Between the Real and the Ideal Susan M. Dixon, 2006 This book examines the Accademia degli Arcadi in its heyday a little known phenomenon in Italian history in the first part of the eighteenth century The Roman academy aimed for a peninsula wide cultural renewal induced by literary reform Operating within a papal court society it eschewed extant patronage systems and social hierarchies and introduced enlightened ideas to its members By about 1730 the Arcadi was on the wane the reform largely unmet It was an easy target for critics both its proponents and opponents in part because of the visible role it assigned to women By attending to the institution's policies this book provides a rich understanding of the Arcadi's goals It locates the organization's interest in theater including the physical environment of the theatrical drama as central to its operations It is argued that like a stage set the Bosco Parrasio the garden that the Arcadi built for its literary presentations is a visual manifestation of Arcadian goals

The Spiritual Rococo Gauvin Alexander Bailey, 2017-07-05 A groundbreaking approach to Rococo religious art and spirituality in Europe and South America The Spiritual Rococo addresses three basic conundrums that impede our understanding of eighteenth century aesthetics and culture Why did the Rococo ostensibly the least spiritual style in the pre Modern canon transform into one of the world's most important modes for adorning sacred spaces And why is Rococo still treated as a decadent nemesis of the Enlightenment when the two had fundamental characteristics in common This book seeks to answer these questions by treating Rococo as a global phenomenon for the first time and by exploring its moral and spiritual dimensions through the

lens of populist French religious literature of the day a body of work the author calls the Spiritual Rococo and which has never been applied directly to the arts The book traces Rococo's development from France through Central Europe Portugal Brazil and South America by following a chain of interlocking case studies whether artistic literary or ideological and it also considers the parallel diffusion of the literature of the Spiritual Rococo in these same regions placing particular emphasis on unpublished primary sources such as inventories One of the ultimate goals of this study is to move beyond the cliché of Rococo's frivolity and acknowledge its essential modernity Thoroughly interdisciplinary The Spiritual Rococo not only integrates different art historical fields in novel ways but also interacts with church and social history literary and post colonial studies and anthropology opening up new horizons in these fields *British Bulletin of Publications on Latin America, the Caribbean, Portugal, and Spain*, 2002
