Arms and the African William J. Foltz, Henry Bienen, 1985 Essays discuss Soviet and French military policy in Africa and the military capabilities of the African nations

An Introduction to African Politics Alex Thomson, 2005-02-28 An Introduction to African Politics is the ideal textbook for those new to the study of this vast and fascinating continent It makes sense of the diverse political systems that are a feature of Africa by using familiar concepts chapter by chapter to examine the continent as a whole The result is a textbook that identifies the essential features of African politics allowing students to grasp the recurring political patterns that have dominated this part of the world since independence Features and benefits of the book include thematically organised with individual chapters exploring issues such as colonialism ethnicity nationalism social class ideology legitimacy sovereignty and democracy identifies the key recurrent theme of competitive relationships between the African state its civil society and external interests contains useful boxed case studies of key countries at the end of each chapter including Kenya Tanzania Nigeria Botswana Ivory Coast Uganda Somalia Ghana Zaire and Algeria each chapter concludes with key terms and definitions as well as questions advice on further reading and useful notes and references clearly and accessibly written by an experienced teacher of the subject

The Organization of African Unity , The political and spiritual affinity felt by black peoples may date back centuries but it was first formalized in Africa by a series of conferences at the beginning of the twentieth century In the postwar struggle for independence Africanness became a potent force Later in the early 1960s the flood of newly independent African states adopted a Pan African ideal in their common struggle against the remaining colonial and white dominated territories on the continent The launch of the Organization of African Unity OAU in 1963 was an impressive achievement by any standards and many commentators cited in this bibliography recognize this adding that the OAU s survival for thirty years is even more astonishing Overall however assessments of the OAU s activities have not been positive Lack of unanimity among member states has weakened the OAU s ability to deal with disputes While critical of OAU s ineffectiveness most writers marvel at the organization s resilience over three decades While Central and Eastern Europe fragment Africa is still represented by one organization with annual meetings continuing to be held and attended by foreign ministers prime ministers and presidents Chapters in this original and comprehensive bibliography include Literature on the OAU General Assessments The OAU in African Politics and The OAU in World Politics There are also extensive indexes of authors titles and subjects regarding the OAU Organization of African Unity is a critical resource for political scientists historians and Africa area specialists seeking to understand a changing continent

Studies in the Economic History of Southern Africa Z.A. Konczacki, Jane L. Parpart, Timothy M. Shaw, 2014-01-14 First Published in 1990 Volume Two of Studies of Economic History of South Africa looks at the Lesotho and Swaziland regions The unfolding history and historiography of Southern Africa pose profound challenges for both analysis and praxis in the last decade of the twentieth century These challenges are reflected in the range of investigations

and contradictions some of which are treated here which together constitute an intellectual and political conjuncture This collection of studies deals with the countries which were not included in the companion book on the economic history of the Front Line States Most of the space in the present volume is devoted to South Africa primarily because of its importance to the region but also because contributions to the economic history of that country in English are very extensive as compared to the other states of Southern Africa

Nation-Building, Propaganda, and Literature in Francophone Africa Dominic Thomas, 2002-11-19 What characterizes the relationship between literature and the state Should literature serve the needs of the state by constructing national consciousness espousing state propaganda and molding good citizens Or should it be dedicated to a different kind of creative social endeavor In this important book about literature and the politics of nation building Dominic Thomas assesses the contributions of Francophone African writers whose works have played a key role in the recent transition to democracy in the Congo Exploring the works of Sony Labou Tansi Henri Lopes and Emmanuel Dongala among others Thomas highlights writers intimately involved with government and politics whether in support of the state's vision or with the intention of articulating a more open view of citizens and society Focusing on themes such as collaboration reconciliation identity history and memory

Nation Building Propaganda and Literature in Francophone Africa elaborates a broader understanding of the circumstances of African colonization modern African nation state formation and the complex cultural dynamics at work in Africa since independence

Security, Reconstruction, and Reconciliation Muna Ndulo, 2007-01-24 This key text brings together a team of leading contributors to address the complex issues of security reconciliation and reconstruction in post conflict societies

Security Reconstruction and Reconciliation is organized into four main sections the social political and economic dimensions of conflict the impact of conflict on women and children reconstruction and past human rights violations disarmament demobilization reintegration post war reconstruction and the building of a capable state and the role of the international community in the peace process The chapters offer a detailed and succinct exposition of the challenges facing post conflict societies by articulating the vision of a new society With a foreword by Francis Deng the UN Secretary General's Special Representative on Internally Displaced Persons the authors discuss the issues in the context of possible solutions and lessons learnt in the field This new book is a valuable resource for researchers policy makers and students in the fields of conflict resolution security studies law and development

United Nations Peacekeeping in the Post-Cold War Era John Terence O'Neill, Nick Rees, 2005-10-05 This study examines whether peacekeeping fundamentally changed between the Cold War and Post Cold War periods focusing on contrasting case studies

of the Congo Cyprus Somalia Angola Sierra Leone and East Timor **Achieving Inclusionary Governance: Advancing Peace and Development in First and Third World Nations** Terrence Paupp, 2021-10-01 This work shows that not only is inclusionary governance possible but that the essential legal foundation is already in place all that is required is the compliance of nations with their obligations under international human rights law and the centuries old nation state dominated war oriented balance of power will be gone forever Achieving Inclusionary Governance is an essential starting point for any study or project that aims to pursue in today's globalized environment the democratic tradition on its historically mandated way to realizing the political civil and socioeconomic rights of all people Published under the Transnational Publishers imprint **Handbook of the Sociology of the Military** Giuseppe Caforio, 2007-07-23 Never before has there been so extensive a collection of what has been thought said and written about the sociology of the military This accessible handbook is the first of its kind to delve into the sociological approach to the study of the military This book is compiled of documents coming from various researchers at universities around the world as well as military officers devoted to the sector of study Covered in this volume is a historical excursus of studies prior to contemporary research interpretive models and theoretical approaches developed specifically for this topic civic military relations including issues surrounding democratic control of the armed forces military culture professional training conditions and problems of minorities in the armed forces an examination of the structural change within the military over the years including new duties and functions following the Cold War This book is ideal for scholars of the subject as well as those coming to the sociology of the military for the first time **Peace Agreements and Civil Wars in Africa , U.S. Counterterrorism in Sub-Saharan Africa** Donovan C. Chau, 2008 **The Churches and Ethnic Ideology in the Rwandan Crises, 1900-1994** Tharcisse Gatwa, 2005 The African Charter on Human and Peoples' Rights Volume 2 Nat Rubner, 2023 Landmark study of the African Charter on Human and Peoples Rights Documents on one side the international community's inability to foist a human rights system upon Africa and on the other the process within the OAU now African Union that eventually brought it into being and determined its content The African Charter on Human and Peoples Rights ACHPR which was proposed in 1979 adopted in 1981 and came into effect in 1986 was the first non Western declaration of human rights and the first official statement of an African human rights perspective With Africa largely absent in 1948 when the Universal Declaration of Human Rights UDHR was adopted it stands in stark historical reproach to the Western conception of universal human rights as a pivotal document in the decolonisation of the continent This book for the first time presents a comprehensive account of the development of the ACHPR which is key to a proper understanding of its fundamental nature Through documenting its process of construction it becomes possible to understand how Africans themselves understood the process and the issues involved and how the ACHPR became a political text asserted by African leaders and not a continuum of a so called universal human rights tradition The result is a radical repositioning of the underlying context of the ACHPR one of the

most important documents in modern African history of how it came to be and how it should therefore be understood Volume 2 describes the process through which the ACHPR came into being Analysing the role of Western governments the UN and NGOs it shows that contrary to the prevailing view of African human rights commentators their influence was limited and at times counter productive That in fact the formulation of the ACHPR was a profoundly political process that was primarily a product of an African desire to instigate its own human rights perspective as a counter to the human rights universalism advanced by the Western post war human rights tradition *U.S. Counterterrorism In Sub-Saharan Africa: Understanding Costs, Cultures, And Conflicts* Donovan C. Chau, 2012-08-04 Sub Saharan Africa SSA has never been the centerpiece of U S foreign and defense policy Yet the current struggle between the United States and its allies against terrorist groups and individuals motivated by Islamic extremism thrusts SSA forward as a front in the global conflict The author asks centrally what is the most effective long term approach to U S counterterrorism in SSA By comparing views in Washington DC with perspectives from SSA he assesses that a fundamental and dangerous misunderstanding of SSA may be leading U S policy astray Recommending a new grand strategic approach to U S counterterrorism policy he suggests urgently educating a future generation of analysts officers and policymakers on SSA whose interest must match their knowledge and understanding Bulletin of the Atomic Scientists , 1985-09
