AROUND THE WORLD IN 80 DAYS

Jules Verne

An illustration depicting a scene from the novel 'Around the World in 80 Days'. On the left, Captain Nemo, an elderly man with a white beard and a captain's hat, is at the ship's wheel. He is wearing a dark uniform and has a stern expression. To his right, Jean Passepartout, a Frenchman with a mustache wearing a blue top hat and a matching coat, is leaning over the side of the ship. He is holding a small, round, mechanical device in his hand, which appears to be a clock or a timer. The ship's interior is made of wood, and the background shows a dark, stormy sea with rain falling. The overall style is that of a classic book illustration.

Children's Books in Print, 2007, 2006 *Before Austen Comes Aesop* Cheri

Blomquist, 2021-05-10 *Before Austen Comes Aesop* presents an in depth examination of the Children's Great Books that is the literature that has made the most profound impact on the lives of children throughout Western history. In addition to its invaluable chronological list of titles from ancient times to the present, the book provides both students and their parents the guidance they need to read leisurely or study formally the Children's Great Books at home. The book's premise is that children often do not spend enough time with the literature written or adapted for them before diving into adult works. An experienced teacher, the author argues that children benefit in many ways from lingering longer over literature created for them. The Children's Great Books list includes the classic works that while not written strictly for children were orally passed on to them for generations and are foundational for understanding Western culture. These works include Greek and Roman fables, myths, and epics, European legends, sagas, folk stories, and fairy tales, and the Bible. The list also includes the acclaimed works written specifically for children beginning in the age of the first printing presses and continuing into the late twentieth century. Additionally, acknowledging the changes in children's literature that have occurred since the mid 1960s, the author provides helpful information for discerning which contemporary influential books are appropriate or perhaps inappropriate for one's children. She also includes several appendices that are useful for the study of literature at both the elementary and the secondary levels.

Bookless in Baghdad Shashi Tharoor, 2011-10-11 Shashi Tharoor is once again at his provocative best. In the title essay, we learn the steep price paid by some Iraqis just to obtain a book: what does it mean when selling books essentially selling culture out of one's own library is the only way to put bread on the table? Later, Tharoor reminisces about

growing up with books in India and the central position of classics like the Mahabharata in developing his own literary identity The poignant homage to Chilean poet Pablo Neruda recalls his incendiary deathbed challenge as an oppressive military regime invaded his home There is only one thing of danger for you here my poetry The defining features of today's world Tharoor writes of the global stage are the relentless forces of globalization the same forces used by the terrorists in their macabre dance of death and destruction His astute views on Salman Rushdie India's love for P G Wodehouse Rudyard Kipling Aleksandr Pushkin John le Carr V S Naipaul and Winston Churchill make for fascinating reading His insightful takes on Hollywood and Bollywood will intrigue even the most demanding cinephile Together these thirty nine pieces reveal the inner workings of one of today's most eclectic writers
