

Negara yang secara resmi mengakui Palestina saat ini 156 negara dari 193 anggota PBB.

Inggris tetap akui negara Palestina meski ditentang AS dan Israel.

Status Palestina di PBB saat ini masih sebagai pengamat. Untuk menjadi anggota penuh, dibutuhkan rekomendasi Dewan Keamanan dan persetujuan Majelis Umum. Namun, hal veto anggota tetap, khususnya Amerika Serikat sebagai sekutu Israel, menjadi hambatan utama bagi Palestina.

Sejarah Tercipta, PBB De Facto Akui Palestina Merdeka

Deklarasi ini digagas Prancis dan Arab Saudi. Macron menekankan pentingnya menghentikan serangan Israel ke Gaza, menarik pasukan, dan membuka akses bantuan, sementara Hamas diminta menyerahkan sandera.

lima negara Arab, Inggris, Kanada, Amerika, Portugal, dan Prancis, baru saja mengakui Palestina, sehingga total kini mencapai 156 negara. Hasilnya, Israel akan semakin terisolasi. Hal ini menjadi langkah penting bagi Palestina untuk menjadi negara berdaulat atau anggota penuh PBB.

Dalam hukum internasional, syarat berdirinya negara merujuk pada Konvensi Montevideo 1933 dengan empat kriteria utama: memiliki populasi permanen, wilayah yang jelas, pemerintahan yang efektif, serta kemampuan menjalin hubungan dengan negara lain.

Pernyataan Netanyahu terkait kemerdekaan Palestina / pengakuan negara Palestina.

Armed Struggle In Palestine

Karrim Essack

Armed Struggle In Palestine:

Armed Struggle In Palestine Bard E. O'Neill, 2019-05-20 Bard O'Neill investigates the Palestinian guerrilla movement and assesses the probability that the fedayeen will achieve their aim of liberating Palestine including Israel by means of protracted revolutionary insurgency His analytic framework incorporates several factors that have a critical bearing on the outcomes of protracted insurgencies thes *Armed Struggle and the Search for State* Yezid Sayigh, 1997-12-11 This masterly new work spans an entire epoch in the history of the contemporary Palestinian national movement from the establishment of Israel in mandate Palestine in 1948 to the PLO Israel accord of 1993 Contrary to the conventional view that national liberation movements proceed with state building only after attaining independence the case of the PLO shows that state building may shape political institutionalization throughout the previous struggle even in the absence of an autonomous territorial economic and social base That is the central argument of this insightful study which traces the political ideological and organizational evolution of the PLO and its constituent guerrilla groups Taking the much vaunted armed struggle as its connecting theme it shows how conflict was used to mobilize the mass constituency assert particular discourses of revolution and nationalism construct statist institutions and establish the legitimacy of a new political class and bureaucratic elite The book draws extensively on PLO archives official publications and internal documents of the various guerilla groups and over 400 interviews conducted by the author with the PLO rank and file Its span primary sources and conceptual framework make this the definitive work on the subject *The Palestinian National Revival* Moshe Shemesh, 2021-12-22 A former Israeli intelligence officer offers a fresh understanding of the complex history and politics of the Middle East in this new analysis In this book Moshe Shemesh looks at the formative years of the Palestinian national movement that emerged following the 1948 War and traces the leaders their objectives and their weaknesses fragmentation and conflicts with their neighbors He follows the formation of the Sons of Nakba the establishment of Fatah the reframing of Jordan as analogous with the Palestinian cause and the creation of the Palestine Liberation Organization and its new expression of nationalism until the 1967 War With unprecedented access to Arabic sources Shemesh provides new perspectives on inter Arab politics and the history of the intractable Arab Israeli conflict **The Armed Struggle** Karrim Essack, 1976 **Students and Resistance in Palestine** Ido Zerkovitz, 2014-12-17 Exploring the Palestinian Student Movement from an historical and sociological perspective this book demonstrates how Palestinian national identity has been built in the absence of national institutions whilst emphasizing the role of higher education as an agent of social change capable of crystallizing patterns of national identity Focussing on the political and social activities of Palestinian students in two arenas the West Bank and Gaza Strip and the Palestinian diaspora Students Palestinian student magazines PLO documents Palestinian and Arabic news media and archival records to demonstrate how the Palestinian Student Movements became a major political player this book is of interest to scholars and students of Palestinian History Politics and the Arab Israeli Conflict *The Israeli-Palestinian*

Conflict Yehuda Lukacs,1992 A collection of documents and statements of the position of the parties involved in attempts to resolve the Israeli Palestinian conflict Violence, Nonviolence, and the Palestinian National Movement Wendy Pearlman,2011-10-24 Why do some national movements use violent protest and others nonviolent protest Wendy Pearlman shows that much of the answer lies inside movements themselves Nonviolent protest requires coordination and restraint which only a cohesive movement can provide When by contrast a movement is fragmented factional competition generates new incentives for violence and authority structures are too weak to constrain escalation Pearlman reveals these patterns across one hundred years in the Palestinian national movement with comparisons to South Africa and Northern Ireland To those who ask why there is no Palestinian Gandhi Pearlman demonstrates that nonviolence is not simply a matter of leadership Nor is violence attributable only to religion emotions or stark instrumentality Instead a movement s organizational structure mediates the strategies that it employs By taking readers on a journey from civil disobedience to suicide bombings this book offers fresh insight into the dynamics of conflict and mobilization Armed Struggle in Palestine Bard E. O'Neill,1978 The Palestinian National Movement Amal Jamal,2005 Examines elite structure and political struggles within the Palestinian national movement and their implications for regime stability **Anti-Colonial Resistance in South Africa and Israel/Palestine** Ran Greenstein,2022-07-15 This book provides a comparative historical study of the rise and evolution of anti colonial movements in South Africa and Israel Palestine It focuses on the ways in which major political movements and activists conceptualised their positions vis a vis historical processes of colonial settlement and indigenous resistance over the last century Drawing on a range of primary sources the author engages with theoretical debates involving key actors operating in their own time and space Using a comparative framework the book illustrates common and divergent patterns of political and ideological contestations and focuses on the relevance of debates about race and class state and power ethnicity and nationalism Particular attention is given to South Africa and Israel Palestine s links to global campaigns to undermine foreign domination and internal oppression tensions between the quests for national liberation and equality of rights the role of dissidents from within the ranks of settler communities and the various attempts to consolidate indigenous resistance internally while forging alliances with other social and political forces on the outside This book will be of interest to scholars in the fields of African History Middle East History and African Studies and to social justice and solidarity activists globally

Dynamics of the Arab-Israel Conflict Michael Brecher,2017-01-20 This book comprises findings from the author s wide ranging research since 1948 on the unresolved Arab Israel protracted conflict Brecher reflects back on his detailed analysis of the UN Commission created in November 1947 and his near seven decades of research and publications on this complex protracted conflict continued since the first of nine Arab Israeli wars The book includes an analysis of the crucial early phase of the unresolved struggle for control of Jerusalem in 1948 49 and beyond based on extensive interviews with Israel s leaders and prominent Egyptian senior officials journalists and academics It addresses the many diverse attempts at conflict

resolution including a peace plan to resolve the Arab Israel conflict of the author's own design. It concludes with historical reflections about Israel's behavior domestically and externally in 1948, 1949, and 2008 and beyond. No other book on this protracted conflict contains so many important interviews with the first two generations of Israeli leaders and Egyptian officials and academics, and no other author can speak from such a deep and prolonged engagement. *Middle East Record* Dishon, 1973-10 Palestinians and Israel Yehoshafat Harkabi, Current Background, 1971-12-13 **The Israel-Palestine Conflict** Neil Caplan, 2019-09-11 One of the 10 Must Read Histories of the Palestine Israel Conflict. Ian Black Literary Hub on the 100th anniversary of the Balfour Declaration. The new edition of the acclaimed text that explores the issues continuing to define the Israeli-Palestinian conflict. Numerous instances of competing, sometimes incompatible, narratives of controversial events are found throughout history. Perhaps the starkest example of such contradictory representations is the decades-long conflict between Israel and Palestine. For over 140 years, Israelis, Palestinians, and scores of peacemakers have failed to establish a sustainable, mutually acceptable solution. The Israel-Palestine Conflict introduces the historical basis of the dispute and explores both the tangible issues and intangible factors that have blocked a peaceful resolution. Author Neil Caplan helps readers understand the complexities and contradictions of the conflict and why the histories of Palestine and Israel are so fiercely contested. Now in its second edition, this book has been thoroughly updated to reflect the events that have transpired since its original publication. Fresh insights consider the impact of current global and regional instability and violence on the prospects of peace and reconciliation. New discussions address recent debates over two-state versus one-state solutions, growing polarization in public discourse outside of the Middle East, the role of public intellectuals, and the growing trend of merging scholarship with advocacy. Part of the Wiley-Blackwell Contested Histories series, this clear and accessible volume offers a balanced, non-polemic approach to current academic discussions and political debates on the Israel-Palestine conflict. Highlights eleven core arguments viewed by the author as unwinnable. Encourages readers to go beyond simply assigning blame in the conflict. Explores the major historiographical debates arising from the dispute. Includes updated references and additional maps. Already a standard text for courses on the history and politics of the Middle East, *The Israel-Palestine Conflict* is an indispensable resource for students, scholars, and interested general readers. Palestinian Resistance John W. Amos, 2013-10-22 Palestinian Resistance Organization of a Nationalist Movement presents the Palestinian conflict as a consequence of the emergence of Arab and Jewish nationalism in the 19th century. This book discusses the variables that intersect to produce Resistance politics. Organized into 11 chapters, this book begins with an overview of the increasing threat to international stability of Middle Eastern conflicts in terms of global impact and military destructiveness. This text then examines the emergence of Palestinian nationalism that is connected with the appearance and growth of the Palestinian Resistance Movement. Other chapters consider the more complex relationships that developed over time between the various guerilla groups and established Arab governments. This book discusses as well the importance of

the ANM in providing an infrastructure of political and logistic support that extend throughout the Arab world The final chapter deals with the concept of protracted social conflict This book is a valuable resource for politicians teachers and students

Political Leadership, Nascent Statehood and Democracy Ulrika Möller,Isabell Schierenbeck,2014-06-05 Do political leaders determine whether a polity will receive a democratic future or not Research and advocates of democracy agree on the significance of political elites for democratization yet there is a need for a more specific understanding of their role This book develops a theory of political leadership at the point of nascent statehood to explain the emergence of resilient democracies It employs four diverse case studies to examine the role of leadership and democratic consolidation In doing so the book identifies certain capacities of political leaders at the critical moment of nascent statehood as decisive to the future democratic quality of their state This book will be of interest to students and scholars of international relations democratization studies state building leadership nationalism Middle Eastern studies and South Asian studies

Eyes Without Country Souad Dajani,1995 Since Israel s occupation of the West Bank and Gaza Strip in 1967 the quest for just and lasting peace has been a fountainhead of debate negotiation and violent friction Souad Dajani traces the Palestinians struggle and argues for a strategy of nonviolent civilian resistance based on deterrence and defense This strategy would defeat Israel s political will to maintain their occupation and prepare Palestinians for a time beyond the interim period of self rule agreed upon by Israel and the PLO in September 19932 Dajani s formulation of nonviolent civilian resistance is examined against a backdrop of early developments in Mandate Palestine the impact of Zionist ideology and the realities of life for Palestinians under occupation Her assessment of the role of the PLO objectives of the Palestinian National Movement developments since the Gulf War and other factors crucial to an effective strategy raises critical questions surrounding the operation of nonviolent techniques for the Palestinian community Israeli politics and international actors most prominently the United States

Cold Wars Lorenz M. Lüthi,2020-03-19 A new interpretation of the Cold War from the perspective of the smaller and middle powers in Asia the Middle East and Europe

Conflict Transformation and Peacebuilding Bruce W. Dayton,Louis Kriesberg,2009-02-11 This book seeks to examine the causes of escalation and de escalation in intrastate conflicts Specifically the volume seeks to map the processes and dynamics that lead groups challenging existing power structures to engage in violent struggle the processes and dynamics that contribute to the de escalation of violent struggle and the participation of challengers in peaceful political activities and the processes and dynamics that sustain and nurture this transformation By integrating the latest ideas with richly presented case studies this volume fills a gap in our understanding of the forces that lead to moderation and constructive engagement in the context of violent intrastate conflicts This volume will be of great interest to students of conflict management peace studies conflict resolution ethnic conflict and security studies in general
