

Arizona Politics and Government

SECOND EDITION | *The Quest for
Autonomy, Democracy,
and Development*

DAVID R. BERMAN

Arizona Politics Government The Quest For Autonomy Democracy And Development

Gary F. Moncrief

Arizona Politics Government The Quest For Autonomy Democracy And Development:

Arizona Politics and Government David R. Berman, 2024-07 Arizona has become a swing state in recent national elections the source of controversial policies and policy proposals and the home of well known political personalities In this new edition of *Arizona Politics and Government* David R Berman examines contemporary issues in a broad historical comparative and theoretical context to identify the mixture of ideas activities and events that have helped shape the essential character of the Arizona polity Beginning with an overview of continuities and changes in Arizona politics Berman then discusses more specific topics such as immigration and water issues cultural wars political extremism voting rights and political reform as well as intergovernmental relations judicial elections the place of rural Arizona and organized labor in state politics and the state s treatment of Natives Mexican Americans and African Americans Above all Berman considers the values beliefs and behavioral patterns reflected in the state s political life that have fueled Arizonans quests for autonomy democracy and development

Arizona Politics & Government David R. Berman, 1998-01-01 *Arizona Politics and Government* analyzes the development and operation of one of the country s fastest growing states David R Berman cogently explains the distinctive history and culture of Arizona politics thoroughly describing the development structure and operation of major components of the governing system According to Berman three forces have shaped the history structure and present character of Arizona politics autonomy the push for democracy and economic development Arizonans belief in autonomy derived from the traditional western individualism of settlers has deeply influenced the role of their government their views of outsiders and intergovernmental relations Concerns about democracy produced several progressive reforms in the early twentieth century heightened awareness of the dangers of special interest influence and corruption and resulted in a long struggle to open the political system A quest for economic development has been another major force in state politics becoming especially significant during the last few decades

Understanding the Arizona Constitution Toni McClory, 2001 An authoritative guide to Arizona government written in plain language How do laws make their way through the state legislature What are the specific powers of the governor How do the courts make public policy Can citizens change the constitution A leading lawyer and college educator who was an assistant attorney general through six governors Toni McClory has written a definitive guide to Arizona government that is as comprehensive as it is easy to understand It provides a thorough explanation of the state s constitution and shows the impact that its unique features have had on the everyday operation of the state s political system Thoroughly up to date and clearly written this book belongs on every Arizonan s shelf Much of the information it contains is based on original research compiled by the author from primary sources and draws on her direct experience with government processes officials and events For concerned citizens it offers topics of special interest to voters including facts about initiatives and referenda and a chapter on local government and contains references to online government resources For lawyers and business people it makes available a brief yet sophisticated synopsis of state

government along with a wealth of citations and supporting detail For students and teachers it offers an exceptionally readable introductory text that relies heavily on primary sources and features pro and con passages examining both sides of important issues that are designed to stimulate critical thinking From administrative rules to water law Understanding the Arizona Constitution is your complete guide to the inner workings of the state It is an essential reference for today s citizens and tomorrow s leaders

Kansas Politics and Government H. Edward Flentje, Joseph A. Aistrup, 2010-03-01 This volume uses the prism of political cultures to interpret Kansas politics and disclose the intimate connections between the state s past and its current politics The framework of political cultures evolves from underlying political preferences for liberty order and equality and these preferences form the basis for the active political cultures of individualism hierarchy and egalitarianism This comprehensive examination of Kansas political institutions argues that Kansas politics historically and presently may best be understood as a clash of political cultures

Utah Politics and Government Adam R. Brown, 2018-08 As unique as is Utah s formative history of civil and religious conflict its political institutions today broadly resemble those found in other American states While its majority Mormon population translates into an enormous Republican advantage in local and national elections Utahns have taken a more centrist stance on some issues such as immigration while Utah itself has become the third fastest growing state in the country since 2000 The mostly geographically rural state is demographically urban and Salt Lake County is now a swing county in some elections Utah Politics and Government offers an accessible analysis of Utah s political cultures starting with the state s unique pioneer heritage its development into a secular American state and its explosive modern growth The book covers the state constitution and its place in the federal system ongoing public lands disputes and major political institutions Several original datasets covering the last thirty years in Utah politics provide contemporary context and analysis The final chapter offers practical advice to citizens wishing to engage with their elected officials Adam R Brown has written a book that is beneficial not only for educational purposes but also for the average citizen who wishes to understand how Utah s government operates get involved in state politics and make informed choices

Idaho Politics and Government Jasper M. LiCalzi, 2019 Examining politics in Idaho through the lens of ideology i e conservative versus liberal or partisanship i e Democrat versus Republican does not illuminate the more fundamental dynamics of the state s political environment Unlike other states that are divided on partisan or traditional ideological lines Idaho tends to be divided between its libertarian and communitarian visions of the role of government and the place of the individual in society In *Idaho Politics and Government* Jasper M LiCalzi examines the complex world of Idaho politics where morality dominates but a heartily libertarian strain of individualism keeps lawmakers from falling into the liberal versus conservative dialogue prevalent in other states After opening with the ultrasound bill failure as a recent example of Idaho s political culture LiCalzi traces the influence of individuals and party factions from the 1960s through the present before moving on to the inner workings of government itself with all its institutions and extra governmental extensions He closes

with another recent Idaho bill concerning the topics of child support and Sharia Islamic law giving readers yet another glimpse of the workings of Idaho politics and the continuing clash between the community and the individual Presenting a continuum of political views from an emphasis on the individual personified by Thomas Jefferson to a focus on community personified by Alexander Hamilton LiCalzi provides a new method for understanding political actions and situations in Idaho

Desert Visions and the Making of Phoenix, 1860-2009 Philip VanderMeer, 2010-12-16 Whether touted for its burgeoning economy affordable housing and pleasant living style or criticized for being less like a city than a sprawling suburb Phoenix by all environmental logic should not exist Yet despite its extremely hot and dry climate and its remoteness Phoenix has grown into a massive metropolitan area This exhaustive study examines the history of how Phoenix came into being and how it has sustained itself from its origins in the 1860s to its present status as the nation's fifth largest city From the beginning Phoenix sought to grow and although growth has remained central to the city's history its importance meaning and value have changed substantially over the years The initial vision of Phoenix as an American Eden gave way to the Cold War Era vision of a High Tech Suburbia which in turn gave way to rising concerns in the late twentieth century about the environmental social and political costs of growth To understand how such unusual growth occurred in such an improbable location Philip VanderMeer explores five major themes the natural environment urban infrastructure economic development social and cultural values and public leadership Through investigating Phoenix's struggle to become a major American metropolis his study also offers a unique view of what it means to be a desert city

Maine Politics and Government

Kenneth T. Palmer, 2009 Remote and thinly populated Maine was long insulated from many of the demographic and economic trends of states to the south Maine Politics and Government traces recent changes in the state's system as agriculture manufacturing and maritime trades have ceded dominance to high tech businesses extensive commercial development and an expanding governmental sector

Washington State Politics and Government T. M. Sell, 2023-11 In the twenty first century as many candidates actively campaign against the very government they seek to serve in and as many people appear to believe their government irreparably broken T M Sell argues that in Washington State the system works better than most realize In Washington State Politics and Government Sell explains how the many parts of government function and introduces readers to a diverse array of individuals who work in government including how they got there and what it is they're trying to do Sell covers the three branches of state government plus county city special purpose district and tribal governments He explains the state budgets and taxes the functions of major and better known state agencies how policy is made the political landscape of Washington and parties voting and elections Sell discusses economic development including the importance of high tech industry aviation Amazon.com and more traditional parts of the state economy such as timber and agriculture He also provides a contemporary look at Washington's elected officials constitution judiciary media demographics and political culture and landscape With this volume any Washington citizen student of politics or specialist in

government can gain insight into the state's current political system Minnesota Politics and Government Daniel Judah Elazar, Virginia Gray, Wyman Spano, 1999-01-01 For the first time in decades here is an in depth look at Minnesota government and politics providing a useful overview of the history structure and distinctive characteristics of the political system in the North Star State Minnesota's government is often held up as a role model for other states Drawing on survey research electoral analysis interview data and political experience the authors examine contemporary politics in Minnesota emphasizing in particular its long standing moralistic dimension Attention is given to the major components of the state's political system the constitution legislature courts relationship to both the federal system and local governments lobbying elections campaign finance and public attitudes toward taxes and services Equally important the authors assess various enduring myths and views about Minnesota politics including its legendary liberalism and citizen involvement in the political scene and even consider how its new governor former wrestler Jesse Ventura fits into Minnesota's traditions **Wisconsin Politics and Government** James K. Conant, 2006-01-01 Throughout the twentieth century Wisconsin won national visibility and praise for its role as a laboratory of democracy within the American federal system In Wisconsin Politics and Government James K Conant traces the development of the state and its Progressive heritage from the early territorial experience to contemporary times Conant includes a discussion of the four major periods of institutional and policy innovation that occurred in Wisconsin during the twentieth century as well as an examination of the state's constitution legislature office of the governor courts political parties and elections interest groups social welfare policy local governments state local relations and current and emerging issues Readers of Wisconsin Politics and Government are likely to find a close correspondence between Wisconsin's social economic and political experience during the twentieth century and the essential democratic characteristics Alexis de Tocqueville describes in his classic work Democracy in America For example Wisconsin's twentieth century civil society was highly developed its elected and administrative officials continuously sought to improve the state's political and administrative institutions and they worked to enhance the economic and social conditions of the state's citizens Other modern characteristics of the state's democratic experience include issue oriented politics government institutions operating free of scandal and citizens turning out to vote in large numbers **Governing Idaho** James Benjamin Weatherby, Randy Stapilus, 2005 Distributed by the University of Nebraska Press for Caxton Press Idaho is a state with many varied interests vying for political control Whether it be in the politically liberal north the staunchly conservative southeast or the rapidly changing southwest of the state the social and political factors that determine who gains power in the Gem state often flies in the face of logic and makes for an interesting study in contrasts Maryland Politics and Government Herbert Charles Smith, John T. Willis, 2012-01-01 Tucked between the larger commonwealths of Pennsylvania and Virginia and overshadowed by the political maneuverings of its neighbor Washington D C Maryland has often been overlooked and neglected in studies of state governmental systems With the publication of Maryland Politics and Government the

challenging demographic diversity geographic variety and dynamic Democratic pragmatism of Maryland finally get their due Two longtime political analysts Herbert C Smith and John T Willis conduct a sustained inquiry into topics including the Maryland identity political history and interest groups the three branches of state government and policy areas such as taxation spending transportation and the environment Smith and Willis also establish a Two Marylands model that explains the dominance of the Maryland Democratic Party established in the post_Civil War era that persists to this day even in a time of political polarization Unique in its scope detail and coverage Maryland Politics and Government sets the standard for understanding the politics of the Free State or alternately the Old Line State for years to come West Virginia Politics and Government Richard A. Brisbin, Jr., Winning Their Place Heidi J. Osselaer, 2011-09 In January 1999 five women were elected to the highest offices in Arizona including governor secretary of state attorney general treasurer and superintendent of public instruction The Fab Five as they were dubbed by the media were sworn in by U S Supreme Court Justice Sandra Day O Connor herself a former member of the Arizona legislature Some observers assumed that the success of women in Arizona politics was a result of the modern women s movement but Winning Their Place convincingly demonstrates that these recent political victories have a long and fascinating history This landmark book chronicles for the first time the participation of Arizona women in the state s early politics Incorporating impressive original research Winning Their Place traces the roots of the political participation of women from the territorial period to after World War II Although women in Arizona first entered politics for traditional reasons to reform society and protect women and children they quickly realized that male politicians were uninterested in their demands Most suffrage activists were working professional women who understood that the work place discriminated against them In Arizona they won the vote because they demanded rights as working women and aligned with labor unions and third parties that sympathized with their cause After winning the vote the victorious suffragists ran for office because they believed men could not and would not represent their interests Through this process these Arizona women became excellent politicians Unlike women in many other states women in Arizona quickly carved out a place for themselves in local and state politics even without the support of the reigning Democratic Party and challenged men for county office the state legislature state office Congress and even for governor This fascinating book reveals how they shattered traditional notions about a woman s place and paved the way for future female politicians including the Fab Five and countless others who have changed the course of Arizona history Reapportionment and Redistricting in the West Gary F. Moncrief, 2011-12-22 In Reapportionment and Redistricting in the West Gary F Moncrief brings together some of the best known scholars in American state and electoral politics to explore the unique processes and problems of redistricting in the western United States These political scientists examine the specific challenges facing western states in ensuring fair and balanced political representation Western states tend to be geographically large and experiencing rapid population growth and the chapters in this enlightening volume discuss the changing demographics in

western states paying special attention to the rise in the Latino population and the effect this has had on reapportionment and redistricting They describe the ways in which some of these states achieve redistricting through independent redistricting commissions a process rarely found in other regions and they provide policy prescriptions for the future

Nebraska Government and Politics Robert Blair, Christian L. Janousek, Jerome Deichert, 2025 Nebraska Government and Politics offers an in depth examination of the connection between governmental institutions and the political culture traditions and heritage of Nebraska

Colorado Politics and Policy Thomas E. Cronin, Robert D. Loevy, 2012-10-15 Survey after survey reveals that many Coloradans believe that the U S government is too big too wasteful and too intrusive Yet Colorado is arguably one of the most federally subsidized states in the union with forests national parks military bases and research laboratories benefiting from the federal government s largesse A concise history of Colorado s constitution and central political institutions Colorado Politics and Policy offers a probing analysis of the state s political cultures It shows how the state in many ways a template of the deeply contrary politics of the nation puts political power into the hands of an ever more polarized electorate increasingly inclined to put the concerns of government to the test of the citizen initiative Colorado Politics and Policy is the result of broad gauged and sophisticated research which includes author interviews with citizens and officials across the state three specially commissioned statewide public opinion surveys and extensive interviews with governors legislators judges lobbyists interest group leaders and leading political analysts This fresh and engaging interpretation is essential reading for those who want to understand Colorado s major election trends chief public policy and budget challenges and this distinctively purple state s unique political history

Rhode Island Politics and Government Maureen Moakley, Elmer E. Cornwell, 2001-01-01 Rhode Island is the smallest state in the union yet it is also one of the most densely populated Its political culture has until recently resembled the old style patronage politics of a city state The Ocean State s politics have been highly individualistic contentious and distinct from those of surrounding states since its founding by Roger Williams The state s individualism is embodied in the statue The Independent Man that stands atop its statehouse Rhode Island Politics and Government is an essential introduction to the history structure and characteristics of politics in Rhode Island Explained in turn are such components and factors as the state s constitution general assembly executive branch party system interest groups budgetary process and relationship to the federal government The authors also explore the nature of local government

New Jersey Politics and Government Barbara G. Salmore, Stephen A. Salmore, 1998-01-01 Discussing such issues as the development of a more activist posture within the state government and the response of the New Jersey polity to growing suburbanization Barbara G Salmore and Stephen A Salmore present the only comprehensive overview of politics and government in New Jersey This second edition includes a new chapter on the political changes in New Jersey since the book s original publication in 1993

Unveiling the Magic of Words: A Report on "**Arizona Politics Government The Quest For Autonomy Democracy And Development**"

In some sort of defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their power to kindle emotions, provoke contemplation, and ignite transformative change is really awe-inspiring. Enter the realm of "**Arizona Politics Government The Quest For Autonomy Democracy And Development**," a mesmerizing literary masterpiece penned with a distinguished author, guiding readers on a profound journey to unravel the secrets and potential hidden within every word. In this critique, we shall delve into the book's central themes, examine its distinctive writing style, and assess its profound effect on the souls of its readers.
