Ford,2024-09-18 The Great Flood was the worst catastrophe to ever affect the human race it nearly destroyed all life on Earth It is an event that is universally remembered in religion mythology and cultural lore world wide yet factual

records and physical evidence of it seem to be lacking In fact though there are many records but most are written in the universal and timeless languages of mathematics and geometry which are to be found recorded in the stones of many of the most celebrated ancient structures around the world is has preserved the records but it has made them difficult to access and interpret After all they were written by astronomers who saw in the heavens the catastrophe that was about to befall the Earth And they knew that only through mathematics and geometry could they transmit their knowledge of this event to the generations that they hoped and believed would follow them in the ages to come is is no idle curiosity concerning an event that occurred so long ago that it is largely irrelevant to the present event that caused this world wide catastrophe will return one day with the same devastating results And as before all life on Earth will be at risk with mass die offs and the distinct possibility that there may not be a recovery and all life will come to an end Here then is what they wrote *Dreams of the Thinker* William Waldo,2013-03-22 A college philosophy professor known only as the Thinker tells how he converted from atheism to Christianity and has a series of dreams about the creation corruption of mankind world flood catastrophe confusion at the Tower of Babel the birth of Jesus Christ His crucifixion and the prophetic end times tribulation judgments and consummation of mankind to his Creator as revealed to the Apostle John The dreams tell a brief biblical history of mankind from Genesis to Revelation When Jesus Christ returns for His church will you be among them or left behind to endure the trials of the tribulation When Jesus Christ returns at the end of the tribulation will He find faith in the Earth

Scientism: A New World Dream Greg Heard,2023-04-28 In *Scientism A New World Dream* the author delves into the rise of left brain dominance in Western culture and its impact on our understanding of the world The author argues that this shift has led to a more distanced and factual approach akin to the denatured view of science and the emergence of scientism Through examination of cultural movements throughout history the author suggests that this mindset has resulted in a disregard for actual fact checking and a reliance on ideas over reality leading to the prevalence of fake news and opinions This book provides a thought provoking examination of the impact of scientism on our society and raises important questions about the nature of truth and reality **Laughter From The Sky & The Triumph Of A Dream** Oni Edeko,2018-06-04 *The Triumph Of A Dream* is about a king or a ruler who tries his best to satisfy his people after promising them a blissful life before he was elected as the ruler of the kingdom During his reign however his subjects witness the most difficult time in their lives Was he really the cause of their unending problems The king weeps silently as he knows that he can't alleviate the suffering of his people He then has a dream In the dream his kingdom flourishes Everybody praises him for the golden era The king dances royally in the dream As his friend knocks at the door he wakes up and faces the reality of his troubled days *Laughter From The Sky* is a satire about modern day prophets especially in the poverty stricken African countries Everybody is looking for the ways to survive That is why there are prophets everywhere They promise prosperity to all their church members God sees them and laughs *Freedom Dreams* Robin D.G.
