Containment Culture Alan Nadel,1995-11-20 Alan Nadel provides a unique analysis of the rise of American postmodernism by viewing it as a breakdown in Cold War cultural narratives of containment These narratives which embodied an American postwar foreign policy charged with checking the spread of Communism also operated Nadel argues within a wide spectrum of cultural life in the United States to contain atomic secrets sexual license gender roles nuclear energy and artistic expression Because these narratives were deployed in films books and magazines at a time when American culture was for the first time able to dominate global entertainment and capitalize on global production containment became one of the most widely disseminated and highly privileged national narratives in history Examining a broad sweep of American culture from the work of George Kennan to Playboy Magazine from the movies of Doris Day and Walt Disney to those of Cecil B DeMille and Alfred Hitchcock from James Bond to Holden Caulfield Nadel discloses the remarkable pervasiveness of the containment narrative Drawing subtly on insights provided by contemporary theorists including Baudrillard Foucault Jameson Sedgwick Certeau and Hayden White he situates the rhetoric of the Cold War within a gendered narrative powered by the unspoken potency of the atom He then traces the breakdown of this discourse of containment through such events as the Bay of Pigs invasion and the Free Speech Movement at Berkeley and ties its collapse to the onset of American postmodernism typified by works such as *Catch 22* and *The Man Who Shot Liberty Valence* An important work of cultural criticism *Containment Culture* links atomic power with postmodernism and postwar politics and shows how a multifarious national policy can become part of a nation s cultural agenda and a source of meaning for its citizenry **The American West** ,1984 *Mormons and Popular Culture* J.
