The Bastard Hero in the Novel Margaret Bozenna Goscilo,1990 **The Bastard Hero in the Novel** Margaret Bozenna Goscilo,1986 **The Bastard Hero in the Novel** Margaret Bozenna Goscilo,1984 The Bastard's Weapon Joseph M. Orlando,2006-07-18 In this second novel in the Gloucester Trilogy John Palermo battles his way through emotional and professional conflicts in this gripping tale by acclaimed author Joseph M Orlando Having lost his beloved wife Connie John struggles with life as a single father His emotions are palpable as he wrestles with his devotion to his lost wife duty to his children and his burgeoning feelings for a new woman Professionally John takes on the case of his nemesis Captain Joe Amalfi who is found floating in a life raft alone in the icy Atlantic when his fishing boat sinks with his crew still aboard Amalfi's emotional turmoil after this event is one challenge among many to John's struggle to help the widows and children of the men on Amalfi's boat many of whom were John's boyhood friends As Amalfi's condition worsens John seeks to unravel the mystery of what happened on the boat that terrible day sparking a gripping courtroom battle filled with surprise twists and turns and an ending that John could never have predicted *The Bastard's Weapon* takes the reader on an emotional roller coaster from beginning to end all set among the beautiful fishing community of Gloucester Massachusetts It is a novel for any reader who is intrigued by the power of love the fight of the righteous and the true human drama played out each day in the courtrooms of America *Homoplot* Esther Saxey,2008 *Homoplot* analyses the lesbian gay and bisexual coming out story in fiction and autobiography from the late 1960s to the present day These stories are recognised as an invaluable record of lesbian gay or bisexual life However this book illuminates their equally vital role as active tools in the arduous project of creating gay lesbian and bisexual identities constructing the identities they seem to describe *Homoplot* shows how a popular twist of the plot or a single common character trait can be a powerful intervention into sexual politics Approaching these texts with the tools of queer criticism the book celebrates their success but also illuminates their chief problem how the need to create concrete sexual identities has often narrowed the range of queer experiences represented Despite the ongoing popularity of coming out stories this is the first book length study of the genre *Homoplot* surveys hundreds of examples including in depth readings of authors such as Jeanette Winterson Dorothy Allison Rita Mae Brown Oscar Moore Paul Monette and Aaron Fricke and provides an incisive account of the genre's defining features The book is essential reading for anyone considering queer literature or lesbian gay and bisexual identity in the twentieth century and beyond Researchers and students considering life history and autobiography will also benefit from its analysis of feminist and queer politics Bachelors, Bastards, and Nomadic Masculinity Robert Fagley,2014-11-19 *Bachelors Bastards and Nomadic Masculinity* is firstly a thematic exploration of bachelor figures and male bastards in literary works by Guy de Maupassant and Andr Gide The coupling of Maupassant and Gide is appropriate for such an analysis not only because of their mutual treatment of illegitimacy but also because each writer represents varieties of bachelors and bastards from disparate social classes and

subcultures each writing during contiguous moments of socio legal changes particularly related to divorce law and women s rights which consequently have great influence on the legal destiny of illegitimate or natural children Napoleon s Civil Code of 1804 provides the legal patriarchal framework for the period of this study of illegitimacy from about 1870 to 1925 The Civil Code saw numerous changes during this period The Naquet Law of 1884 which reestablished limited legal divorce represents the central socio legal event of the turn of the century in matters of legitimacy whereas the Franco Prussian War of 1870 and the First World War furnish chronological bookends for this book Besides through history law and sociology this book treats illegitimacy through the lens of various branches of gender and sexual theory particularly the study of masculinities and a handful of other important critical theories most importantly those of Michel Foucault Eve Sedgwick Todd Reeser Charles Stivale and Gilles Deleuze and F lix Guattari Bachelors and bastards are two principal players in the representation of illegitimacy in Maupassant and Gide but this study considers the theme of illegitimacy as extended beyond simple questions of legitimate versus illegitimate children The male bastard is only one of the Counterfeit characters examined in these authors fictional texts This book is divided into three parts which consider specific thematic elements of their bastard narratives Part One frames the representation in fiction of bachelor figures and how they contribute to or the roles they play in instances of illegitimacy Part Two springs from and develops the metaphor of the counterfeit coin whether represented by a bastard son an affected schoolboy a false priest or a pretentious litt rateur Part Three explains the concept of nomadic masculine practices such practices include nomadic styles of masculinity development as well as the bastard s nomadism

Bastards and Foundlings Lisa Zunshine,2005 In this compelling interdisciplinary study of what has been called the century of illegitimacy Lisa Zunshine seeks to uncover the multiplicity of cultural meanings of illegitimacy in the English Enlightenment Bastards and Foundlings pits the official legal views on illegitimacy against the actual everyday practices that frequently circumvented the law it reconstructs the history of social institutions called upon to regulate illegitimacy such as the London Foundling Hospital and it examines a wide array of novels and plays written in response to the same concerns that informed the emergence and functioning of such institutions By recreating the context of the national preoccupation with bastardy with a special emphasis on the gender of the fictional bastard foundling Zunshine offers new readings of canonical texts such as Steele s *The Conscious Lovers* Defoe s *Moll Flanders* Fielding s *Tom Jones* Moore s *The Foundling* Colman s *The English Merchant* Richardson s *Clarissa* and Sir Charles Grandison Burney s *Evelina* Smith s *Emmeline* Edgewort s *Belinda* and Austen s *Emma* as well as of less well known works such as Haywood s *The Fortunate Foundlings* Shebbeare s *The Marriage Act* Bennett s *The Beggar Girl* and Her Benefactors and Robinson s *The Natural Daughter*

Masculinities in Twentieth- and Twenty-first Century French and Francophone Literature Edith Biegler Vandervoort, 2011-05-25 The study of masculinities and gender identity in contemporary literature is relatively new and with each year of this millennium gains momentum Indeed as the women's movement becomes forceful in developing nations the question of tolerance to gays lesbians bisexuals and transvestites undergoes a similar process At a time when women refuse to be subjected to war crimes when they begin entering the workforce and realize the need to support their families independently and when they refuse to remain in abusive marriages or remain silent in countries where governments ignore their needs men and women are questioning the meaning of gender in their culture and often seek alternatives to established gender roles In some countries this entails organized demonstrations for additional civil rights while in others the expression of sexual freedom remains a question of remaining silent or risking public execution Thanks to the scholarly commitment of its authors this book examines the range of masculine expression on three continents Europe Africa and the Americas In this collection they write about men's past and present challenges male friendships and male immigrants and outcasts Paralleling the independence movement of France's former colonies the goal of this collection is to continue the expression of freedom toward understanding and tolerance of all variances of sexuality

The Subject in Crisis in Contemporary Chinese Literature Rong Cai, 2004-05-31 Post Mao China produced two parallel discourses on the human subject in the New Era 1976-1989 One was an autonomous Enlightenment humanist self aimed at replacing the revolutionary paragon that had dominated under Mao The other was a more problematic subject suffering from either a symbolic physical deformity or some kind of spiritual paralysis that undermines its apparent normalcy How do we explain the stubborn presence in the literature of the 1980s and 1990s of this crippled agent who fails to realize the humanist autonomy envisioned by post Mao theorists What are the anxieties and tensions embedded in this incongruity and what do they reveal This illuminating and original critical study of the crippled subject in post Mao literature offers a detailed textual analysis of the work of five well known contemporary writers Han Shaogong Can Xue Yu Hua Mo Yan and Jia Pingwa The author investigates not only the literary characters within the texts but also their creators' real subjects in history Chinese writers whose own agency was being tested and established in the

search for a new subjectivity She argues that reenacting the Maoist legacy the literary search failed to provide a viable model for a postrevolutionary China In addition the deficiency and inadequacy of the subject cannot always be contained in the Communist past a history to be transcended in the design of modernity after Mao The representation of the problematic subject thus punctured post Mao optimism and foreshadowed the eventual abandonment of the move to rethink subjectivity in the 1990s By diving beneath the euphoria of the 1980s and the confusion and frustration of the 1990s these critical readings offer a unique perspective with which to gauge the complexity of China s quest for modernity and a fuller understanding of the self s multifaceted experience in the post Mao era **Discovering Modern Horror Fiction II** Darrell
