 The Human Condition prompts our creative strivings beyond the natural round of life toward outstanding achievements This book explains how the emergence of Human Condition lifts natural endowment of the individual to the level of excellence It shows how natural forces and promptings of life transmute through creative Human Condition subliminal passions of the soul into innumerable streaks of spiritual significance

Art and Its Significance Stephen David Ross, 1984-01-01 The philosophy of art including the theory of interpretation has been among the most generative branches of philosophy in the latter half of the twentieth century Remarkable interesting

and important work has emerged on both sides of the Atlantic from all the major sources of philosophic thought For the first time Stephen David Ross brings together the best of recent writing with the major historical texts and the most influential works of the past century to provide valuable insight into the nature of art and how we are to understand it The selections in this collection comprise a remarkably wide array of positions on the nature and importance of art in human experience A wealth of material is divided into four parts Part I from the history of philosophy includes selections by the essential writers Plato Aristotle Kant Hegel Nietzsche In Part II there are significant selections from Dewey Langer Goodman Heidegger and Merleau Ponty The major selections in Part III are from Hirsch and Gadamer on the nature of interpretation supplemented by selections from Pepper Derrida and Foucault Selections in Part IV sharpen the issues that emerge from the more theoretical discussions in the preceeding sections Part IV includes important psychological theories seminal proclamations by twentieth century artists and selections from Bullough on aesthetic distance as well as from Marcuse who develops an important variation on the Marxist view of art

The Six-Day War of 1899 Patrick H. Hase,2008-01-01 In 1899 a year after the Convention of Peking leased the New Territories to Britain the British moved to establish control This triggered resistance by the some of the population of the New Territories There ensued six days of fighting with heavy Chinese casualties This truly forgotten war has been thoroughly researched for the first time and recounted in lively style by Patrick Hase an expert on the people and history of the New Territories

Aesthetics Primer Boyd White,2009 The Aesthetics Primer is intended for anyone interested in the topic of aesthetics and how it can influence directions in education The text is suitable for university courses that address aesthetics specifically but also art education values education philosophy of education and qualitative research methods While examples are frequently taken from art the primer is applicable beyond the discipline of aesthetic education The text approaches its topic from two directions First there is a theoretical and philosophical section providing a historical context for the term aesthetics It then provides a practical application describing a research protocol that examines how participants respond to record and reflect on their aesthetic encounters These activities result in a merging of aesthetic responses and in the examples provided art criticism The implication is that the exercise could be extended to include other educational disciplinary foci as well The research clearly indicates emerging patterns of self and social awareness that result from subjects participation

Popular Culture Values and the Arts Ray B. Browne, Lawrence A. Kreiser, Jr.,2014-01-10 In countries around the world the rise of class divisions and unbridled capitalism are changing the conventional definitions of art and esthetics Historically the philanthropy of the elite has played a leading role in supporting funding and distributing artistic works While such measures may be pure in intent many worry that private funding may be gentrifying the arts and creating a situation in which art will only be valued for its prestige or worse its price tag This collection of essays examines the current movement to democratize the arts and make the world of artistic endeavor open and accessible to all Instructors considering this book for use in a course may request an examination copy here
