The History of al-Ṭabarī Vol. 6 Abū Jaʿfar Muḥammad ibn Jarīr al-Ṭabarī,1988-01-01 The sixth volume of the translation of al abar s History deals with the ancestors of Mu ammad with his own early life and then with his prophetic mission up to the time of his Hijrah or emigration to Medina The topics covered mean that this volume is of great importance both for the career of Muhammad himself and for the early history of Islam Al abar was familiar with and made use of the main early source of these matters the Sirah or life of Mu ammad by Ibn Is q a work which is still extant Although his own treatment is briefer than that of Ibn Is q it complements the latter in important ways by making use of other sources Where Ibn Is q gave only the version of an event which he preferred al abar includes any variants which he considered of value Thus he mentions the dispute about the first male to become a muslim Ali or Ab Bakr or Zayd and has also several variant accounts of the call to hostility toward Muhammad from many of the leading Meccans and their attempts to put pressure on his family to stop his preaching The negotiations with the men of Medina which eventually led to the Hijrah are fully described and there is then an account of how Mu ammad escaped an assassination attempt and arrived safely in Medina A concluding section discusses some chronological questions This volume does not merely give a straightforward account of the earlier career of Mu ammad and the beginnings of Islam but also contains valuable source material not easily accessible otherwise or not accessible at all

The Golden Bough James George Frazer,Sir James George Frazer,1995-12 A world classic The Golden Bough describes our ancestors primitive methods of worship sex practices strange rituals and festivals Disproving the popular thought that primitive life was simple this monumental survey shows that savage man was enmeshed in a tangle of magic taboos and superstitions Revealed here is the evolution of man from savagery to civilization from the modification of his weird and often bloodthirsty customs to the entry of lasting moral ethical and spiritual values

The Golden Bough A Study in Magic and Religion James George Frazer,2018-10-17 James George Frazer attempted to define the shared elements of religious belief and scientific thought discussing fertility rites human sacrifice the dying god the scapegoat and many other symbols and practices whose influences had extended into 20th century culture His thesis is that old religions were fertility cults that revolved around the worship and periodic sacrifice of a sacred king Frazer proposed that mankind progresses from magic through religious belief to scientific thought Excerpt from Wikipedia

Bildungsroman and the Amazon Princess Melvin Karew, 2012-10 A thick white mist hangs over the Eastern Sea covering all of the ships that are attempting to navigate the grey waters The pirates sit on the bottom of their sleek ship huddled amongst their chests of gold shivering in fear despite the warmth of the night Humfard the one eyed hobgoblin jumps lithely up onto the aft castle towards Elkira who steers the ship It s unnatural this fog he grumbles at this time of year it is Aye Humfard responds the pirate woman I sense the work of a spell caster Look I cannot even see the bottom of the ship from up here Through the fog on the forecastle two pirates stand and look over the side trying to peer through the deep forbidding wall of whiteness Did you hear something one of them asks It was like a splashing on the water It is just the ship Actually it was me says a feminine voice from the gloom They jump up startled as a soaking wet Mora steps from the ship s wooden railing onto the top of the forecastle The water on her cape and hood is evaporating turning into steam as she moves I am looking for a band of travellers who stole the cargo of a ship called the Peregrine How stammers one of the pirates The other draws his falchion and jumps at the cloaked figure The scythe spins around and the man falls back his arm severed The second pirate jumps to the back of the forecastle and yells for help Mora s scythe slices across and cuts off his cry in mid yell His head falls down from the forecastle amongst his comrades The second pirate is pulling himself away from Mora dragging himself with his left hand She is almost nonchalant in her execution of him the point of her scythe stabbing down as she investigates the remainder of the forecastle She walks to the edge of the forecastle and looks into the mist filled hull of the ship She can hear the shouts and yells of the pirates and she smiles to herself She readies her scythe and jumps down from the forecastle amongst the confused pirates Humfard stares intently into the mist What is happening he growls I cannot see a thing Behind him Elkira ties the steering in place and draws her falchion We must investigate she says Our dog brothers need our help No he mutters If we go down into the mist we will be ambushed We will wait up here and catch them if they come up the ladder They wait standing at the top of the ladder that leads from the hull They can hear the sounds of cries and shrieks of muffled movements and the swish of sword and scythe strikes A head flies out of the mist and crashes against the side of the forecastle before dropping back into the hull Two pirates run out of the mist towards the forecastle screaming in fright One appears to trip over and his body falls forward Elkira notices that his legs are severed below the knee The second pirate jumps up onto the ladder and Humfard reaches down a hand to help him up He grabs the pirate by the hand and pulls him upwards dragging him towards the top The pirate shrieks in pain and Humfard grunts unable to drag any further Then the pirate is free and Humfard falls backwards the body of the pirate falls onto him Elkira gasps in fright there is a huge hole in the pirate s back Elkira turns back to the ladder and looks into the depths of the fog her falchion ready Humfard pushes the body from him and staggers to his feet Humfard backs away from the edge with fear in his eyes He hears a creaking sound behind him like a door opening and he turns around slowly Mora is standing behind him next to the trapdoor that leads

Hymns of the Atharvaveda: Vol. I Ralph T.H. Griffith,1968 In India both the Rgveda and the Atharvaveda represent the earliest age in the history of sacred literature However the spirit of the Atharvaveda breathes of a prehistoric stage Some of its charms witchcrafts and exorcism go back to Indo European period Dr A Kuhn has proved how some of its spells for curing bodily ailments agree in purpose and content as well as to some extent even in form with certain old German Lettic and Russian charms Every evil thing in nature from a drought to a fever or bad qualities of the human heart is personified and made the object of terror stricken propitiation or of attempt at circumvention through witchcraft or the instrument of harm to others through the same compelling nature Here as there worship takes the form of conjuring not prayer its ministers are sorcerers not priests The synonyms of the Atharvaveda like Atharvangirasah Bhrgavangirasah and Brahmvaveda speak of the development and the status it has enjoyed from time to time In domestic sacrifices the Atharvan influence has been indelible A deep study of the Atharvaveda and other Vedic texts unfolds new dimensions to modern sciences namely Comparative Philology Comparative Mythology Comparative Religion and Comparative Literature Though Vedic literature the practical teaching of the classical languages in Europe has undergone an important change The intellectual debt of Europe to India has thus been immense It may perhaps become greater still in these post independence years Its special features include a comparative study of the Saunaka and the Paippalada schools and pointed references to the latest but lesser known researches expressed in Sanskrit language in the sixteen volumes Vedic Padanukramakosa by Acarya Dr Vishva Bandhu Shastri and his distinguishes colleagues This will evoke response from enlightened scholars for our prospective publications on other works
