Arming America The Origins Of A National Gun Culture

H. Richard Uviller, William G. Merkel

Arming America The Origins Of A National Gun Culture:

Arming America Michael A. Bellesiles, 2000 How and when did Americans develop their obsession with guns Is gun related violence so deeply embedded in American historical experience as to be immutable The accepted answers to these questions are mythology says Michael A Bellesiles Basing his arguments on sound and prodigious research Bellesiles makes it clear that gun ownership was the exception even on the frontier until the age of industrialization In Colonial America the average citizen had virtually no access to or training in the use of firearms and the few guns that did exist were kept under strict control No guns were made in America until after the Revolution and there were few gunsmiths to keep them in repair Bellesiles shows that the U S government almost from its inception worked to arm its citizens but it met only public indifference and resistance until the 1850s when technological advances such as repeating revolvers with self contained bullets contributed to a surge in gun manufacturing Finally we see how the soaring gun production engendered by the Civil War and the decision to allow soldiers to keep their weapons at the end of the conflict transformed the gun from a seldom needed tool to a perceived necessity opposing ideas that are still at the center of the fight for and against gun control today Michael A Bellesiles s research set off a chain of passionate reaction after its publication in the Journal of American History in 1996 and Arming America is certain to be one of the most controversial and widely read books on the subject From the Hardcover edition

A Cultural History of Firearms in the Age of Empire Karen Jones, 2016-03-16 Firearms have been studied by imperial historians mainly as means of human destruction and material production Yet firearms have always been invested with a whole array of additional social and symbolical meanings By placing these meanings at the centre of analysis the essays presented in this volume extend the study of the gun beyond the confines of military history and the examination of its impact on specific colonial encounters By bringing cultural perspectives to bear on this most pervasive of technological artefacts the contributors explore the densely interwoven relationships between firearms and broad processes of social change In so doing they contribute to a fuller understanding of some of the most significant consequences of British and American imperial expansions Not the least original feature of the book is its global frame of reference Bringing together historians of different periods and regions A Cultural History of Firearms in the Age of Empire overcomes traditional compartmentalisations of historical knowledge and encourages the drawing of novel and illuminating comparisons across time and space

Armed America Clayton E. Cramer, 2009-08-24 For many Americans guns seem to be a fundamental part of the American experience and always have been Grand in scope rigorous in research and elegant in presenting the formative years of our country Armed America traces the winding historical trail of United States citizens passion for firearms Author and historial Clayton E Cramer goes back to the source unearthing first hand accounts from the colonial times through the Revolutionary War period and into the early years of the American Republic In Armed America Cramer depicts a budding nation dependent on its firearms not only for food and protection but also for recreation and enjoyment

Through newspaper clippings official documents and personal diaries he shows that recent grandiose theories claiming that guns were scarce in early America are shaky at best and downright false at worst Above all Cramer allows readers a priceless glimpse of a country literally fighting for its identity For those who think that our citizens attraction to firearms is a recent phenomenon it s time to think again Armed America proves that the right to bear arms is as American as apple pie

The Social History of Crime and Punishment in America: A-De Wilbur R. Miller,2012-08-10 This comprehensive and authoratative four volume work surveys the history and philosophy of crime punishment and criminal justice institutions in America from colonial times to the present

Agricultural Transformation in a Global History Perspective Ellen Hillbom,Patrick Svensson,2013-03-05 History teaches us that agricultural growth and development is necessary for achieving overall better living conditions in all societies Although this process may seem homogenous when looked at from the outside it is full of diversity within This book captures this diversity by presenting eleven independent case studies ranging over time and space By comparing outcomes attempts are made to draw general conclusion and lessons about the agricultural transformation process

Research Ethics in Criminology Malcolm Cowburn,Loraine Gelsthorpe,Azrini Wahidin,2016-12-19 Ethical principles and concerns are at the heart of criminological research and can arise at the planning implementation and reporting stages It is vital that researchers are aware of the issues involved so that they can make informed decisions about the implications of certain choices This cutting edge book charts the changing topography of ethics governance and accountability for social science research in criminology contributes to the developing discourse on research ethics and demonstrates the importance as to why research ethics should be taken seriously Bringing together a range of experts who consider both quantitative and qualitative methodologies This book examines the key issues and challenges of ethical research Topics covered include the measures in place to ensure ethical research practice for social scientists the relationship between state funding and research findings the challenge of researching sensitive areas the changing face of governance and accountability for academic criminology Research Ethics in Criminology is a comprehensive and accessible text that is ideal for students studying criminological research methods Supplementary material includes key points chapter summaries critical thinking questions key definitions case examples and recommendations for further reading This book will provide a thorough grounding in the ethical issues faced by researchers as well as an understanding of the role and purpose of ethics committees

For the Common Good? Jason Kaufman,2003-08-07 The Golden Age of Fraternity was a unique time in American history In the forty years between the Civil War and the onset of World War I more than half of all Americans participated in clubs fraternities militias and mutual benefit societies Today this period is held up as a model for how we might revitalize contemporary civil society But was America s associational culture really as communal as has been assumed What if these much admired voluntary organizations served parochial concerns rather than the common good Jason Kaufman sets out to dispel many of the myths about the supposed civic mindedness of joining while bringing to light the

hidden lessons of associationalism's history Relying on deep archival research in city directories club histories and membership lists Kaufman shows that organizational activity in the late nineteenth and early twentieth centuries revolved largely around economic self interest rather than civic engagement And far from spurring concern for the collective good fraternal societies able to pick and choose members at will fostered exclusion and further exacerbated the competitive interests of a society divided by race class ethnicity and religion Tracing both the rise and the decline of American associational life a decline that began immediately after World War I much earlier than previously thought Kaufman argues persuasively that the end of fraternalism was a good thing Illuminating both broad historical shifts immigration urbanization and the disruptions of war among them and smaller overlooked contours such as changes in the burial and life insurance industries Kaufman has written a bracing revisionist history Eloquently rebutting those hailing America's associational past and calling for a return to old style voluntarism For the Common Good will change the terms of debate about the history and the future of American civil society Publisher's description

The Rifle Musket in Civil War Combat Earl J. Hess, 2008 Challenges the longstanding view that the rifle musket revolutionized warfare during the Civil War arguing instead that its actual impact was real but limited and specialized

Weapons of Mississippi Kevin Dougherty, 2010-09-30 Mississippians have long found the need for an arsenal of interesting lethal and imaginative weapons Native Americans frontier outlaws antebellum duelists authorities and protestors in the civil rights struggle and present day hunters have used weapons to survive to advance causes or to levy societal control In *Weapons of Mississippi* Kevin Dougherty examines the roles weapons have played in twelve phases of state history Dougherty not only offers technical background for these devices but he also presents a new way of understanding the state's history through the context and development of its weapons Chapters in the book bring the story of Mississippi's weapons up to date with a discussion of the modern naval shipbuilders on the Coast and interviews with hunters keen to pass on family traditions As Mississippi progressed from a sparsely populated wilderness to a structured modern society management of weaponry became one of the main requirements for establishing centralized law and order Indians outlaws runaway slaves secessionists and night riders have all posed challenges to the often better armed authorities Today weapons unite Mississippians in the popular pastime of hunting deer turkey dove rabbit and even bear In the state's social and cultural character a shared lore and knowledge of hunting crosses age racial and economic lines Weapons once used for mere survival have transformed into instruments masterfully crafted for those harvesting the state's abundant game

Historicism, Originalism and the Constitution Patrick J. Charles, 2014-05-02 The use of history in law is a time honored tradition Over the years the practice has assumed many forms including historicism intentionalism interpretivist history law office history historical narrative originalism etc This book picks up where past commentators have left off The different historically based approaches to adjudicating constitutional questions are weighed and considered particularly originalism and asserts that history in law is legitimate only if it leads to accurate results The book then purposes

an approach to accomplish the objectives of historical accuracy and objectivity and therefore legitimacy **"Fire from the Midst of You"** Louis A. DeCaro, 2002-12-22 This biography offers fresh insight into the life and actions of this renowned figure in American history **Gender, Race and National Identity** Jackie Hogan, 2008-08-18 This book examines links between gender race and national identity by analyzing a range of mass mediated and pop cultural texts in four nations Australia Japan the United Kingdom and the USA From Dead Ends to Cold Warriors Peter W.Y. Lee, 2021-02-12 After World War II studies examining youth culture on the silver screen start with James Dean But the angst that Dean symbolized anxieties over parents the Establishment and the expectations of future citizen soldiers long predated Rebels without a Cause Historians have largely overlooked how the Great Depression and World War II impacted and shaped the Cold War and youth contributed to the national ideologies of family and freedom From Dead Ends to Cold Warriors explores this gap by connecting facets of boyhood as represented in American film from the 1930s to the postwar years From the Andy Hardy series to pictures such as The Search Intruder in the Dust and The Gunfighter boy characters addressed larger concerns over the dysfunctional family unit militarism the race question and the international scene as the Korean War began Navigating the political social and economic milieus inside and outside of Hollywood Peter W Y Lee demonstrates that continuities from the 1930s influenced the unique postwar moment coalescing into anticommunism and the Cold War **Sound Diplomacy** Jessica C. E. Gienow-Hecht, 2009-06-05 The German American relationship was special long before the Cold War it was rooted not simply in political actions but also long term traditions of cultural exchange that date back to the nineteenth century Between 1850 and 1910 the United States was a rising star in the international arena and several European nations sought to strengthen their ties to the republic by championing their own cultures in America While France capitalized on its art and Britain on its social ties and literature Germany promoted its particular breed of classical music Delving into a treasure trove of archives that document cross cultural interactions between America and Germany Jessica Gienow Hecht retraces these efforts to export culture as an instrument of nongovernmental diplomacy paying particular attention to the role of conductors and uncovers the remarkable history of the musician as a cultural symbol of German cosmopolitanism Considered sexually attractive and emotionally expressive German players and conductors acted as an army of informal ambassadors for their home country and Gienow Hecht argues that their popularity in the United States paved the way for an emotional elective affinity that survived broken treaties and several wars and continues to the present The Historian's Toolbox Robert C. Williams, 2011-12-21 Written in an engaging and entertaining style this widely used how to guide introduces readers to the theory craft and methods of history and provides a series of tools to help them research and understand the past Part I is a stimulating philosophical introduction to the key elements of history evidence narrative and judgment that explores how the study and concepts of history have evolved over the centuries Part II guides readers through the workshop of history Unlocking the historian s toolbox the chapters here describe the tricks of the trade with concrete

examples of how to do history The tools include documents primary and secondary sources maps arguments bibliographies chronologies and many others This section also covers professional ethics and controversial issues such as plagiarism historical hoaxes and conspiracy theories Part III addresses the relevance of the study of history in today's fast paced world The chapters here will resonate with a new generation of readers on everyday history oral history material culture public history event analysis and historical research on the Internet This Part also includes two new chapters for this edition GIS and CSI examines the use of geographic information systems and the science of forensics in discovering and seeing the patterns of the past Too Much Information treats the issue of information overload glut fatigue and anxiety while giving the reader meaningful signals that can benefit the study and craft of history A new epilogue for this edition argues for the persistence of history as a useful and critically important way to understand the world despite the information deluge

New Histories of Gun Rights and Regulation Joseph Blocher, Jacob D. Charles, Darrell A. H. Miller, 2023 *New Histories of Gun Rights and Regulations* contributes to the vibrant debate on American firearms law amid a landmark Supreme Court decision Its contributors including distinguished historians and legal scholars offer valuable new insight into the place of guns in American law and society **The Militia and the Right to Arms, or, How the Second Amendment Fell Silent** H. Richard Uviller, William G. Merkel, 2003-01-20 Provides a historically grounded examination of the original meaning of the 2nd Amendment and an interpretation of the rights it safeguards or doesn't in the light of that historical understanding

Networked Humanities Jeff Rice, Brian McNely, 2018-08-11 Of all the topics of interest in the digital humanities the network has received comparatively little attention We live in a networked society texts sounds ideas people consumerism protest movements politics entertainment academia and other items circulate in and through networks that come together and break apart at various moments In these interactions data sets of all sorts are formed or at the least are latent Such data affect what the humanities is or might be While there exist networked spaces of interaction for digital humanities work considering in more detail how networks affect traditional and future goals of humanistic inquiry is a timely pursuit *Networked Humanities Within and Without the University* takes up this issue as a volume of collected work that asks these questions Have the humanities sufficiently addressed the ways its various forms of work as networks affect other networks within and outside of the university What might a networked digital humanities be or what is it currently if it does indeed exist Can an understanding of the humanities as a series of networks affect positively or negatively the ways publics perceive humanities research pedagogy and mission In addressing these questions *Networked Humanities* offers both a critical and timely contribution to the spacious present and potential future of the digital humanities both within academe and beyond Contributors include Neil Baird Jenny Bay Casey Boyle James J Brown Jr Levi R Bryant Naomi Clark Bradley Dilger Kristie S Fleckenstein Paul Gestwicki Tarez Samra Graban Jeffrey T Grabill Laurie Gries Byron Hawk John Jones Nate Kreuter Devoney Looser Rudy McDaniel Derek Mueller Liza Potts Jeff Pruchnic Jim Ridolfo Nathaniel Rivers Jillian J Sayre Lars S

derlund Clay Spinuzzi and Kathleen Blake Yancey **Lawyers, Guns, and Money** Carol X. Vinzant, 2025-09-23 This inspiring book *Lawyers Guns and Money* by Carol X Vinzant recounts the heroic efforts of Tom McDermott a lawyer and victim of the infamous Colin Ferguson rampage on the Long Island Railroad to take on the gun industry He is among the leaders of an innovative and promising strategy to circumvent the NRA's political power and courts constrained by interpretations of the Second Amendment Through civil action he hits the gun companies where it hurts most the bottom line Making insurance difficult for manufacturers to get he has helped reduce the number of cheap hand guns Saturday Night Specials often used in crime This is a riveting account of tragedy turned into action and how the law can be used to defend victims rather than enrich corporations *Decentering America* Jessica C. E. Gienow-Hecht, 2007 This is an introduction for academics students and political analysts to some of the latest trends in the study and state of culture and international history modernity NGOs internationalism cultural violence the Romance of Resistance and the culture of diplomacy
