Photography from Surrealism to Contemporary Art Julia Kelly, 2017-07-05 Taking its departure point from the 1933 surrealist  
photographs of involuntary sculptures by Brassa nd Dal Found Sculpture and Photography from Surrealism to Contemporary  
Art offers fresh perspectives on the sculptural object by relating it to both surrealist concerns with chance and the crucial  
role of photography in framing the everyday This collection of essays questions the nature of sculptural practice looking to  
forms of production and reproduction that blur the boundaries between things that are made and things that are found One  
of the book s central themes is the interplay of presence and absence in sculpture as it is highlighted disrupted or multiplied  
through photography s indexical nature The essays examine the surrealist three dimensional object its relation to and  
transformation through photographs as well as the enduring legacies of such concerns for the artwork s materiality and  
temporality in performance and conceptual practices from the 1960s through the present Found Sculpture and Photography  
sheds new light on the shifts in status of the art object challenging the specificity of visual practices pursuing a radical  
interrogation of agency in modern and contemporary practices and exploring the boundaries between art and everyday life

ancient Greece to the Renaissance The book uniquely combines technical analyses of carving methods with art historical interpretations highlighting the interplay between material science and artistic creativity For example understanding the geological composition of marble clarifies its aesthetic properties and workability The narrative progresses through historical periods and artistic styles beginning with the geological origins of marble then moves to the tools and techniques used in marble carving and ends by examining specific historical periods and their distinctive artistic styles This comprehensive overview makes *Marble Masterpieces* valuable to art enthusiasts students and practicing sculptors alike By integrating technical details with historical and cultural insights the book enhances our appreciation for the ingenuity and dedication behind these sculptural masterpieces *Jean Arp*, 1985 *In the Sculptor's Landscape* Cynthia Burlingham, Elizabeth Shepherd, 1993 *Acrobatic Modernism from the Avant-garde to Prehistory* Jed Rasula, 2020 Moving through a vast geographical cultural and artistic terrain and juxtaposing numerous modernist works this volume explores the multiplicity of modernism and provides in depth case studies including of James Joyce's *Finnegans Wake* the reception of jazz music in Europe and the Cubist movement in the visual arts *Arp* Eric Robertson, 2006-01-01 Examining major works in the light of recent critical and theoretical perspectives this book also considers the extent to which Arp's resistance to single reductive interpretations may be linked to his bilingual bicultural upbringing in Alsace and his experience of two world wars BOOK JACKET *Abstract Expressionism and Other Modern Works* Metropolitan Museum of Art (New York, N.Y.), 2007 An exhibition organized by the Metropolitan Museum of Art of the Muriel Kallis Steinberg Newman Collection which comprises sixty three modern paintings sculptures and works on paper by fifty artists The Abstract Expressionist paintings that form the heart of this collection were nearly all created in New York City
