who are one of China's minority nationalities and culturally Central Asian Muslims. The book draws on Uyghur and Chinese language publications, interviews with musicians and musicologists, field archive and commercial recordings, and aims towards an understanding of the Twelve Muqam as musical repertoire juxtaposed with an understanding of the Twelve Muqam as a field of discourse. The book brings together several years' work in this field, but its core arises from a research project under the auspices of the AHRC Centre for Music Performance and Dance.

Low Rider, 1996 **The Penguin Cassette Guide** Edward Greenfield, Robert Layton, Ivan March, 1979 **Jazz Player**, 1994 **Do You Believe in the Power of Rock & Roll?** John Robb, 2023-04-27

Do You Believe in the Power of Rock Roll is a history of alternative rock from John Robb with the music still ringing in his ears. This collection follows John's journey from the late 1970s when he was first caught up in punk's high octane thrill to the present day via the early days of the rave scene, the birth of electronic and techno, and myriad bands that spun off on their own idiosyncratic paths. John was the first person to write about Nirvana; he coined the term Britpop and he documented the Stone Roses' rise out of Manchester before anyone else was interested. He was at every pivotal gig and has interviewed every key player in the business, including Jordan, the queen of punk, founding father of new American rock Steve Albini, goth rock guitarist Daniel Ash, infamous Oasis co-founder Noel Gallagher, and music greats like Lemmy and Poly Styrene. Few others have witnessed first hand so many important moments of the last forty years of rock history. Here they come together to form the essential history of a personal quest to document the ever-changing soundtrack of the modern world.
