dream to the next and try to help him find his way back to his real life He is a police detective in one dream a WWI fighter pilot in another He also is the commander of a moon base in still another dream The characters not only change occupations but also eras in time and age groups The longer he stays in these dream worlds the more unstable he becomes mentally By the end you might ask yourself if what you are reading is real or just a dream But you will never know until you finish the book or will you
