whatever most clients will pay for my services And so my firm Telemarketing Consulting Services was born In the beginning I had no idea what to charge so I decided to charge just slightly more than what I made as a telemarketer 6 66 per hour Again I was 21 I didn't know nuthin Pretty soon I was signing up everything from contractors to janitorial services to computer based companies After awhile my clients referred their clients to me For a long while I couldn't keep up with demand What I enjoyed most was the diversity in clientele No two clients were the same and the ironic part was that I was working in industries that I knew nothing about Insurance graphic design printing it didn't matter Over the years I was pretty content to simply handle the clients and make the money I had given myself substantial raises since that first year until one of my clients had some specific interest in learning how to do what I do So he hired me to train not only himself but also his staff Naturally I charged more for this service I finally started to wise up and became a consultant Along the way I began to realize yet again that there was a great many people looking for information in a written form Some of them were already clients and others were simply interested in learning the art of setting the appointment So once again necessity being the mother of invention The Telemarketing Newsletter was born This became a real way for me to get information across to the masses satisfy a long standing dream of mine publishing and maybe pick up a few extra clients along the way Telemarketing News became a monthly resource of information to get the tools on needed without signing up for a lengthy and costly telemarketing seminar And while the Getting Attention Susan Y Kohl,2012-05-23 Getting Attention Leading Edge Lessons for Publicity and Marketing is a savvy and innovative guide to getting your message heard in today's dynamic and noisy markets It's an insider's look at what works and what doesn't in the fast paced high tech world of communications You'll learn to leverage a spectrum of new and often free technologies not only the Internet to distinguish your product or service and reach customers and influencers Getting Attention reveals how to tailor a message for a specific or multiple media so that it has the best chance of reaching and informing your target market And most importantly the book features countless guerrilla tactics for achieving the publicity and marketing results you need without spending a lot of money You'll learn how to blend innovative and traditional promotional techniques and create programs that build customer relationships and bolster your bottom line Gain the real world success secrets from leading marketing visionaries from the non profit entertainment government and corporate high tech fields Whether you're a PTA volunteer a manager at a start up company or the head of a Fortune 1 000 corporate communications department Getting Attention can help you successfully position your product or service for success **The Instant Entrepreneur** Ranford Neo,2014-10-09 Always wanted to be an entrepreneur but never had the guts to do it Had thoughts of starting your own business for the longest time but did not because you do not know where to start Look no further The Instant Entrepreneur is the perfect solution to this problem With simple proven strategies that are guaranteed to work for you all the time in any venture this is a perfect book for aspiring entrepreneurs or individuals who have plans to start their own business This book is not meant to be read in just on sitting but to be used as a practical
