*Arnold Bennett* Frank Swinnerton, 1978      *Arnold Bennett* Frank Swinnerton, 2014-08-14 I have tried to depict Arnold Bennett as a man of character and integrity a fundamentally innocent humorist a superlative friend and to others not myself a difficult personality but I have worked under considerable difficulties with many interruptions and the result may be unsatisfactory If it is I shall be sorry One of my problems has arisen from the fact that to live again as I have done in a period long past and full of painful memories has proved agitating and therefore exhausting Arnold Bennett 1867 1931 was a prolific English writer and journalist He was a friend and benefactor to many writers of his generation including H G Wells John Galsworthy Aldous Huxley and Siegfried Sassoon Frank Swinnerton became acquainted with Bennett after sending him a draft of his first novel and later they became close friends over the course of many years He wrote this detailed biography of Bennett some years after his death It was first published in 1978      **Arnold Bennett** Frank Swinnerton, 1950      Arnold Bennett James Hepburn, 2013-06-17 This set comprises forty volumes covering nineteenth and twentieth century European and American authors These volumes will be available as a complete set mini boxed sets by theme or as individual volumes This second set complements the first sixty eight volume set of Critical Heritage published by Routledge in October 1995

**Re-visiting Female Evil** Melissa Dearey, Susana Nicolás, Roger Davis, 2017-08-28 Reflecting current trends in scholarly analysis of evil and the feminine, the chapters contained in *Re-visiting Female Evil* focus upon various re-interpretations of evil femininities as a cultural signifier of agency, transgression, and crisis, re-interpreting them through rewriting of other stories, hermeneutic re-interpretations of ancient classical texts, and revised film stage adaptations. These papers illustrate how gendered cultural myths of women's intrinsic connection to evil still persist in today's patriarchal society, though in variant and updated forms. Mischievous, beguiling, seductive, lascivious, unruly, carping, vengeful, and manipulative, from the Disney princess to the murderous Medea, these authors grapple with our understanding of what it is to be and do evil, exploring the possible sources of the fear and hatred of women and the feminine, as well as their continual fascination and appeal, and how these manifest in a range of real life and fictional narratives that cross times, cultures, and media.
