Inside the Circle Casey James Miller, 2023-06-16 Drawing on over a decade of ethnographic fieldwork in northwest China Casey James Miller offers a novel compelling and intimately personal perspective on Chinese queer culture and activism In *Inside the Circle: Queer Culture and Activism in Northwest China* Miller tells the stories of two courageous and dedicated groups of queer activists in the city of Xi'an a grassroots gay men's HIV/AIDS organization called Tong'ai and a lesbian women's group named UNITE Taking inspiration from the circle a term used to imagine local national and global queer communities Miller shows how everyday people in northwest China are taking part in queer culture and activism while also striving to lead traditionally moral lives in a rapidly changing society The queer stories in this book broaden our understandings of gender and sexuality in contemporary China and show how taking global queer diversity seriously requires us to de-center Western cultural values historical experiences and theoretical perspectives

The Working Man's Reward Elaine Lewinnek, 2014 Between the 1860s and 1920s Chicago's working class immigrants designed the American dream of home ownership They imagined homes as small businesses homes that were simultaneously a consumer-oriented respite from work and a productive space that workers hoped to control Leapfrogging out of town along with Chicago's assembly line factories Chicago's early suburbs were remarkably diverse These suburbs were marketed with the elusive promise that homeownership might offer some bulwark against the vicissitudes of industrial capitalism that homes might be better than a bank for a poor man in the words of one evocative advertisement and the working man's reward This promise evolved into what Lewinnek terms the mortgages of whiteness the hope that property values might increase if that property could be kept white Suburbs also developed through nineteenth century notions of the gendered respectability of domesticity early ideas about city planning and land economics as well as an evolving twentieth century discourse about the racial attributes of property values Because Chicago presented itself as a paradigmatic American city and because numerous Chicago-based experts eventually instituted national real estate programs Chicago's early growth affected the growth of twentieth century America Framed by two working class riots against suburbanization in 1872 and 1919 spurred from both above and below this work shows how Chicagoans helped form America's urban sprawl and examines the roots of America's suburbanization synthesizing the new suburban history into the diversity of America's suburbs

The Chautauquan, 1883 **House documents**, 1885 *Environmental & Social Justice Challenges Near America's Most Popular Museums, Parks, Zoos & Other Heritage Attractions* Michael Greenberg, 2022-08-09 This book examines environmental and social justice challenges near America's most popular heritage attractions These include over 100 places that host national parks e.g. Glacier Yellowstone zoos e.g. Bronx Henry Doorly urban parks e.g. Central Park Fairmount grand concourses e.g. 5th Avenue Massachusetts Avenue and multiple museums and galleries e.g. National Gallery

Getty The book includes measurements of demographics air quality distance from hazards health outcomes and urban assets in the areas immediately surrounding these heritage sites and compares them with adjacent areas and their host cities or states It considers the history of justice related issues near the sites and evaluates what owners managers and communities are doing to address gentrification displacement the legacy of redlining and other challenges such as the animal rights movement climate change sustainability and tight budgets The book examines what some host cities are doing about affordable housing and what some heritage sites have done in establishing constructive relationships with surrounding communities The book should have two primary audiences One is the strong and growing social and environmental justice community that has increasingly been scrutinizing parks and other icons for evidence of injustice This book will interest them even though all the results do not necessarily support their positions The second audience is businesses not for profits and government agencies who manage parks zoos museums and other attractions and need to understand what is happening near their sites and what they can do to be better neighbours *The Chautauquan*, 1901 *The Goddess Lives in Upstate New York* Corinne G. Dempsey, 2006-01-26 This profile of an unusual South Indian temple community in Rush New York describes how the temple combines orthodox rituals and socioreligious iconoclasm The author uses the temple s surprising success to analyse the distinctive dynamics of Hinduism including issues of gender caste and community OCLC
