Laughter R. A. Lafferty, 2016-01-29 There have always been the Twenty One Pillars of Rectitude who sustain the World Seven Saints to insure the sanity of the world Seven Technicians to insure its correct mechanical working and Seven Scribbling Giants to write its scenarios and histories The Saints and Technicians were always in plentiful supply But not so the Scribbling Giants So when Atrox Fabulinus the greatest of the Scribbling Giants was most foully murdered with his own nine foot long goose feather quill the World staggered with the collapse of its most sustaining pillar Then the remaining Scribbling Giants all of them very old and tired cried out for replacements so they could go to their restful deaths This is the story of how the World at the uneven changing of its supporting pillars staggered and reeled It is also the story of the Group of Twelve an Group remarkable for its creativity and elegance and how it set out to sustain the World in its new days of tottering terror Whether the Group will be successful indeed whether they have been successful remains to be answered on

2020 Michel Houellebecq, 2022-03-02 The death of God in the West was the prelude to a metaphysical soap opera that continues to this day Christianity's masterstroke was to combine a fierce belief in the individual with the promise of eternal participation in the Absolute When that dream evaporated various attempts were made to offer the individual a minimum of being The latest of these attempts is advertising which seeks to arouse desire and transform the subject into a docile phantom doomed to follow advertising's every whim But like all previous attempts this superficial participation in the world fails and unhappiness and depression continue to spread We can all produce a cold revolution in ourselves however by stepping outside the flow of information and advertising We need to take some time out unplug the television turn off our smartphones stop buying stuff and adopt an aesthetic attitude to the world We just need to stay still for a few seconds This is one of the key themes developed by Michel Houellebecq in this collection of his texts and interviews from the last three decades Here he explains and elaborates his point of view discusses his novels and addresses a wide range of topics from politics religion and literature to suicide euthanasia and paedophilia An indispensable book for anyone interested in the work of one of the most widely read and controversial novelists of our time *Serpent's Egg* R. A. Lafferty, 2016-01-29 It was the End of Summer of the year 2035 The Global Village that was the World was ruled by a Kangaroo Court of Compassionate Aldermen who ordered assassinations when it was deemed to be for the common good As a sign of their openness they were always experimenting to find new ways of looking at the World Most of these experiments would fail some of them would succeed to an extent and others would succeed only too well and so would have to be crushed in the shell for the good of the World The Lynn Randal Experiment raised three children together almost from infancy Of these three Lord Randal was human though somewhat enhanced and tampered with Axel belonged to the gargoyle faced Golden People God believes they are the most beautiful creatures he ever made a theologian said and there will be hell to pay when he finds out that we don't agree And the third child was Inneal who often elicited the comment she's really something different isn't she Yes she was All of these were super mega persons which meant that they might be able to change the world itself But why did they begin to change the Ocean first When these three were just short of ten years old they were merged with children of three other experiments and formed with them a Magic Dozen Immediately they began to have an astonishing effect on the World And the fate of the children themselves hung in the balance Was the experiment too successful Was their effect on the World too

dangerous Would their group be as other groups had been adjudged to be a Serpent s Egg that had to be crushed in the shell for the good of the world The Three Days of Summerset the End of Summer would give the answer Aurelia R. A. Lafferty,2016-04-28 Aurelia was a fifteen year old girl from a very advanced world She d passed Starship building easily enough but she d slept through most of celestial navigation That was how she ended up on a little back water dump like Earth where her advanced powers seemed like miracles Some thought she was the Messiah Some thought she was the Devil No one was prepared for the truth Lafferty in Orbit R. A. Lafferty,2016-04-28 The stories contained in this volume demonstrate the unique and unpredictable imagination style and vision that earned R A Lafferty the 1990 World Fantasy Award for Lifetime Achievement **Sindbad, The Thirteenth Voyage** R. A. Lafferty,2016-01-29 As Harun lay dying here on Kentauron Mikron all untimely still in his golden youth he whispered a word to me that he would use if he were born again It is the meaningless but neurologically magic word Baghdad It has since become the name of one of those mirage cities one of those cloud cities that travellers sometimes report seeing I have learned today that its meaning in Old Kentauron is The Last City Built By Magic
