TERRA: Return of the Divine Feminine Keith David Henry,2009-08-14 The world today is faced with the gravest dilemmas of all time Every major system is beginning to disintegrate This global phenomenon is happening across social political financial religious environmental and moral lines The artificially masculine that contrived patriarchal and oligarchic paradigm in which we currently live is in large part responsible for this breakdown This book the third in the series examines the role that the renewed respect for and acceptance of the Divine Feminine integrated with the true Divine Masculine will play during this age It also delves into the science and esotery behind the Mayan calendar our progression of consciousness as a species and their implications for humanity s post 2012 existence as our solar system moves into the next 26 000 year Mayan calendar astronomical cycle known commonly as the Aquarian Age Dream Power Cynthia Richmond,2002-01-10 Ever since the first person woke up yawning and stretching from the first sleep dreams have intrigued humankind At some point all of us have been mystified or terrified or delighted by a vivid dream and we all wonder what do our dreams mean In her inspiring book *Dream Power* Los Angeles Times dream columnist Cynthia Richmond draws on her experience as a therapist and dream counselor to show us how to harness the power of our dreams and make our life goals come true Understanding our dreams can give us a huge advantage in all facets of life Richmond demonstrates in work love health and spirituality By listening to what your subconscious mind and your spirit tell you through your dreams she predicts you will have all the tools you need to achieve the life you want But before we can interpret our dreams and change our lives we need to learn how to remember them and so *Dream Power* begins with a simple tutorial in the art of recall After providing us with practical step by step techniques for gaining access to our dream lives Richmond then charts the landscape of dream themes and their rich perplexing meanings Most of us have dreams that fall into certain important categories dreams of departed loved ones schools and tests flying water public nudity and sex Analyzing more than 200 real life dreams some from celebrities such as Jane Seymour and Kelsey Grammer Richmond reveals the common themes symbols and meanings that run throughout them Our dreams express universal hopes and fears and these Richmond explores with warmth and insight But

she also takes traditional dream interpretation an important step further showing us how to transform our insights into life changing opportunities To understand our dreams fully she insists we must look deep into our hearts and souls and ask What do we want out of our lives What are we afraid of and what do we love Who are we The answers to these questions will come to us in our sleep if we recognize the wisdom and truth of the dream world Every one of us has a lesson to learn and a gift to offer to the world Richmond declares The wisdom of those lessons can help us make powerful changes in our spiritual social professional and romantic lives As Cynthia Richmond shows us with authority and inspiration the path to a better life is only a dream away

Yours Very Truly Gareth Knight Gareth Knight,2010 Selected letters of occult author Gareth Knight written over a period of forty years and to over seventy different people These include learned discourse with academics exchanges of strange experiences with esoteric colleagues and advice to seekers trying to find their path The letters reveal extraordinary entertaining and personal details of the life and work of a contemporary occultist One fault of many occult students is to read too much all too often the new student is so interested in reading the latest thing that he never gets round to actually doing any of it I suppose you can at least feel what it is like to be a lone voice crying in the wilderness I think even John the Baptist in time would have packed up his traps said Sod it or Sod them and gone home maybe to start a locust and wild honey farm Your remark that the devil works by compromise and subtlety is altogether too glib a simplification He works equally well through uncompromising principles very often The thing that bothers me though is your preoccupation with the insinuations of the devil which seems at times to verge on old maid s insanity I get the impression I hope wrongly that I stand a good chance of being cast in the role of the serpent offering the poisoned or forbidden fruit
