Murder on Trial Robert Asher, Lawrence B. Goodheart, Alan Rogers, 2012-02-01 This fascinating collection examines murder jurisprudence the social rules that govern the arrest trial and punishment of people accused of murder in the United States from the colonial period to the present The contributors show how changing social mores have influenced

the application of murder law by highlighting the ways cultural biases like racism changing ideas about childhood and insanity and the ameliorative effects of middle class status and paternal imagery both helped and handicapped persons accused of murder Such famous cases as the Lizzie Borden axe murder and African American activist Abu Jamal s murder trial are included

The Big Trial Lawrence M. Friedman,2015-05-04 The trial of O J Simpson was a sensation avidly followed by millions of people but it was also in a sense nothing new One hundred years earlier the Lizzie Borden trial had held the nation in thrall The names and the crimes may change but the appeal is enduring and why this is how it works and what it means are what Lawrence Friedman investigates in The Big Trial What is it about these cases that captures the public imagination Are the headline trials of our period different from those of a century or two ago And what do we learn from them about the nature of our society past and present To get a clearer picture Friedman first identifies what certain headline trials have in common then considers particular cases within each grouping The political trial for instance embraces treason and spying dissenters and radicals and to varying degrees corruption and fraud Celebrity trials involve the famous whether victims as in the case of Charles Manson or defendants as disparate as Fatty Arbuckle and William Kennedy Smith but certain high profile cases such as those Friedman categorizes as tabloid trials can also create celebrities The fascination of whodunit trials can be found in the mystery surrounding the case Are we sure about O J Simpson What about Claus von Bulow tried in another sensational case for sending his wife into a coma An especially interesting type of case Friedman groups under the rubric worm in the bud These are cases such as that of Lizzie Borden that seem to put society itself on trial they raise fundamental social questions and often suggest hidden and secret pathologies And finally a small but important group of cases proceed from moral panic the Salem witchcraft trials being the classic instance though Friedman also considers recent examples Though they might differ in significant ways these types of

trials also have important similarities Most notably they invariably raise questions about identity Who is this defendant A villain An innocent unfairly accused And in this respect The Big Trial shows us the headline trial reflects a critical aspect of modern society Reaching across the nineteenth and twentieth centuries to the latest outrage from congressional hearings to lynching and vigilante justice to public punishment from Dr Sam Sheppard the fugitive to Jeffrey Dahmer the cannibal The Rosenbergs to Timothy McVeigh the book presents a complex picture of headline trials as displays of power moments of didactic theater that demonstrate in one way or another whether a society is fair whom it protects and whose interest it serves
