John Onians

Art And Thought In The Hellenistic Age:

Art in the Hellenistic Age Jerome Jordan Pollitt, 1986-06-12 This 1986 book is an interpretative history of Greek art during the Hellenistic period Art and Thought in the Hellenistic Age John Onians, 1979 **Art and thought in the**

Hellenistic age. The Greek word view 350-50BC. John ONIANS, 1979 **The Hellenistic Age** John Onians, 1979

Apollonius' Argonautica Mary M. De Forest, 1994 In an epic poem narrated by a self declared opponent of epic poetry the hero and his 50 Argonauts are thrust aside by the first heroine of third person narrative and a forerunner of the powerful women in fiction The Art of Small Things John Mack, 2007 This richly illustrated book celebrates the art of the miniature

but also looks beyond it at the many aspects of small worlds in particular their capacity to evoke responses that far exceed their physical dimensions Mack explores the talismanic religious or magical properties with which miniatures are often imbued Considering a wide range of objects he examines the use of the miniature form in various cultural contexts

Agricultural and Pastoral Societies in Ancient and Classical History Michael Adas, 2001 Introduces readers to the cross cultural study of ancient and classical civilizations The book is divided into two sections the first examining the ongoing interaction between ancient agrarian and nomadic societies and the second focusing on regional patterns in the dissemination of ideas

Women, Crime and Punishment in Ancient Law and Society Elisabeth Meier Tetlow, 2005-06-24 The ancient period of Greek history to which this volume is devoted began in late Bronze Age in the second millennium and lasted almost to the end of the first century BCE when the last remnant of the Hellenistic empire created by Alexander the Great was conquered by the Romans Extant texts of law of actual laws are few and often found embedded in other sources such as the works of orators and historians Greek literature from the epics of Homer to the classical dramas provides a valuable source of information However since literary sources are fictional portrayals and often reflect the times and biases of the authors other more concrete evidence from archaeology has been used throughout the volume to confirm and contextualize the literary evidence about women crime and punishment in ancient Greece The volume is divided into three parts I Mykenean and Archaic Greece II Classical Greece and III the Hellenistic Period The book includes illustrations maps lists of Hellenistic dynasties and Indices of Persons Place and Subjects Crime and punishment criminal law and its administration are areas of ancient history that have been explored less than many other aspects of ancient civilizations Throughout history women have been affected by crime both as victims and as offenders In the ancient world customary laws were created by men formal laws were written by men and both were interpreted and enforced by men This two volume work explores the role of gender in the formation and administration of ancient law and examines the many gender categories and relationships established in ancient law including legal personhood access to courts citizenship political office religious office professions marriage inheritance and property ownership Thus it focuses on women and crime within the context of women in the society *Moral Codes and Social Structure in Ancient Greece* Joseph M.

Bryant,1996-01-01 An exercise in cultural sociology Moral Codes and Social Structure in Ancient Greece seeks to explicate the dynamic currents of classical Hellenic ethics and social philosophy by situating those idea complexes in their socio historical and intellectual contexts Central to this enterprise is a comprehensive historical sociological analysis of the Polis form of social organization which charts the evolution of its basic institutions roles statuses and class relations From the Dark Age period of genesis on to the Hellenistic era of eclipse by the emergent forces of imperial patrimonialism Polis society promoted and sustained corresponding normative codes which mobilized and channeled the requisite emotive commitments and cognitive judgments for functional proficiency under existing conditions of life The aristocratic warrior ethos canonized in the Homeric epics the civic ideology of equality and justice espoused by reformist lawgivers and poets the democratization of status honor and martial virtue that attended the shift to hoplite warfare the philosophical exaltation of the Polis citizen bond as found in the architectonic visions of Plato and Aristotle and the subsequent retreat from civic virtues and the interiorization of value articulated by the Skeptics Epicureans and Stoics new age philosophies in a world remade by Alexander s conquests these are the key phases in the evolving currents of Hellenic moral discourse as structurally framed by transformations within the institutional matrix of Polis society

Art LoVers: Celebrating Elisabeth de Bièvre and John Onians in Words and Pictures Gyöngyvér Horváth,Isabelle Onians,2025-07-03 This double Festschrift honors art historians Elisabeth de Bièvre and John Onians on their 55th wedding anniversary It features personal and professional tributes artworks and scholarly articles highlighting their innovative contributions to World Art Studies geography of art and neuroarthistory

A Companion to Greek Architecture Margaret M. Miles,2020-05-05 A Companion to Greek Architecture provides an expansive overview of the topic including design engineering and construction as well as theory reception and lasting impact Covers both sacred and secular structures and complexes with particular attention to architectural decoration such as sculpture interior design floor mosaics and wall painting Makes use of new research from computer driven technologies the study of inscriptions and archaeological evidence and recently excavated buildings Brings together original scholarship from an esteemed group of archaeologists and art historians Presents the most up to date English language coverage of Greek architecture in several decades while also sketching out important areas and structures in need of further research

Women in the Classical World Elaine Fantham,Helene Peet Foley,Natalie Boymel Kampen,Sarah B. Pomeroy,H. A. Shapiro,1995-03-30 Information about women is scattered throughout the fragmented mosaic of ancient history the vivid poetry of Sappho survived antiquity on remnants of damaged papyrus the inscription on a beautiful fourth century B C E grave praises the virtues of Mnesarete an Athenian woman who died young a great number of Roman wives were found guilty of poisoning their husbands but was it accidental food poisoning or disease or something more sinister Apart from the legends of Cleopatra Dido and Lucretia and images of graceful maidens dancing on urns the evidence about the lives of women of the classical world visual archaeological and written has remained uncollected and uninterpreted Now the lavishly

illustrated and meticulously researched *Women in the Classical World* lifts the curtain on the women of ancient Greece and Rome exploring the lives of slaves and prostitutes Athenian housewives and Rome's imperial family The first book on classical women to give equal weight to written texts and artistic representations it brings together a great wealth of materials poetry vase painting legislation medical treatises architecture religious and funerary art women's ornaments historical epics political speeches even ancient coins to present women in the historical and cultural context of their time Written by leading experts in the fields of ancient history and art history women's studies and Greek and Roman literature the book's chronological arrangement allows the changing roles of women to unfold over a thousand year period beginning in the eighth century B C E Both the art and the literature highlight women's creativity sexuality and coming of age marriage and childrearing religious and public roles and other themes Fascinating chapters report on the wild behavior of Spartan and Etruscan women and the mythical Amazons the changing views of the female body presented in male authored gynecological treatises the new woman represented by the love poetry of the late Republic and Augustan Age and the traces of upper and lower class life in Pompeii miraculously preserved by the eruption of Mount Vesuvius in 79 C E Provocative and surprising *Women in the Classical World* is a masterly foray into the past and a definitive statement on the lives of women in ancient Greece and Rome

A Companion to the Hellenistic World Andrew Erskine, 2009-02-09 Covering the period from the death of Alexander the Great to the celebrated defeat of Antony and Cleopatra at the hands of Augustus this authoritative Companion explores the world that Alexander created but did not live to see Comprises 29 original essays by leading international scholars Essential reading for courses on Hellenistic history Combines narrative and thematic approaches to the period Draws on the very latest research Covers a broad range of topics spanning political religious social economic and cultural history

Encyclopedia of the Ancient Greek World David Sacks, Oswyn Murray, Lisa R. Brody, 2014-05-14 Discusses the people places and events found in over 2 000 years of Greek civilization

Greek and Roman Small Size Sculpture Giovanni Colzani, Clemente Marconi, Fabrizio Slavazzi, 2023-10-24 Considerations about size and scale have always played a central role within Greek and Roman visual culture deeply affecting sculptural production Both Greeks and Romans in particular had a clear notion of colossality and were able to fully exploit its implications with sculpture in many different areas of social cultural and religious life Instead despite their ubiquitous presence an equal and contrary categorization for small size statues does not seem to have existed in Greek and Roman culture leading one to wonder what were the ancient ways of conceptualizing sculptural representations in a format markedly smaller than life size Even in the context of modern scholarship on Classical Art few notions appear to be as elusive as that of small sculpture often treated with a certain degree of diffidence well summarized in the formula Klein aber Kunst In fact a large and heterogeneous variety of objects corresponds to this definition all kinds of small sculpture from statuettes to miniatures in a variety of materials including stone bronze and terracotta associated with a great array of functions and contexts and with extremely different levels of

manufacture and patronage It would be a major misunderstanding to think of these small sculptures in general as nothing more than a cheap and simplified alternative to larger scale statues Compared with those their peculiar format allowed for a wider range of choices in terms for example of use of either cheap or extremely valuable materials not only marble and bronze but also gold and silver ivory hard stones among others methods of production combining seriality and variation modes of fruition such as involving a degree of intimacy with the beholder rather than staging an illusion of presence Furthermore their pervasive presence in both private and public spaces at many levels of Greek and Roman society presents us with a privileged point of view on the visual literacy of a large and varied public Although very different in many respects small sized sculptures entertained often a rather ambivalent relationship with their larger counterparts drawing from them at the same time schemes forms and iconographies By offering a fresh new analysis of archaeological evidence and literary sources through a variety of disciplinary approaches this volume helps to illuminate this rather complex dynamic and aims to contribute to a better understanding of the status of Greek and Roman small size sculpture within the general development of ancient art

Encyclopedia of Greece and the Hellenic Tradition Graham Speake, 2021-01-31 Hellenism is the living culture of the Greek speaking peoples and has a continuing history of more than 3 500 years The Encyclopedia of Greece and the Hellenic Tradition contains approximately 900 entries devoted to people places periods events and themes examining every aspect of that culture from the Bronze Age to the present day The focus throughout is on the Greeks themselves and the continuities within their own cultural tradition Language and religion are perhaps the most obvious vehicles of continuity but there have been many others law taxation gardens music magic education shipping and countless other elements have all played their part in maintaining this unique culture Today Greek arts have blossomed again Greece has taken its place in the European Union Greeks control a substantial proportion of the world s merchant marine and Greek communities in the United States Australia and South Africa have carried the Hellenic tradition throughout the world This is the first reference work to embrace all aspects of that tradition in every period of its existence

Excursions into Greek and Roman Imagery Eva Rystedt, 2022-08-12 This book provides an enquiry into the distinguishing traits of Greek and Roman figural imagery A detailed analysis of a wide range of material conveys an understanding of the figural imagery of classical antiquity as a whole counterbalancing studies conducted on single genres Through in depth studies of six major production categories Greek painted pottery Roman decorated walls Greek gravestones Roman sarcophagi Greek and Roman official sculpture and Greek and Roman coins the reader gains insights into the making of classical figural imagery The images are explored within their contextual frameworks paying attention to both functional purposes and pictorial traditions Image viewer relations offer a perspective that is maintained across the chapters The bottom up approach and the many genres of imagery discussed provide the basis for an extensive synthesis Lavishly illustrated with over 100 images Excursions into Greek and Roman Imagery provides a valuable resource for students of classical antiquity and history of art The book also offers classical

scholars museum curators and others interested in classical art a fresh approach to the figural imagery of antiquity

Uncovering Jewish Creativity in Book III of the Sibylline Oracles Ashley Bacchi, 2020-04-28 In *Uncovering Jewish Creativity in Book III of the Sibylline oracles* Ashley L Bacchi reclaims the importance of the Sibyl as a female voice of prophecy and reveals new layers of intertextual references that address political cultural and religious dialogue in second century Ptolemaic Egypt This investigation stands apart from prior examinations by reorienting the discussion around the desirability of the pseudonym to an issue of gender It questions the impact of identifying the author's message with a female prophetic figure and challenges the previous identification of paraphrased Greek oracles and their function within the text Verses previously seen as anomalous are transferred from the role of Greek subterfuge of Jewish identity to offering nuanced support of monotheistic themes *The Journal of Hellenic Studies*, 2003 Vols 1 8 1880 87 plates published separately and numbered I LXXXIII

Encyclopedia of Ancient Greece Nigel Wilson, 2013-10-31 Examining every aspect of the culture from antiquity to the founding of Constantinople in the early Byzantine era this thoroughly cross referenced and fully indexed work is written by an international group of scholars This Encyclopedia is derived from the more broadly focused *Encyclopedia of Greece and the Hellenic Tradition* the highly praised two volume work Newly edited by Nigel Wilson this single volume reference provides a comprehensive and authoritative guide to the political cultural and social life of the people and to the places ideas periods and events that defined ancient Greece
