Dreams & Reality Simon S. Godfrey,2003 Dreaming is a universal phenomenon Nearly everybody dreams and is anxious to know what it means Perhaps no other human experience has aroused so much interest and curiosity as this alien visitation that forces itself upon us without warning during the dead of sleep Since antiquity thousands of books and articles have been written to shed some light on this mysterious and often unwelcome nightly visitor Despite tremendous work in this field the riddle remains unsolved Still no satisfactory answers have been provided to these basic questions Why do we dream What are dreams about Where do they come from How can

we understand them This book is significantly different from those of others in this area as the answers presented are not the author's own views they are largely his dreams answers to the questions just posed Instead of speculation this author a psychologist by profession has put forward what his own dreams have consistently and persistently revealed to him over the past thirty years Since 1973 he has recorded over 100 000 dreams filling some 230 journals of 200 pages each The length of the dreams varies greatly some consist of a single word or phrase others fill a page or more This book is written to share with others what the author has gained from his journey into the dreamworld and from his long and patient analysis of this vast number of dreams Three conclusions have been drawn from this investigation 1 Dreams are not caused by repressed sexual wishes somatic sources impressions of the preceding days or other mundane instigators as claimed by Freud and his followers 2 Dreams do have a supernatural source as pronounced by many writers through the ages and 3 Through dreams this supernatural source reveals to us who we really are brings to light who He is and invites us to lead our own lives sensibly and purposefully Using his own dreams as illustrations the author addresses a wide variety of topics relating to the domain of dreams including Are dreams a source of creativity Why do some of us have frequent nightmares Can we control the content of our dreams Why are dreams so cryptic How can we decipher our dream symbols to understand their meanings Do characters in our dreams refer to persons we know of or do they stand for components of our own identity How should we understand the verbal contents of our dreams Can dreams guide us as to how we should conduct our lives Is the reality we experience during our dreams more dependable or the one we experience in waking life The main purpose of the book is to elucidate that dreams are trustworthy teachers In the realm of growth and self discovery we must regard as suspect whatever we learn from others however wise and well meaning But whatever is conveyed to us directly through dreams is credible since it emanates from within us and is free from inconsistencies and adulterations Our major challenge is to understand the symbolic language used by the wise guide we have within *Beyond Accompaniment* William A.

Nordenbrock, 2011-02-01 When a community experiences a fracture in its communal life what tools can be used to foster reconciliation How can right relationship be restored when there is conflict in the Body of Christ In *Beyond Accompaniment* William Nordenbrock proposes the use of a process that is based in the theory of Appreciative Inquiry as a ministerial method to guide a community from brokenness to communion His practical application of this process in his work with St Agatha Catholic Church in Chicago A community whose pastor had been accused and convicted of sexually abusing minors in the parish Will be beneficial for communities experiencing conflict of any kind Nordenbrock helps us focus on the positive aspects of our communities in order to discover that our redemption and reconciliation with God won for us by Christ is inseparable from the reconciliation and communion that Christians are to live with one another William A Nordenbrock CPPS is an ordained member of the Missionaries of the Precious Blood He is on staff at the Precious Blood Ministry of Reconciliation in Chicago pbmr.org Nordenbrock has served his congregation in a number of administrative roles and is
