## **Arrogant Armies Great Military Disasters And The Generals Behind Them:**

*Arrogant Armies* James Moorhead Perry, 2005      **Arrogant Armies** James M. Perry, 2008-05-02 Nothing goes wrong quite so dramatically as a disastrous military expedition from the Introduction ARROGANT ARMIES Spanning more than two hundred years of martial adventurism aggression and outright blundering *Arrogant Armies* chronicles the profoundly misguided and utterly calamitous military expeditions of the great empire builders and overconfident expeditionary forces From colonial America to South Africa from Mesopotamia to Khartoum an extraordinary number of presumably superior armies grievously underestimated native forces Using contemporary newspaper accounts military memoirs diaries of soldiers who fought in the battles and other firsthand letters and papers noted journalist James Perry brings a sense of urgency and immediacy to these historic defeats At times devastating at times hilarious his vast panorama of human folly is peopled by frightened soldiers zealous native resistance and of course a colorful gallery of arrogant often inept officers Many of them received their ultimate comeuppance in these battles Generals Edward Braddock Charles MacCarthy William R Shafter Charles Vere Ferrers Townshend Charles Chinese Gordon William George Keith Elphinstone Manuel Fernandez Silvestre and others What is most remarkable about *Arrogant Armies* is the cumulative power of these ironic encounters Black humor brutality staggering incompetence and genuine drama come together with devastating force In *Arrogant Armies* Perry casts a sharply critical eye on what he describes as the small wars what Kipling called the savage wars of peace It is fascinating history and a compelling commentary on politics and the dark side of the human race its deadly preoccupation with war As one of our nation's top political reporters Jim Perry has covered his share of political disasters Now he has turned his skills to this sad but brilliant chronicle of military disasters In the process he has produced a classic Sander Vanocur The History Channel Jim Perry has long been one of America's great political reporters This has been perfect training to write this marvelous book *Arrogant Armies* Having covered more than a few contemporary political disasters Perry is able to brilliantly often hilariously capture the worst military blunders of the past several hundred years These fiascoes span the globe from the Middle East to Southeast Asia to Haiti and chronologically from the eighteenth to the twentieth century There are common characteristics commanders afflicted with drunkenness debauchery arrogance and often just plain stupidity With vitality a sense of irony and history Jim Perry gives you a battle side seat at these debacles Albert R Hunt Executive Washington Editor Wall Street Journal Jim Perry has done in *Arrogant Armies* what he has always done He has told us stories we haven't heard before He has explored an unmined vein of history with enthusiasm skill and style History buffs will delight in *Arrogant Armies* I'm not so sure however about the generals Roger Mudd The History Channel      **Army**, 1995

**Smashing the Liquor Machine** Mark Lawrence Schrad, 2021 When most people think of the prohibition era they think of speakeasies gin runners and backwoods fundamentalists railing about the ills of strong drink In other words in the popular imagination it is a peculiarly American event Yet as Mark Lawrence Schrad shows in *Smashing the Liquor Machine* the

conventional scholarship on prohibition is extremely misleading for a simple reason American prohibition was just one piece of a global wave of prohibition laws that occurred around the same time Schrad s counterintuitive global history of prohibition looks at the anti alcohol movement around the globe through the experiences of pro temperance leaders like Thomas Masaryk founder of Czechoslovakia Vladimir Lenin Leo Tolstoy and anti colonial activists in India Schrad argues that temperance wasn t American exceptionalism at all but rather one of the most broad based and successful transnational social movements of the modern era In fact Schrad offers a fundamental re appraisal of this colorful era to reveal that temperance forces frequently aligned with progressivism social justice liberal self determination democratic socialism labor rights women s rights and indigenous rights By placing the temperance movement in a deep global context he forces us to fundamentally rethink all that we think we know about the movement Rather than a motley collection of puritanical American evangelicals the global temperance movement advocated communal self protection against the corrupt and predatory liquor machine that had become exceedingly rich off the misery and addictions of the poor around the world from the slums of South Asia to central Europe to the Indian reservations of the American west Unlike many traditional dry histories *Smashing the Liquor Machine* gives voice to minority and subaltern figures who resisted the global liquor industry and further highlights that the impulses that led to the temperance movement were far more progressive and variegated than American readers have been led to believe

**Reader's Guide to Military History** Charles Messenger,2013-10-31 This book contains some 600 entries on a range of topics from ancient Chinese warfare to late 20th century intervention operations Designed for a wide variety of users it encompasses general reviews of aspects of military organization and science as well as specific wars and conflicts The book examines naval and air warfare as well as significant individuals including commanders theorists and war leaders Each entry includes a listing of additional publications on the topic accompanied by an article discussing these publications with reference to their particular emphases strengths and limitations

[On Campaign Against Fort Duquesne](#) Douglas R. Cubbison,2015-06-24 During the Seven Years War Sir John St Clair served as Deputy Quartermaster General with British General Edward Braddock s disastrous campaign to capture Fort Duquesne at the Forks of the Ohio in 1755 St Clair had great responsibilities during the campaign and was the first Deputy Quartermaster General in North America s history History has laid a litany of blame at Braddock s feet he was old slow logistically naive a martinet poorly versed in tactics uninterested in his soldiers welfare and unwilling to cooperate with the colonists Based on a new transcription of St Clair s correspondence this comprehensive study of Braddock s logistics offers a radical reinterpretation of the general and his campaign The author also presents an examination of St Clair s role as quartermaster during Brigadier General John Forbes subsequent and successful campaign against Fort Duquesne in 1758

**New Fourth Army** Gregor Benton,1999 An exhaustively researched and definitive study of the Communist New Fourth Army which drove the Nationalists from the mainland

*Ignorance* Peter Burke,2023-02-14 A rich wide ranging history of ignorance in all its forms from antiquity to the

present day A Seminary Coop Notable Book of 2023 Ignorance A Global History explores the myriad ways in which not knowing affects our lives sometimes for good sometimes for ill Michael Dirda Washington Post Throughout history every age has thought of itself as more knowledgeable than the last Renaissance humanists viewed the Middle Ages as an era of darkness Enlightenment thinkers tried to sweep superstition away with reason the modern welfare state sought to slay the giant of ignorance and in today's hyperconnected world seemingly limitless information is available on demand But what about the knowledge lost over the centuries Are we really any less ignorant than our ancestors In this highly original account Peter Burke examines the long history of humanity's ignorance across religion and science war and politics business and catastrophes Burke reveals remarkable stories of the many forms of ignorance genuine or feigned conscious and unconscious from the willful politicians who redrew Europe's borders in 1919 to the politics of whistleblowing and climate change denial The result is a lively exploration of human knowledge across the ages and the importance of recognizing its limits [ADA](#),1996 [Air Defense Artillery](#) ,1997 *Natural Security* Raphael D. Sagarin, Terence Taylor, 2008-02 Written with the aim of breaking down barriers between disparate disciplines in order to create more responsive and effective strategies Natural Security provides a new lens through which to explore the ancient and ever present problem of how to maintain security in an unpredictable complex and dangerous world BOOK JACKET *Air University Library Index to Military Periodicals* ,1999 [Modern Military Geography](#) Francis Galgano, Eugene J. Palka, 2012-02-06 This book of contributed chapters by subject matter expertly provides an overview and analysis of salient contemporary and historical military subjects from the military geographer's perspective Factors of geography have had a compelling influence on battles and campaigns throughout history however geography and military affairs have gained heightened attention during the past two decades and military geography is the discipline best situated to explain them Hence the premise of this book and its contents are founded on the principle that geographical knowledge of space place people and scale provide essential insights into contemporary security issues and promotes the idea that such insight is critical to understanding and managing significant military problems at local regional and global scales *Atlantic Politics, Military Strategy and the French and Indian War* Richard Hall, 2016-06-28 1755 marked the point at which events in America ceased to be considered subsidiary affairs in the great international rivalry that existed between the colonial powers of Great Britain and France This book examines the Braddock Campaign of 1755 a segment of the wider Braddock Plan that aimed to drive the French from all of the contested regions they occupied in North America Rather than being an archetypal military history styled analysis of General Edward Braddock's foray into the Ohio Valley this work will argue that British defeat at the infamous Battle of the Monongahela should be viewed as one that ultimately embodied military political and diplomatic divergences and weaknesses within the British Atlantic World of the eighteenth century These factors in turn hinted at growing schisms in the empire that would lead to the breakup of British North America in the 1770s and the birth of the future United States Such an interpretation moves away

from the conclusion so often advanced that Braddock's Defeat was a distinctly and principally British martial catastrophe hence allowing the outcome of this pivotal event in American history to be understood in a different vein than has hitherto been apparent *Custer, the Seventh Cavalry, and the Little Big Horn* Mike O'Keefe, 2012-11-20 Since the shocking news first broke in 1876 of the Seventh Cavalry's disastrous defeat at the Little Big Horn fascination with the battle and with Lieutenant George Armstrong Custer has never ceased Widespread interest in the subject has spawned a vast outpouring of literature which only increases with time This two volume bibliography of Custer literature is the first to be published in some twenty five years and the most complete ever assembled Drawing on years of research Michael O Keefe has compiled entries for roughly 3 000 books and 7 000 articles and pamphlets Covering both nonfiction and fiction but not juvenile literature the bibliography focuses on events beginning with Custer's tenure at West Point during the 1850s and ending with the massacre at Wounded Knee in 1890 Included within this span are Custer's experiences in the Civil War and in Texas the 1873 Yellowstone and 1874 Black Hills expeditions the Great Sioux War of 1876 77 and the Seventh Cavalry's pursuit of the Nez Perces in 1877 The literature on Custer the Battle of the Little Big Horn and the Seventh Cavalry touches the entire American saga of exploration conflict and settlement in the West including virtually all Plains Indian tribes the frontier army railroading mining and trading Hence this bibliography will be a valuable resource for a broad audience of historians librarians collectors and Custer enthusiasts Military Geoscience Peter L. Guth, 2020-01-28 This book is a collection of papers presented at the 11th International Conference of Military Geoscience that was held in 2015 The conference included discussion on a diverse range of geosciences including military history military geology teaching geology from a military prospective geological influence on the battlefield and environmental and cultural issues related to management of military lands Geology and geography have played a significant role in military history from providing the stone for primitive tools and weapons to the utilization of terrain in offensive and defensive strategies Specific to this volume deserts comprise nearly a third of the Earth's surface and have been the site of numerous battles where the dust heat and a lack of food and water have provided challenges to military leaders and warriors This book examines the role of deserts in past and modern warfare the problems and challenges in managing military lands in desert regions and how desert environmental conditions can impact military equipment and personnel This proceedings volume should be of interest to scholars professionals and those interested in military history warfare geology geography cultural resources general science and military operations

**Action at Badama Post** Paul Macro, 2019-02-19 A thrilling account of the rescue of RAF crewmen after their aircraft crashes in Afghanistan in 1919 This is the story of an unknown incident during the little known Third Afghan War An aircraft from the No 20 Squadron RAF was lost while investigating gathering tribesman The crew were rescued and most of the aircraft was recovered by the Kurram Militia and the 22nd Battery Motor Machine Gun Service It was an all arms action the lives of two airmen were saved at the cost of an Indian Militiaman and an unknown number of Afghan tribesmen It also

illustrates the experience of a virtually unknown group of soldiers the 22nd Battery of the Motor Machine Gun Service They had volunteered to serve as Motor Machine Gunners in France had been through an intense competitive and sometimes costly selection process and had now suddenly found themselves dispatched half way round the globe to the heat dust snows and monsoons of India and the North West Frontier This book examines the conflict s background the Kurram Militia the history of the squadron and the lives of the key players While this was not the only action the 22nd Battery of the Motor Machine Gun Service fought during the Third Afghan War this one was recorded in the account of A Sjt Ernest Bill Macro who was in charge of the section of 22nd Battery dispatched to Badama Post in late July 1919 This is his story and the stories of the other men for whom the climax of their experience in the Third Afghan War came during the action at Badama Post

The Court-Martial of Captain John Armstrong Ellen Denning Smith,2022-07-17 John Armstrong was destined to be a humble farmer on the Pennsylvania frontier until the American Revolution changed his life Rising from private soldier to an officer in the Continental Army he later served in the First American Regiment forerunner of the U S Army that was tasked to facilitate the settlement of the Northwest Territory He endured the fledgling army s growing pains was selected for a covert operation in Spanish territory to explore the Missouri River and fought Native Americans in two disastrous military campaigns The army subsequently evolved into a successful fighting force despite its second in command s quest to destroy the career of its commander Maj Gen Anthony Wayne Armstrong became an unwitting pawn in a treacherous game crafted by Brig Gen James Wilkinson of whom Theodore Roosevelt once wrote He had no conscience and no scruples In all our history there is no more despicable character Rebuilding his life in Ohio and Indiana Armstrong became a noted government official militia officer land speculator and pioneer **Is This a Private Fight or Can Anybody Join?** Zachary C.

Shirkey,2016-05-06 Some countries join interstate wars well after the war has begun waiting months and often years and thus changing their beliefs about the wisdom of entering a war This volume examines why this might be so focusing on unforeseen events in wars which cause neutral players to update their expectations about the trajectory of the war therefore explaining why some wars spread while others do not The author uses a combination of case studies and statistical analysis to test this theory the Crimean War the Franco Prussian War World War I and a study of the spread of war since World War II Designed for courses on and research into war and other international security issues this book is a must read **Wars Of Imperial Conquest** Bruce Vandervort,2015-01-28 First Published in 1998 The aim of this book is to examine the origins and conduct of colonial warfare in Africa in the late nineteenth century as far as possible from the perspectives both of the European invaders and the African resisters and in the process to demonstrate the impact both immediate and long term of these wars upon the societies political structures and military theory and practice of both victors and vanquished Vandervort has written this book with the student and general reader in mind scholarly apparatus has been kept to a minimum The book which follows takes as its point of departure the belief that we have now reached a point in our understanding of the military

history of the partition of Africa where it is possible to begin to draw some meaningful general conclusions

The book delves into Arrogant Armies Great Military Disasters And The Generals Behind Them. Arrogant Armies Great Military Disasters And The Generals Behind Them is a vital topic that needs to be grasped by everyone, from students and scholars to the general public. The book will furnish comprehensive and in-depth insights into Arrogant Armies Great Military Disasters And The Generals Behind Them, encompassing both the fundamentals and more intricate discussions.

1. This book is structured into several chapters, namely:
    - Chapter 1: Introduction to Arrogant Armies Great Military Disasters And The Generals Behind Them
    - Chapter 2: Essential Elements of Arrogant Armies Great Military Disasters And The Generals Behind Them
    - Chapter 3: Arrogant Armies Great Military Disasters And The Generals Behind Them in Everyday Life
    - Chapter 4: Arrogant Armies Great Military Disasters And The Generals Behind Them in Specific Contexts
    - Chapter 5: Conclusion
  2. In chapter 1, the author will provide an overview of Arrogant Armies Great Military Disasters And The Generals Behind Them. This chapter will explore what Arrogant Armies Great Military Disasters And The Generals Behind Them is, why Arrogant Armies Great Military Disasters And The Generals Behind Them is vital, and how to effectively learn about Arrogant Armies Great Military Disasters And The Generals Behind Them.
  3. In chapter 2, the author will delve into the foundational concepts of Arrogant Armies Great Military Disasters And The Generals Behind Them. This chapter will elucidate the essential principles that must be understood to grasp Arrogant Armies Great Military Disasters And The Generals Behind Them in its entirety.
  4. In chapter 3, the author will examine the practical applications of Arrogant Armies Great Military Disasters And The Generals Behind Them in daily life. The third chapter will showcase real-world examples of how Arrogant Armies Great Military Disasters And The Generals Behind Them can be effectively utilized in everyday scenarios.
  5. In chapter 4, the author will scrutinize the relevance of Arrogant Armies Great Military Disasters And The Generals Behind Them in specific contexts. The fourth chapter will explore how Arrogant Armies Great Military Disasters And The Generals Behind Them is applied in specialized fields, such as education, business, and technology.
  6. In chapter 5, this book will draw a conclusion about Arrogant Armies Great Military Disasters And The Generals Behind Them. The final chapter will summarize the key points that have been discussed throughout the book.
- The book is crafted in an easy-to-understand language and is complemented by engaging illustrations. It is highly recommended for anyone seeking to gain a comprehensive understanding of Arrogant Armies Great Military Disasters And The Generals Behind Them.

## **Table of Contents Arrogant Armies Great Military Disasters And The Generals Behind Them**

1. Understanding the eBook Arrogant Armies Great Military Disasters And The Generals Behind Them
