Dreams Are Another Set of Muscles David Shaddock,1987 *Building Your Dream Muscle* Lorinda

Krance-Brown,2018-07-27 Building Your Dream Muscle is a lifelong process that collaborates desire with the synergy of gratitude and faith to manifest the reality of dreams come true The author shares from her journal over a one year span the diverse challenges that the reader may experience while implementing the process to achieve their dreams At a pivotal time in the author s life she prayerfully sought the answers to the questions What is my purpose Why do some experience so much success while others continuously struggle Why is God not helping me What am I doing so wrong With every prayer for answers came enlightenment through a spiritual mentor a book a song a message and then through writing letters to the father Experiential faith is a personal process through enlightenment With the ability to laugh at herself the author shares her very own kind of humor along with the moments of complete loss of hope The dream muscle work out transformed through the testing of hypothesis to refine the ability to literally do the impossible The author has a proven record of successes including selling her home beyond repair for cash in less than twenty four hours the purchase of a new van with modifications purchasing a home that was fully wheelchair accessible receiving full scholarship and funding to return to college and complete a bachelor s degree The single mother of three changed her life and is sharing the story to encourage others that are prayerfully seeking the answer to how they too can make dreams come true The reader will be empowered with the steps and encouragement to change their life They will realize their unlimited power to create How long does it take to change your life As long as it takes to think your next thought , The intellect, with an appendix on language
