Arab Voices in Diaspora, 2009-01-01 Arab Voices in Diaspora offers a wide ranging overview and an insightful study of the field of anglophone Arab literature produced across the world The first of its kind it chronicles the development of this literature from its inception at the turn of the past century until the post 9 11 era The book sheds light not only on the historical but also on the cultural and aesthetic value of this literary production which has so far received little scholarly attention It also seeks to place anglophone Arab literary works within the larger nomenclature of postcolonial emerging and ethnic literature as it finds that the authors are haunted by the same hybrid exilic and diasporic questions that have dogged their fellow postcolonialists Issues of belonging loyalty and affinity are recognized and dealt with in the various essays as are the various concerns involved in cultural and relational identification The contributors to this volume come from different national backgrounds and share in examining the nuances of this emerging literature Authors discussed include Elmaz Abinader Diana Abu Jaber Leila Aboulela Leila Ahmed Rabih Alameddine Edward Atiyah Shaw Dallal Ibrahim Fawal Fadia Faqir Khalil Gibran Suheir Hammad Loubna Haikal Nada Awar Jarrar Jad El Hage Lawrence Joseph Mohja Kahf Jamal Mahjoub Hisham Matar Dunya Mikhail Samia Serageldine Naomi Shihab Nye Ameen Rihani Mona Simpson Ahdaf Soueif and Cecile Yazbak Contributors Victoria M

Arkansas Libraries ,1979 Sisters, Seeds, and Cedars Fountain, Sarah M., History consists mainly of the milestones the turning points of time What are often lost in the fray are the details Thankfully for those who have a hunger for history books like Sisters Seeds and Cedars exist to fill in some of the gaps of history The book contains letters from two sisters Cornelia and Clara Originally from Alabama Clara moves on to Arkansas while Cornelia stays where her roots are Clara eventually puts down roots of her own and the sisters continue to converse through letter writing for their entire lives The letters span the generations and provide insight into everyday life between 1850 1928 Without them it might not be known that a dewlarkie is most likely a slang word of the period for a beau The letters also provide details of the effects of the Civil War on the citizens of the South As the sisters recover from the war they must adjust to their new lives filled with carpetbaggers and sharecroppers While it may be impossible to know all the details of history letters that have survived and have been preserved in a book like Sisters Seeds Cedars paint a more complete picture of events that have shaped the world and families alike Sarah Moseley Fountain is a native Arkansan dedicated to Arkansas literature history and culture She lives in Conway Arkansas Multidisciplinary Management of Pediatric Voice and Swallowing Disorders J. Lift Up Your Voice Like a Trumpet Michael B. Friedland, 2000-11-09 When the Supreme Court declared in 1954 that segregated public schools were unconstitutional the highest echelons of Protestant Catholic and Jewish religious organizations enthusiastically supported the ruling and black civil rights workers expected and actively sought the cooperation of their white religious cohorts Many white southern clergy however were outspoken in their defense of segregation and even those who supported integration were wary of risking their positions by urging parishioners to act on their avowed religious beliefs in a common humanity Those who did so found themselves abandoned by friends attacked by white supremacists and often driven from their communities Michael Friedland here offers a collective biography of several southern and nationally known white religious leaders who did step forward to join the major social protest movements of the mid twentieth century lending their support first to the civil rights movement and later to protests over American involvement in Vietnam Profiling such activists as William Sloane Coffin Jr Daniel and Philip Berrigan Abraham Joshua Heschel Eugene Carson Blake Robert McAfee Brown and Will D Campbell he reveals the passions and commitment behind their involvement in these protests and places their actions in the context of a burgeoning ecumenical movement

The Voices From The Past - Hundreds of Testimonies by Former Slaves In One Volume Work Projects Administration, 2023-12-11 In The Voices From The Past Hundreds of Testimonies by Former Slaves In One Volume the Work Projects Administration compiles a remarkable collection of firsthand accounts from former enslaved individuals shedding light on their experiences and the complexities of slavery in America The book's literary style is characterized by authentic vernacular and vivid personal narratives allowing readers to connect with the raw emotion and resilience underlying each testimony This compilation not only serves as a historical document but also positions itself within the tradition of oral history making an invaluable contribution to the understanding of African American experiences in the antebellum and postbellum periods The Work Projects Administration was established during the Great Depression as part of New Deal initiatives aiming to provide employment through public works programs In this context collecting slave narratives became a means to preserve an

essential part of American history while simultaneously offering work opportunities to writers and historians This intersection of socio economic necessity and cultural preservation showcases the WPA s commitment to documenting the voices often silenced in mainstream narratives I highly recommend *The Voices From The Past* to anyone interested in American history African American studies or oral history By engaging with these testimonies readers will gain profound insights into the lived realities of former slaves while encountering the broader implications of their stories which resonate with modern discussions on race identity and social justice

Vanishing Voices Katarzyna Dudek, 2020-01-15 The nature of silence is hard to grasp This book serves to systematize this concept and explore it in the works of three major poets of religious experience namely Gerard Manley Hopkins T S Eliot and R S Thomas Since these poets worked within a Christian framework the silences they refer to are mainly those emerging in the context of the relationship between God and man in a post Christian climate The book s textual analyses place special attention on the dynamics between thematic and structural manifestations of silence and are situated at the crossroads of the poetics philosophy and theology In this first study bringing together the poetry of Hopkins Eliot and Thomas the three poets each in his unique way emerge as poetic ministers practitioners and producers of silence who try to find a new language to talk about the Ineffable God and one s experience of the divine
