Around Caerphilly Caerphilly Local History Society, 1995 This book is part of the Images of Wales series which uses old photographs and archived images to show the history of various local areas in Wales through their streets shops pubs and people

The British National Bibliography Arthur James Wells, 2003 *An Inventory of the Ancient Monuments in Glamorgan: Volume III - Part 1b: Medieval Secular Monuments the Later Castles from 1217 to the present* Royal Commission on the Ancient and Historical Monuments in Wales, 2000 Forty three castles and fortified sites here described were founded or given their most significant fabric after 1217 They include tower houses strong houses possible castles and twenty masonry castles ranging from the great Clare works at Caerphilly and Morlais to the small modestly fortified sites at Barry and Weobley and the exceptional fortified priory at Ewenny The density and variety of the medieval fortifications in Glamorgan are unrivalled and their study is enriched by an exceptional range of works on the history and records of a historic county formed by merging the lordships of Glamorgan and Gower Part 1a described the early castles and traced their role in the Norman conquest and settlement of the fertile southern lowlands down to 1217 when the Clares inherited Glamorgan In that year the Welsh had expelled the English from Gower and remained unconquered in the Glamorgan uplands Gower was soon lost again and under two redoubtable Clare lords the Glamorgan uplands were appropriated in the mid 13th century and secured in a notable programme of castle works The castle building of Earl Richard de Clare 1243 62 and his son Gilbert the Red Earl 1263 95 as they achieved this second conquest of Glamorgan foreshadowed the later campaigns of Edward I against Gwynedd At Caerphilly above all Earl Gilbert's castle deserves comparison with the great Edwardian works it introduced defensive features later to be adopted by King Edward's Savoyard master masons Gower sites considered include the impressive masonry castles at Oystermouth and Penrice A notable ornately arcaded domestic range at Swansea is the only surviving vestige of the chief castle of Gower which is tentatively described from a variety of records AH the illustrated descriptions incorporate detailed historical accounts The introductory survey outlines the later descent of Glamorgan and Gower to the end of the 15th century and along with the sectional preambles it provides general discussion of the sites

Tracing Your Coalmining Ancestors Brian Elliott, 2014-02-11 A meticulous mixture of social and family history Whether or not you have mining connections this is an interesting socio economic read Your Family Tree In the 1920s there were over a million coalminers working in over 3000 collieries across Great Britain and the industry was one of the most important and powerful in British history It dominated the lives of generations of individuals their families and communities and its legacy is still with us today many of us have a coalmining ancestor Yet family historians often have problems in researching their mining forebears Locating the relevant records finding the sites of the pits and understanding the work involved and its historical background can be perplexing That is why Brian Elliott's concise authoritative and practical handbook will be so useful for it guides researchers through these obstacles and opens up the broad range of sources they

can go to in order to get a vivid insight into the lives and experiences of coalminers in the past His overview of the coalmining history and the case studies and research tips he provides will make his book rewarding reading for anyone looking for a general introduction to this major aspect of Britain's industrial heritage His directory of regional and national sources and his commentary on them will make this guide an essential tool for family historians searching for an ancestor who worked in coalmining underground on the pit top or just lived in a mining community As featured in Who Do You Think You Are Magazine and the Barnsley Chronicle

The Women and Men of 1926 Sue Bruley, 2010-03-15 Work on the miners Lock Out of 1926 tends to focus on the perspective of the National Union of Mineworkers while nothing has been written which attempts to examine for example how miner's wives coped for six months without pay This book investigates the Lock Out from the perspective of gender relations

Western Ways Jeremy Clements, 2019-07-30 The name R C Dick Riley will be familiar to several generations of railway enthusiasts Starting in 1937 Dick Riley captured over 18 000 black and white UK railway images Even though it has been over 40 years since an album devoted to his work was published only a handful have ever been seen before This new book aims to address that omission Western Ways is the first book in a series dedicated to Riley's railway passion Dick loved all things railway locomotives trains of all sorts infrastructure and railway people and that is what you will find inside the book Western Ways showcases some of R C Riley's best photography with a fantastic selection of images captured during the late Great Western Railway and British Rail periods

Shorter Illustrated History of the World John Morris Roberts, 1993

A Short History of England Simon Jenkins, 2011-09-08 From the invaders of the dark ages to the aftermath of the coalition one of Britain's most respected journalists Simon Jenkins weaves together a strong narrative with all the most important and interesting dates in a book that characteristically is as stylish as it is authoritative A Short History of England sheds light on all the key individuals and events bringing them together in an enlightening and engaging account of the country's birth rise to global prominence and then partial eclipse There have been long synoptic histories of England but until now there has been no standard short work covering all

significant events themes and individuals Now updated to take in the rapid progress of recent events and beautifully illustrated this magisterial history will be the standard work for years to come Health and Development Iris Borowy, Bernard Harris, 2023-01-30 Health and development require one another there can be no development without a critical mass of people who are sufficiently healthy to do whatever it takes for development to occur and people cannot be healthy without societal developments that enable standards of health to be maintained or improved However the ways in which health and development interact are complex and contested This volume unites eleven case studies from nine countries in three continents and two international organizations since the late nineteenth century Collectively they show how different actors have struggled to reconcile the sometimes contradictory nature of health and development policies and the subordination of these policies to a range of political objectives **Great Western, 0-6-2 Tank Classes** David Maidment, 2020-07-30 Descriptions and hundreds of photos of these tank engines that played a major role in Welsh coal mining and passenger rail After tackling the Great Western Railway's pannier tanks in a previous Locomotive Portfolios volume David Maidment seeks out descriptions and photographs of the GW 0 6 2 tank engines the majority of which were built by the Rhymney Taff Vale Barry and other Welsh railways from the last decade or so of the nineteenth century onward The engines of eight different companies absorbed by the GWR in 1922 are described and illustrated as well as the way in which many were modernized and rebuilt at Swindon or Caerphilly Works in the 1920s GWR Chief Mechanical Engineer Charles Collett was however faced with a motive power crisis in the mining valleys at the Grouping as many of the companies had economized on essential maintenance as the GW's takeover drew near and he had to hurriedly design a standard 0 6 2T to complement and bolster their work as the powerful GW 2 8 0Ts were too heavy and wide for many of the Cardiff valleys These engines the 56XX 66XX classes became part of the South Wales scene between 1925 and 1964 mainly running the coal traffic between pits and docks although they dominated Cardiff Valley passenger services until the influx of BR 3MT 2 6 2Ts and GW 41XX 2 6 2Ts in 1954 and 1955 With around 300 black white photographs this book takes a wide ranging look at these locomotives *Lord of the Wings* Donna Andrews, 2015-08-04 A new side splitting Meg Langslow mystery from award winning New York Times bestselling author of *The Good The Bad and The Emus* The brilliantly funny Donna Andrews delivers another winner in the acclaimed avian themed series that mystery readers have come to love The eighteenth book in her New York Times best selling series continues to surprise and delight in this next knee slapping adventure featuring Meg Langslow and all the eccentric characters that make up her world It's another holiday and Mayor Randall Shiffley has turned Caerphilly Virginia into Spooky City USA The residents are covering every window with cobwebs and roaming the streets in costume to entertain the tourists and Meg's grandfather is opening a new *Creatures of the Night* exhibit in the zoo When a real body at the zoo and a suspicious fire at the Haunted House threaten to mar the town's creepy fun it's up to Meg Langslow to save Halloween Like Meg Langslow the blacksmith heroine of her series Donna Andrews was born and raised in Yorktown Virginia

She introduced Meg to readers in her Malice Domestic Contest winning first mystery Murder with Peacocks and readers are still laughing This novel swept up the Agatha Anthony Barry and a Romantic Times award for best first novel and a Lefty for funniest mystery With Lord of the Wings readers can look forward to another zany Meg Langslow mystery this one filled with Halloween spirit and suspense [Oxford Dictionary of National Biography 2005-2008](#) Lawrence Goldman,2013-03-07 Who made modern Britain This book drawn from the award winning Oxford Dictionary of National Biography tells the story of our recent past through the lives of those who shaped national life Following on from the Oxford DNB s first supplement volume noteworthy people who died between 2001 and 2004 this new volume offers biographies of more than 850 men and women who left their mark on twentieth and twenty first century Britain and who died in the years 2005 to 2008 Here are the people responsible for major developments in national life from politics the arts business technology and law to military service sport education science and medicine Many are closely connected to specific periods in Britain s recent history From the 1950s the young Harold Pinter or the Yorkshire cricketer Fred Trueman for example From the Sixties the footballer George Best photographer Patrick Lichfield and the Pink Floyd musician Syd Barrett It s hard to look back to the 1970s without thinking of Edward Heath and James Callaghan who led the country for seven years in that turbulent decade or similarly Freddie Laker pioneer of budget air travel and the comedians Ronnie Barker and Dave Allen who entertained with their sketch shows and sit coms A decade later you probably browsed in Anita Roddick s Body Shop or danced to the music of Factory Records established by the Manchester entrepreneur Tony Wilson In the 1990s you may have hoped that Things can only get better with a New Labour government which included Robin Cook and Mo Mowlam Many in this volume are remembered for lives dedicated to a profession or cause Bill Deedes or Conor Cruise O'Brien in journalism Ned Sherrin in broadcasting or indeed Ted Heath whose political career spanned more than 50 years Others were responsible for discoveries or innovations of lasting legacy and benefit among them the epidemiologist Richard Doll who made the link between smoking and lung cancer Cicely Saunders creator of the hospice movement and Chad Varah founder of the Samaritans With John Profumo who gave his name to a scandal policeman Malcolm Fewtrell who investigated the Great Train Robbery or the Russian dissident Aleksandr Litvinenko who was killed in London in 2006 we have individuals best known for specific moments in our recent past Others are synonymous with popular objects and experiences evocative of recent decades Mastermind with Magnus Magnusson the PG Tips chimpanzees trained by Molly Badham John DeLorean s gull wing car or the new British Library designed by Colin St John Wilson though as rounded and balanced accounts Oxford DNB biographies also set these events in the wider context of a person s life story Authoritative and accessible the biographies in this volume are written by specialist authors many of them leading figures in their field Here you will find Michael Billington on Harold Pinter Michael Crick on George Best Richard Davenport Hines on Anita Roddick Brenda Hale on Rose Heilbron Roy Hattersley on James Callaghan Simon Heffer on John Profumo Douglas Hurd on Edward Heath Alex Jennings on Paul

Scofield Hermione Lee on Pat Kavanagh Geoffrey Wheatcroft on Conor Cruise O'Brien and Peregrine Worsthorne on Bill Deedes Many in this volume are naturally household names But a good number are also remembered for lives away from the headlines What in the 1980s became Thatcherism owed much to behind the scenes advice from Ralph Harris and Alfred Sherman children who learned to read with Ladybird Books must thank their creator Douglas Keen while without its first producer Verity Lambert there would have been no Doctor Who Others are ordinary people capable of remarkable acts Take for instance Arthur Bywater who over two days in 1944 cleared thousands of bombs from a Liverpool munitions factory following an explosion only to do the same months later in an another factory Awarded the George Cross and the George Medal Bywater remains the only non combatant to have received Britain's two highest awards for civilian bravery **Public**

Library Statistics Chartered Institute of Public Finance and Accountancy,2005 **GWR Collett Castle Class** Keith Langston,2015-03-30 The Castle class 4 6 0 locomotives designed by Charles Collett and built at Swindon Works were the principal passenger locomotives of the Great Western Railway The 4 cylinder locomotives were built in batches between 1923 and 1950 the later examples being constructed after nationalisation by British Railways In total 171 engines of the class were built and they were originally to be seen at work all over the Great Western Railway network and later working on the Western Region of British Railways The highly successful class could be described as a GWR work in progress because further development took place over almost all of the locomotives working lives In addition to inspiring other locomotive designers the Castle class engines were proved to be capable of outstanding performances and when introduced were rightly described as being Britain's most powerful passenger locomotives Some of the Castles survived in service for over 40 years and individually clocked up just a little short of 2 million miles in traffic In this book Keith Langston provides a definitive chronological history of the iconic class together with archive photographic records of each GWR Castle locomotive Many of the 300 plus images are published for the first time In addition background information on the origin of the names the engines carried including details of the many name changes which took place are also included The extra anecdotal information adds a fascinating glimpse of social history Collett CASTLE Class is a lavishly illustrated factual reference book which will delight steam railway enthusiasts in general and in particular those with a love of all things Great Western
