Dreams In Greek Tragedy An Ethno Psycho Analytical Study

Kevin Sean Whetter

Dreams In Greek Tragedy An Ethno Psycho Analytical Study:

Dreams in Greek Tragedy George Devereux, 1976-01-01 **Dreams and Dream Reports in the Writings of Josephus** Robert Karl Gnuse, 1996 This volume evaluates the understanding of dreams and the form of dream reports in Josephus writings and it compares Josephus texts with ancient Near Eastern biblical and Hellenistic dream reports to discern Josephus sources of literary inspiration and intellectual assumptions The Religious Dreamworld of Apuleius' Metamorphoses James Gollnick, 2006-01-01 Apuleius Metamorphoses is probably best known as the literary source for the myth of Eros and Psyche and as a primary source of information about mystery religions in the ancient world There is another realm of the Metamorphoses which has until now received relatively little attention namely the many dreams found within it The Religious Dreamworld of Apuleius Metamorphoses offers an engaging portrait of the second century dreamworld Recognizing the centrality of the religious function and spiritual interpretation of dreams this book illustrates their vital importance in the ancient world and the wide variety of meanings attributed to them James Gollnick draws deeply from historical and psychological studies and provides a historical background on the current interest in the role of dreams in psychological and spiritual transformation This study of Apuleius Metamorphoses adds to an appreciation of Apuleius the dreamer and the second century dreamworld in which he lived and wrote *Taking Her Seriously* Richard Heitman, 2005 An innovative new analysis of the Odyssey's most influential female character **Mythical Narratives in Stesichorus** Sofia Carvalho, 2021-11-08 The mythical narratives of Stesichorus provide the earliest surviving examples of poetic production in the Greek West This book illustrates how Stesichorus reshaped Greek epic to create a remarkably innovative type of lyric poetry a literature that was particularly expressive in its handling of motifs associated with travel such as the voyages of heroes their returns home and their escapes This comprehensive survey of Stesichorus treatment of myth discusses his engagement with Homer and Hesiod his powerful and often moving means of characterisation his subtle treatment of narrative and his elaboration of emotional episodes unprecedented in archaic Greek lyric poetry All Greek is translated making the book accessible to anyone with an interest in one of the great poets of archaic Greece whose work had such an impact on the later genre of tragedy **The Master of Signs** Alexander Hollmann, 2011 In Herodotus's Histories almost anything is capable of being invested with meaning human speech gifts markings and even the human body This book represents an unprecedented examination of signs and their interpreters as well as the terminology Herodotus uses to describe sign transmission reception and decoding **Playing Gods** Andrew M Feldherr, 2010-08-16 This book offers a novel interpretation of politics and identity in Ovid's epic poem of transformations the Metamorphoses Reexamining the emphatically fictional character of the poem Playing Gods argues that Ovid uses the problem of fiction in the text to redefine the power of poetry in Augustan Rome The book also provides the fullest account yet of how the poem relates to the range of cultural phenomena that defined and projected Augustan authority including spectacle theater and the visual arts Andrew

Feldherr argues that a key to the political as well as literary power of the *Metamorphoses* is the way it manipulates its readers awareness that its stories cannot possibly be true By continually juxtaposing the imaginary and the real Ovid shows how a poem made up of fictions can and cannot acquire the authority and presence of other discursive forms One important way that the poem does this is through narratives that create a double vision by casting characters as both mythical figures and enduring presences in the physical landscapes of its readers This narrative device creates the kind of tensions between identification and distance that Augustan Romans would have felt when experiencing imperial spectacle and other contemporary cultural forms Full of original interpretations *Playing Gods* constructs a model for political readings of fiction that will be useful not only to classicists but to literary theorists and cultural historians in other fields Presocratic Reflexivity: The Construction of Philosophical Discourse C. 600-450 B.C. Barry Sandywell, 2002-11 In this third volume of *Logological Investigations* Sandywell continues his sociological reconstruction of reflexive thought with reference to pre Socratic philosophy and science and their socio political context Advances in Nonverbal Communication Fernando Poyatos, 1992-01-01 This volume on nonverbal communication studies the most multi and interdisciplinary contribution to this field in almost twenty years offers numerous suggestions for further research in many hitherto unexplored areas The twenty contributions include the most recent theoretical and empirical crosscultural studies of gestures from historical communicative and sociopsychological perspectives In addition the volume presents novel psychological and clinical studies of nonverbal behaviors in connection with for instance aphasias and children s experience of artificial limbs A whole section is devoted to nonverbal communication in literature and literary translation and a discussion of art and literature which opens new avenues for literary analysis and a better understanding of reading as a recreational experience A unique feature is a discussion of Nonverbal Communication Studies as an academic area including detailed outlines of three current courses complemented by an extensive bibliography **Achilles in Love** Marco Fantuzzi, 2012-12-20 Tracing the escapades of Achilles erotic history whether in same sex or opposite sex relationships this book explains how these relationships were developed and revealed or elided and concealed in the writing and visual arts following Homer *American Anthropology and Company* Stephen O. Murray, 2013-06-01 Explores the connections between anthropology linguistics sociology psychology and history in essays on the history of anthropology and allied disciplines **The Absent One** Susan L. Cole, 2010-11-01 Here is presented a new theory of the origins of tragedy based on its perceived kinship with mourning ritual Mourners and tragic protagonists alike journey through dangerous transitional states confront the uncanny express themselves in antithetical style and above all enact their ambivalence toward their beloved dead Elements common to both tragedy and mourning ritual are first identified in actual Chinese African and Greek funerary rites and then analyzed in tragedies by Aeschylus Sophocles Shakespeare Racine Ibsen O'Neill Miller Beckett and Ionesco Included is a firsthand account of exploration of the tragedy mourning link in the rehearsal process of the great experimental theater director

Joseph Chaikin Opening her first chapter Dr Cole says The grave is the birthplace of tragic drama and ghosts are its procreators For tragedy is the performance of ambivalence which ghosts emblemize what we fear in particular the revenant the ghost returning to haunt us is also what we desire the extending of life beyond the moment of death Homer and the Poetics of Hades George Alexander Gazis,2018 This unique approach to the Iliad and the Odyssey explores the role and function of Hades as a poetic environment in which traditional exposition of heroic values may be subverted in favour of a more personally inflected approach to the epic past giving rise to a different kind of poetics the poetics of Hades

Decoding the Osirian Myth Panagiota Sarischouli,2024-09-23 The earliest written references to the Osirian myth complex appeared already in the Pyramid Text spells c 2400 2300 BCE The most complete exposition of this ancient Egyptian myth is however found in the Greek treatise On Isis and Osiris in which the 2nd century CE Platonist Plutarch utilises Egyptian mythology to advocate his philosophical ideas concerning the divine and the nature of the cosmos This book aims at decoding Plutarch s narrative of the Osirian myth linking his claims to the existing Egyptian and Greek parallels It thus analyses a multitude of mythic and religious traditions from a transcultural perspective exploring the relation of the Pharaonic features of the Osirian divinities to the features they had acquired in Ptolemaic and Roman times interpreting the Egyptian myth within the overall framework of parallel mythologies from other cultures and examining whether the brief mythic stories historiolae recited in Late Egyptian ritual texts can be deployed to enrich the context of certain obscure episodes in Plutarch s account of the myth The book will be of great interest not only to scholars and students of Plutarch and later Middle Platonism but also to Egyptologists Due to its thematic variety and scope this publication will also appeal to a wider array of readers specialists and non specialists alike interested in religious syncretism interreligious connections and the challenge of multiculturalism from Hellenistic times until Late Antiquity **Bibliography of the History of Medicine** ,1979

Comparative Criticism: Volume 1, The Literary Canon Elinor S. Shaffer,Elinor Shaffer,1979-11 This is a yearbook sponsored by the British Comparative Literature Association which promotes comparative literary studies **Virginia Woolf and the Visible World** Emily Dalgarno,2007-02 In Virginia Woolf and the Visible World Emily Dalgarno examines Woolf s engagement with notions of the subject and codes of the visible Dalgarno examines how Woolf s writing engages with visible and non visible realms of experience and draws on ideas from the diverse fields of psychoanalytic theory classical Greek tragedy astronomy photography and photojournalism The solar eclipse of 1927 marks a dividing line in Woolf s career after which she portrayed the visible world in terms of light and shifted her interest from painting to photography Dalgarno offers textual analyses of Woolf s individual works including *To the Lighthouse* *The Waves* and *Three Guineas* arguing for the importance of her ongoing interest in Greek translation In later chapters she explores the theory of the subject that emerges from Woolf s representation of the visible in her autobiography **Reciprocity, Truth, and Gender in Pindar and Aeschylus** Arum Park,2023-05-22 In *Reciprocity Truth and Gender in Pindar and Aeschylus* author Arum Park explores two

notoriously difficult ancient Greek poets and seeks to articulate the complex relationship between them Although Pindar and Aeschylus were contemporaries previous scholarship has often treated them as representatives of contrasting worldviews Park's comparative study offers the alternative perspective of understanding them as complements instead By examining these poets together through the concepts of reciprocity truth and gender this book establishes a relationship between Pindar and Aeschylus that challenges previous conceptions of their dissimilarity The book accomplishes three aims first it shows that Pindar and Aeschylus frame their poetry using similar principles of reciprocity second it demonstrates that each poet depicts truth in a way that is specific to those reciprocity principles and finally it illustrates how their depictions of gender are shaped by this intertwining of truth and reciprocity By demonstrating their complementarity the book situates Pindar and Aeschylus in the same poetic ecosystem which has implications for how we understand ancient Greek poetry more broadly using Pindar and Aeschylus as case studies the book provides a window into their dynamic and interactive poetic world a world in which ostensibly dissimilar poets and genres actually have much more in common than we might think

The Manuscript and Meaning of Malory's Morte Darthur Kevin Sean Whetter, 2017 An examination of the rubricated letters in the Morte makes a convincing case for the design being by Malory himself The red ink names that decorate the Winchester manuscript of Malory's Morte Darthur are striking yet until now no one has asked why the rubrication exists This book explores the uniqueness and thematic significance of the physical layout of the Morte in its manuscript context arguing that the layout suggests and the correlations between manuscript design and narrative theme confirm that the striking arrangement is likely to have been the product of authorial design rather than something unusual dreamed up by patron scribe reader or printer The introduction offers a thorough account of not only the textual tradition of the Morte but also the ways in which scholarship to date has not done enough with the manuscript contexts of Malory's Arthuriad The book then goes on to establish the singularity and likely provenance of Winchester's rubrication of names In the second half of the study the author elucidates the narrative significance of this rubrication pattern outlining striking connections between manuscript layout and major narrative events characters and themes He suggests that the manuscript mise en page underscores Malory's interest in human character and knighthood creating a memorializing function similar to the many inscribed tombs that dominate the landscape of the Morte's narrative pages In short Winchester's design creates a memorializing tomb for Arthurian chivalry K S WHETTER is Professor of English at Acadia University Canada

Visions of the Night Kelly Bulkeley, 1999-09-16 This wide ranging exploration of the spiritual and scientific dimensions of dreaming offers new connections between the ancient wisdom of the world's religious traditions which have always taught that dreams reveal divine truths and the recent findings of modern psychological research Drawing upon philosophy anthropology sociology neurology literature and film criticism the book offers a better understanding of the mysterious complexity and startling creative powers of human dreaming experience For those interested in gaining new perspectives on dreaming the powers of

the imagination and the newest frontiers in the dialogue between religion and science Visions of the Night promises to be a welcome resource

Unveiling the Power of Verbal Artistry: An Mental Sojourn through **Dreams In Greek Tragedy An Ethno Psycho Analytical Study**

In a global inundated with monitors and the cacophony of quick connection, the profound power and emotional resonance of verbal artistry frequently fade into obscurity, eclipsed by the constant assault of sound and distractions. Yet, nestled within the lyrical pages of **Dreams In Greek Tragedy An Ethno Psycho Analytical Study**, a captivating perform of fictional beauty that pulses with natural emotions, lies an wonderful trip waiting to be embarked upon. Published by way of a virtuoso wordsmith, this mesmerizing opus courses viewers on a psychological odyssey, lightly exposing the latent possible and profound influence embedded within the delicate internet of language. Within the heart-wrenching expanse of the evocative analysis, we will embark upon an introspective exploration of the book is central subjects, dissect its interesting writing style, and immerse ourselves in the indelible impression it leaves upon the depths of readers souls.
