**Sigmund Freud's Writings** Alexander Grinstein, 1977      **The Basic Writings of C.G. Jung** C. G. Jung, 1990 Originally published New York Random House 1959      **Rereading Freud** Jon Mills, 2012-02-01 Rereading Freud assembles eminent philosophical scholars and clinical practitioners from continental pragmatic feminist and psychoanalytic paradigms to examine Freud s metapsychology Fundamentally distorted and misinterpreted by generations of English speaking

commentators Freud's theories are frequently misunderstood within psychoanalysis today This book celebrates and philosophically critiques Freud's most important contribution to understanding humanity that psychic reality is governed by the unconscious mind The contributors focus on several of Freud's most influential theories including the nature and structure of dreams infantile sexuality drive and defense ego development symptom formation feminine psychology the therapeutic process death and the question of race In so doing they shed light on the ontological commitments Freud introduces in his metapsychology and the implications generated for engaging theoretical clinical and applied modes of philosophical inquiry

*Personology* Irving E. Alexander, 1990 How can we know what another human being is like in some meaningful dynamic way Can we distill the signature like features of an individual personality What is the relationship between personal experience and our attempts to describe the person who has that experience This work by a highly respected senior psychologist is an effort to answer these questions Irving E Alexander presents a case for considering the personal narrative of a human life as the most compelling aspect of that life to be decoded and understood In part a critique of an exclusive reliance on general theories about the development of personality and ways of knowing based primarily on comparison with others *Personology* is illustrated with material drawn from the lives personal writings and theories of Freud Jung and Sullivan Alexander develops new insights into the lives of these men and offers methods and guidelines for investigating and teaching personology and psychobiography

*Handbook of Psychobiography* William Todd Schultz, 2005-07-07 Brings together the world's leading psychobiographers writing on many of the major figures of our age from Osama Bin Laden to Elvis Presley This book addresses the subject of how to construct a psychobiography It provides useful definitions of good and bad psychobiography and discusses an optimal structure for psychobiographical essays

**Confessions of a Regressionist** Barbara H. Pomar, 2012-05 For the past thirty five years Dr Barbara Pomar has guided her clients on journeys into their past lives *Confessions of a Regressionist* presents both her personal account of her work with clients working to reverse past decisions to change the present and future and the theories behind the practice For some the very existence of past lives let alone the ability to reconnect with them is a point of spirited debate Even so Dr Pomar has helped many to come to their own conclusions about the validity of this technique Now she guides readers on using her techniques to live more fully or mold their destinies She also discusses theories on why and how past life regression is possible If you've ever struggled with how the possibility of past life regression fits within your faith Dr Pomar offers advice on how to evaluate your conflict If you are a regressionist Dr Pomar's work can help you realize that by helping your client you also help past and future generations as well If you've ever considered meeting with a regressionist Dr Pomar explains how this sort of experience can help you live more fully in the present with joy confidence and prosperity by releasing or neutralizing memories of harmful events

*Freud (RLE: Freud)* Reuben Fine, 2013-10-08 In this book originally published in 1963 Dr Fine sets out to describe what Freud said and to re-evaluate his views critically in the light of the best

knowledge of the time Freud's numerous changes of view his constant searching for the truth wherever it might lead him as well as his resolute adherence to certain hard won positions once he had achieved them are all skilfully traced Freud's intellectual Odyssey is divided into four periods From 1886 to 1895 he was a neurologist investigating hysteria and other nervous disorders Then came his self analysis from 1896 to 1899 the real matrix from which psycho analysis grew The first psycho analytic system of psychology was developed in the period from 1900 to 1914 The remainder of his life from 1914 to 1939 was devoted to the elaboration of ego psychology and heart of contemporary psycho analysis Dr Fine undertook in writing this book the formidable task of examining the whole body of Freud's thought to clarify what he said and to review his ideas critically in the light of the best available existing knowledge As he says In this process of criticism I have tried to specify which aspects of Freud have stood the test of time and which have not So far as I can see no one has ever before taken the trouble to ask What did Freud actually say How does what Freud said stand up in terms of what we now know In answering these questions Dr Fine develops a major thesis that all modern psycho analysis derives from Freud though it has moved far in many different directions The contention is that emphasis on schools is misleading and has obscured the actual historical growth of the science As he states in his Preface to this volume Dr Fine's conviction is By building on Freud's fundamental insights we can move on most readily to empirical research and thus construct a more satisfactory science of psychology

**Freud on Interpretation** Robert W Rieber, 2012-02-02 This book presents new insights into Freud's famous discovery of the unconscious and the subsequent development of psychoanalytic theories The authors explore the original context in which these ideas arose and the central debate about mind as matter or something that transcends matter In the course of this examination it is demonstrated that Freud was influenced not only by the 19th century scientific milieu but also by ancient cultures While it is known that Freud was an avid collector of ancient artifacts and generally interested in these older cultures this book systematically investigates their profound effect on his thinking and theorizing Two major influences Egyptian mythology and Jewish mysticism are analyzed in terms of similarities to Freud's emerging ideas about the mind and its diseases To further this line of investigation Bakan supplies an illuminating discussion of what it means to interpret Taken from the viewpoint that interpretation involves an u

**Dark Academe** Jeffrey R. Di Leo, 2024-04-27 This book argues that a critical understanding of dark academe is vital to the futures of democracy and education Drawing upon contemporary literary and cultural theory particularly affect theory queer epistemology and critical race theory as well as critiques of capitalism and accounts of the death drive it builds a case for identifying dark academe as anything that prohibits the pursuit of democratic education and critical citizenship It also argues that dark times require a reassessment of the ways theory and knowledge are approached in the humanities This is necessary if the aim is to truly understand the darkness at the heart of the higher education today Dark academe works to negate education and learning by continuously telling us that the quest for knowledge is empty and the pursuit of critique is blind In this educational darkness the death drive of neoliberal academe

becomes a force that works against intellectual transformation and the deepening of critical sights **Trauma, History, Philosophy (With Feature Essays by Agnes Heller and György Márkus)** Murray Noonan, Matthew Sharpe, 2009-03-26 In the age of the war on terror and what one critic has called disaster capitalism the topic of trauma has assumed renewed cultural relevance Trauma Historicity Philosophy is a collection of essays by Australian philosophers psychoanalysts and cultural theorists on the genealogy semantics and relevance of the concept of trauma in the contemporary world The collection features two essays by Agnes Heller and Gyorgy Markus addressing trauma and what psychoanalysis elevation of trauma to cultural centrality means and has meant for modern philosophy and social theory Other essays address 911 cyber terrorism the shoah political tyranny the end of history and engage with the thought of Kierkegaard Schmitt Hobbes Derrida Agamben Badiou Zizek Lacan and Freud A'aisa's Gifts Michele Stephen, 2023-09-01 Filled with insight provocative in its conclusions A'aisa's Gifts is a groundbreaking ethnography of the Mekeo of Papua New Guinea and a valuable contribution to anthropological theory Based on twenty years fieldwork this richly detailed study of Mekeo esoteric knowledge cosmology and self conceptualizations recasts accepted notions about magic and selfhood Drawing on accounts by Mekeo ritual experts and laypersons this is the first book to demonstrate magic's profound role in creating the self It also argues convincingly that dream reporting provides a natural context for self reflection In presenting its data the book develops the concept of autonomous imagination into a new theoretical framework for exploring subjective imagery processes across cultures Filled with insight provocative in its conclusions A'aisa's Gifts is a groundbreaking ethnography of the Mekeo of Papua New Guinea and a valuable contribution to anthropological theory Based on twenty years fieldwork this richly detailed study of Mek
