Once they have learnt these fundamental concepts, the student can work through the unit relevant to their Year level. Year 3 children having trouble with fractions should start at Unit 1. Year 4 children having trouble with equivalent fractions or decimals should start at Unit 2. Year 5 children having trouble with mixed fractions and equivalent fractions should start at Unit 3. Year 6 children who require revision of fractions, decimals and percentages should complete Unit 4. The activities in all units of this book reflect current classroom practice. There is a strong emphasis on understanding as new concepts are introduced. Children's confidence will grow as they complete the practice examples. In this book your child will find 8 self-contained carefully graded units, Hundreds of practice exercises, Quick questions and revision pages to stay in touch with previous work, Diagnostic and mastery tests to measure student's knowledge, A lift out answer section.
