Art As Abstract Machine:

Art as Abstract Machine Stephen Zepke, 2014-02-04 The aim of this book is to understand what Deleuze and Guattari mean by art Stephen Zepke argues that art in their account is an ontological term and an ontological practice that results in a new understanding of aesthetics For Deleuze and Guattari understanding what art is means understanding how it works what it does how it becomes and finally how it lives This book illuminates these philosophers discussion of ontology from the viewpoint of art and vice versa in a thorough questioning of aesthetic criteria as they are normally understood **Art as Abstract Machine** Stephen Zepke, Lisa Yun Lee, 2005 The aim of the book is to understand what Deleuze and Guattari mean by art Stephen Zepke argues that art in their account is an ontological term and an ontological practise that results in a new understanding of aesthetics *Abstract Machines* Garin Dowd, 2007 Abstract Machines Samuel Beckett and Philosophy after Deleuze and Guattari is an innovative approach to the relationship of the work of Samuel Beckett to philosophy The study seeks to combine intertextual analysis and a schizoanalytic genealogy derived from the thought of Gilles Deleuze and Felix Guattari to explore a becoming philosophy of Beckett s literary writing The author focuses on zones of encounter and confrontation spaces and times of becoming between Beckett selected philosophers and Deleuze and Guattari In the retrospective glance occasioned by that part of Deleuze and Guattari s complex legacy which embraces their interest in the author Beckett s writing in particular effectuates a threshold hesitation which can be seen directly to impact on their approach to the history of philosophy and on their contribution to its molecularization in the name of experimentation Abstract Machines with its arresting perspectives on a wide range of Beckett s work will appeal to academics and postgraduate students interested in the philosophical echoes so evident in his writing The extent of its recourse to philosophers aside from Deleuze and Guattari including notably Alain Badiou renders it a timely and provocative intervention in contemporary debates concerning the relationship of literature to philosophy both within Beckett studies and beyond

important but neglected part of British cultural and political history In *Anarchist Seeds beneath the Snow* David Goodway seeks to recover and revitalize that indigenous anarchist tradition This book succeeds as simultaneously a cultural history of left libertarian thought in Britain and a demonstration of the applicability of that history to current politics Goodway argues that a recovered anarchist tradition could and should be a touchstone for contemporary political radicals Moving seamlessly from Aldous Huxley and Colin Ward to the war in Iraq this challenging volume will energize leftist movements throughout the world
